## **Vancouver A Visual History:**

**Vancouver** Bruce Macdonald,1992 This stunning full colour historical atlas brings to life Vancouver s first fourteen decades     Unsettling the City Nicholas Blomley,2004-06-01 Short and accessible this book interweaves a discussion of the geography of property in one global city Vancouver with a more general analysis of property politics and the city     *The Sixties* Dimitry Anastakis,2008-02 A new approach to one of the most memorable decades in recent history     *The Manly Modern* Christopher Dummitt,2011-11-01 How did one act like a modern man in postwar Canada With a great deal of difficulty During the Great Depression and Second World War many men were first out of work and then away from their families After the war came attempts to re establish the traditional gender hierarchy by emphasizing men s modernity allegedly superior rationality and ability to handle risk but the strategy had contradictory repercussions The Manly Modern Masculinity in Postwar Canada traces the history of what happened when men s supposed modernity became one of their defining features Through a series of case studies covering such diverse subjects as car culture mountaineering war veterans murder trials and a bridge collapse Christopher Dummitt argues that the very idea of what it meant to be modern was gendered A strong current of anti modernist sentiment bubbled just beneath the surface of postwar masculinity creating rumblings about the state of modern manhood that ironically mirrored the tensions that burst forth in 1960s gender radicalism The first major book on the history of masculinity in Canada The Manly Modern will appeal to scholars and students in history gender studies and cultural studies as well as to readers interested in the history and social construction of gender     Queer Ecologies Catriona Mortimer-Sandilands,Bruce Erickson,2010-07-14 Treating such issues as animal sex species politics environmental justice lesbian space and gay ghettos AIDS literatures and queer nationalities this lively collection asks important questions at the intersections of sexuality and environmental studies Contributors from a wide range of disciplines present a focused engagement with the critical philosophical and political dimensions of sex and nature These discussions are particularly relevant to current debates in many disciplines including environmental studies queer theory critical race theory philosophy literary criticism and politics As a whole *Queer Ecologies* stands as a powerful corrective to views that equate natural with straight while queer is held to be against nature     **A Brief History of History** Jeremy Black,2023-08-22 In *A Brief History of History* acclaimed historian Jeremy Black seeks to reinvigorate and redefine our ideas about history The stories we tell about the past are a crucial aspect of all cultures However while the traditional storytelling process what we think of as history in the proper sense is useful it is also misleading not least because it leads to the repetition of bias and misinformation Black suggests that the conventional idea of history and historians is constructed too narrowly as it fails to engage with the broad nature of lived experience By focusing on a singular idea or story within the history being explored we fail to understand the interconnectivity of the everyday experience *A Brief History of History* challenges accepted norms of the historical perspective and offers a view of human history that will surprise many and

perhaps infuriate some But above all it is a history of historians written for this moment in time a time when the traditional Eurocentric approach to history now appears wholly inappropriate *The West Beyond the West* Jean Barman, 2017-06-22 British Columbia is regularly described in superlatives both positive and negative most spectacular scenery strangest politics greatest environmental sensitivity richest Aboriginal cultures most aggressive resource exploitation closest ties to Asia Jean Barman's *The West beyond the West* presents the history of the province in all its diversity and apparent contradictions This critically acclaimed work is the premiere book on British Columbian history with a narrative beginning at the point of contact between Native peoples and Europeans and continuing into the twenty first century Barman tells the story by focusing not only on the history made by leaders in government but also on the roles of women immigrants and Aboriginal peoples in the development of the province She incorporates new perspectives and expands discussions on important topics such as the province's relationship to Canada as a nation its involvement in the two world wars the perspectives of non mainstream British Columbians and its participation in recreation and sports including Olympics First published in 1991 and revised in 1996 this third edition of *The West beyond the West* has been supplemented by statistical tables incorporating the 2001 census two more extensive illustration sections portraying British Columbia's history in images and other new material bringing the book up to date Barman's deft scholarship is readily apparent and the book demands to be on the shelf of anyone with an interest in British Columbian or Canadian history **Postcards from the Past** Fred Thirkell, Robert Scullion, 1996 City of Vancouver Heritage award winner 2003 *Postcards From The Past* provides a nostalgic and enlightening glimpse of Vancouver and surrounding environs during its first great decade of growth years now known as the Edwardian Era Authors Fred Thirkell and Bob Scullion have presented a collection of outstanding postcard images complemented by historical anecdotes and amusing asides Complete with maps showing the sites of the original photos this collection allows readers to gain a new perspective of a grand time and a magnificent place **Burlesque West** Becki Ross, 2009-07-25 After the Second World War Vancouver emerged as a hotbed of striptease talent In *Burlesque West* the first critical history of this notorious striptease scene Becki Ross delves into the erotic entertainment industry at the northern end of the dancers west coast tour the North South route from Los Angeles to Vancouver that provided rotating work for dancers and variety for club clientele Drawing on extensive archival materials and fifty first person accounts of former dancers strip club owners booking agents choreographers and musicians Ross reveals stories that are deeply flavoured with an era before striptease fell from grace because the world stopped dreaming in the words of ex dancer Lindalee Tracey Though jobs in this particular industry are often perceived as having little in common with other sorts of work retired dancers accounts resonate surprisingly with those of contemporary service workers including perceptions of unionization and workplace benefits and hazards Ross also traces the sanitization and subsequent integration of striptease style and neo burlesque trends into mass culture examining continuity and change to ultimately demonstrate that Vancouver's glitzy nightclub scene often condemned as a quasi legal

strain of urban blight in fact greased the economic engine of the post war city Provocative and challenging Burlesque West combines the economic the social the sexual and the personal and is sure to intellectually tantalize *The Globalization of Addiction* Bruce Alexander,2010-03-04 Addiction is increasing all around the world and the conventional remedies don t work The Globalization of Addiction argues that the cause of this failure to control addiction is that past treatments have focused too single mindedly on the afflicted individual addict This book presents a radical rethink about the nature of addiction

*Dream City* Lance Berelowitz,2010-08-24 Located at the edge of a continent and at the corresponding edge of national public consciousness Vancouver has developed in unique and unanticipated ways It is now emerging as an experiment in contemporary city making with international interest in Vancouver as a model of post industrial urbanism increasing exponentially Lance Berelowitz explores the links between the city s seductive natural setting its turbulent political history and changing civic values and its planning and design culture He also makes the startling case that Vancouver is to Canada s imagination what Los Angeles is to the American a mythologized place of endless possibilities while being grounded in an altogether more limited set of socio economic and environmental limitations *Dream City* is richly illustrated with both historical and contemporary photographs of many significant buildings and public spaces as well as specially commissioned maps that reveal the underlying patterns of growth and change of Canada s youngest metropolis **Becoming British**

**Columbia** John Belshaw,2009-07-01 *Becoming British Columbia* is the first comprehensive demographic history of British Columbia Investigating critical moments in the demographic record and linking demographic patterns to larger social and political questions it shows how biology politics and history conspired with sex death and migration to create a particular kind of society John Belshaw overturns the widespread tendency to associate population growth with progress He reveals that the province has a long tradition of thinking and acting vigorously in ways meant to control and shape biological communities of humans and suggests that imperialism race class and gender have historically situated population issues at the centre of public consciousness in British Columbia Waterfront James P. Delgado,2010 The sea and a mighty river

dominate Greater Vancouver Dramatic stories abound along its waterfront of this place its people ships and events that shaped a city a region and a nation *Waterfront* is a magnificently illustrated authoritative and lively tour of the dynamic ebb and flow between the water the surrounding land and above all the people who strove and dreamed along the waterfront Pub desc

**Merchant Prince** Betty O'Keefe,Ian Macdonald,2001 Everyone who lives in the western provinces of Canada has been affected by Alexander Duncan McRae That s why Betty O Keefe and Ian Macdonald believe the man deserves more than fleeting references in Canadian history books McRae was Vancouver s merchant prince a businessman a self made aristocrat who lorded over Hycroft the finest home on the west coast now the home of the Women s University Club The Port of

Vancouver Jim Lyon,Barbara Duggan,Vancouver Port Corporation (Canada),1993 **Vancouver** Patricia Roy,1980 This lively history of one of Canada s fastest growing cities is accompanied by over 100 historical photographs that handsomely

illustrate all aspects of the city's life from its early beginnings to the present

**The Rise of the Neighbourhood in Canada, 1880s-2020s** Richard Harris, 2025-03-31 Neighbourhoods matter now more than ever before. They sustain fewer social connections but in an era of great social inequality and high levels of immigration they have become vital as places for homeowner investment and educational opportunity for children. *The Rise of the Neighbourhood in Canada 1880s-2020s* traces the changing character and significance of Canadian urban neighbourhoods city and suburban since the 1880s. The book highlights patterns in neighbourhood life particularly noticeable in larger urban areas which are especially important for the least mobile people: workers, lower income households, immigrants, women, children and the elderly. It explores how the physical and social characteristics of neighbourhoods affect public health, crime rates, social capital and job opportunities while shaping the lifelong prospects of children. Analysing long term trends, the book examines the importance of communications technology in the context of rising inequality and immigration. It shows how, as homeownership rose, neighbourhoods became vital settings for investment increasingly financialized, reducing affordability. Using examples from all types of neighbourhoods in cities small and large from St John's through Montreal and Winnipeg to Victoria, *The Rise of the Neighbourhood in Canada* argues that the current prominence of neighbourhoods will persist.

**City Making in Paradise** Ken Cameron, Mike Harcourt, 2009-12-01 Time and again Vancouver is recognized internationally as one of the best places to live. It achieved that reputation by breaking rules and forging its own brand of North American urbanism. *City Making in Paradise* details the nine most important decisions made in the Greater Vancouver region since the 1940s. Authors Mike Harcourt and Ken Cameron themselves key players in several of these developments, reveal the political machinations, the ideological struggles and the personal commitment that lay behind each one. By tracing today's successes back to their roots, they illustrate their central theme: that cities are the result of the daily choices we make as leaders, activists and citizens.

*Cross-Cultural Caring, 2nd ed.* Nancy Waxler-Morrison, Joan M. Anderson, Elizabeth Richardson, Natalie A. Chambers, 2011-11-01 As North America's ethnic populations increase, health care and social service workers are recognizing that in order to provide culturally sensitive and effective treatment programs, they must be more aware of the particular needs of their ethnic patients. This newly revised edition of *Cross Cultural Caring: A Handbook for Health Professionals* describes Vietnamese, Cambodian and Laotian, Chinese, Japanese, Iranian, South Asian and Central American ethno-cultural groups. It stresses the need to understand both the cultural beliefs and the daily life concerns facing immigrants, such as work, income, child rearing and aging, all of which impinge on health. Reflecting the questions health professionals most often ask about immigrant groups, each chapter describes one ethno-cultural community, discussing such issues as childbirth, mental illness, dental care, hospitalization and death, as well as home country culture, common reasons for emigrating and challenges in adjusting to a new culture. This new edition provides up-to-date statistics and fresh analysis responding to changing trends in immigration. Additional material includes a new chapter addressing the special circumstances of refugees, short real life

stories of immigrants and refugees experiences and a thorough easy to use index Canadian Holy War Ian Macdonald, Betty O'Keefe, 2011-02-01 Scottish nursemaid Janet Smith was the victim of a 1924 tragedy that ignited racial tension in a very young Vancouver At the core of the issue were the mysterious circumstances surrounding Smith's death particularly the fact that the only other adult in the house at the time was the Chinese houseboy When Smith's death was followed by the assassination of Davie Lew a well known Chinese man it only strengthened the European view that Vancouver's Asian community was a hotbed of violence and corruption Newspaper editors and most of Vancouver's white community raised an outcry charging the police with incompetence and demanding arrests while Presbyterian indignation called for law and order as well as an end to Chinese immigration Before the summer was over the tongs of Chinatown and the clans of Canada's West Coast were set to defend their own and one Scottish minister went so far as to declare it a time of holy war
