in modern Jewish history The centrality of sports in modern life in popular and even in high culture in economic life in the media in international and national politics and in forging ethnic identities can hardly be exaggerated but in the field of Jewish studies this subject has been somewhat neglected at least until recently Students of American Jewish history for example often emphasize the role of sports in the Americanization of the immigrants while students of Jewish nationalism pay closer attention to its appeal for the regeneration of the Jewish nation as well as the creation of a new healthy Jewish body The essays brought together in *Jews and the Sporting Life* expand the body of knowledge about the place sports occupied and continue to occupy in Jewish life They examine the connection between sports and Jewish nationalism particularly Zionism and how organized Jewish sports have been an agent of nation building They consider the role of Jews as owners of sports teams as amateur and professional athletes and as fans and bettors Other themes include sports and Jewish literature and boxing as a sport that enabled Jewish men to prove their masculinity in a world that often stereotyped them as weak and feminine This volume concentrates on twentieth century developments in Israel Europe and the United States
