Wahhabism Hamid Algar,2001 Wahhabism and the Rise of the House of Saud Dr. Tarik K. Firro,2018-07-12 This book examines the role of Muhammad Ibn Abd al Wahhab 1703 1792 and his successors in reconsolidating the religious principles of Wahhabism It explains the role of the Saudi princes in crystallizing the core of the Saudi Wahhabi political entity within their tribal society Key to this explanation is the interrelation between sedentary and nomadic populations and the consequent impact on the development of Saudi political entities prior to the emergence of the Saudi Kingdom Texts of Wahhabi scholars are compared with those of the early Hanbali scholars pinpointing the new religious elements introduced to foster the Wahhabi creed Discussion focuses on the first and second generations of Wahhabi scholars who maintained the Wahhabi creed with great success keeping its hegemony as the main doctrine in Saudi Arabia and developing a takfiri discourse accusing people of being infidels which by the nineteenth century had become the main religious and political weapon by which the Wahhabis mobilized supporters against their political and religious adversaries To better understand this development the meaning of kufr heresy in Islam and its implications in various Islamic doctrines is examined closely The focus on the role of Wahhabi scholars in the nineteenth century sheds new lights on the principles of continuity and discontinuity in the historical development of Saudi political entities and explains the origin of the modern Saudi State Although major socio economic and cultural change is now taking place under the leadership of Prince Muhammad ibn Salman the main religious structures of the state remain firmly in place It remains to be seen how two diametric societal viewpoints will integrate or clash This work is essential reading for all scholars and students of religious cultural social and political history of Saudi Arabia and Islam in the Middle East *Wahhabism: Oxford Bibliographies Online Research Guide* Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In Islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Islamic Studies a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www aboutobo com](http://www.aboutobo.com)

Wahhabi Islam Natana J. DeLong-Bas, 2008-08-22 Before 9 11 few Westerners had heard of Wahhabism Today it is a household word Frequently mentioned in association with Osama bin Laden Wahhabism is portrayed by the media and public officials as an intolerant puritanical militant interpretation of Islam that calls for the wholesale destruction of the West in a jihad of global proportions In the first study ever undertaken of the writings of Wahhabism s founder Muhammad Ibn Abd al Wahhab 1702 1791 Natana DeLong Bas shatters these stereotypes and misconceptions Her reading of Ibn Abd al Wahhab s works produces a revisionist thesis Ibn Abd al Wahhab was not the godfather of contemporary terrorist movements Rather he was a voice of reform reflecting mainstream 18th century Islamic thought His vision of Islamic society was based upon a monotheism in which Muslims Christians and Jews were to enjoy peaceful co existence and cooperative commercial and treaty relations Eschewing medieval interpretations of the Quran and hadith sayings and deeds of the prophet Muhammad Ibn Abd al Wahhab called for direct historically contextualized interpretation of scripture by both women and men His understanding of theology and Islamic law was rooted in Quranic values rather than literal interpretations A strong proponent of women s rights he called for a balance of rights between women and men both within marriage and in access to education and public space In the most comprehensive study of Ibn Abd al Wahhab s interpretation of jihad ever written DeLong Bas details a vision in which jihad is strictly limited to the self defense of the Muslim community against military aggression Contemporary extremists like Osama bin Laden do not have their origins in Wahhabism she shows The hallmark jihadi focus on a cult of martyrdom the strict division of the world into two necessarily opposing spheres the wholesale destruction of both civilian life and property and the call for global jihad are entirely absent from Ibn Abd al Wahhab s writings Instead the militant stance of contemporary jihadism lies in adherence to the writings of the medieval scholar Ibn Taymiyya and the 20th century Egyptian radical Sayyid Qutb This pathbreaking book fills an enormous gap in the literature about Wahhabism by returning to the original writings of its founder Bound to be controversial it will be impossible to ignore

Force and Fanaticism Simon Ross Valentine, 2015 Considers what Wahhabism means to those whose lives are governed by its formidably strict tenets in Saudi Arabia Wahhābism Cole M. Bunzel, 2025-04-29 An essential history of Wahh bism from its founding to the Islamic State In the mid eighteenth century a controversial Islamic movement arose in the central Arabian region of Najd that forever changed the political landscape of the Arabian Peninsula and the history of Islamic thought Its founder Mu ammad ibn Abd al Wahh b taught that most professed Muslims were polytheists due to their veneration of Islamic saints at tombs and gravesites He preached that true Muslims those who worship God alone must show hatred and enmity toward these polytheists and fight them in jih d Cole Bunzel tells the story of Wahh bism from its emergence in the 1740s to its taming and coopting by the modern Saudi state in the 1920s and shows how its legacy endures in the ideologies of al Q ida and the Islamic State Drawing on a wealth of primary source materials Bunzel traces the origins of Wahh b doctrine to the religious thought of medieval theologian Ibn Taymiyya and examines its development through

several generations of Wahh b scholars While widely seen as heretical and schismatic the movement nonetheless flourished in central Arabia spreading across the peninsula under the political authority of the l Su d dynasty until the invading Egyptian army crushed it in 1818 The militant Wahh b ethos however persisted well into the early twentieth century when the Saudi kingdom used Wahh bism to bolster its legitimacy This incisive history is the definitive account of a militant Islamic movement founded on enmity toward non Wahh b Muslims and that is still with us today in the violent doctrines of Sunni jih d s

Roots Of Religious Extremism, The: Understanding The Salafi Doctrine Of Al-wala' Wal Bara' Mohamed Bin Ali,2015-09-14 One of the issues in contemporary Islamic thought which has attracted considerable attention amongst Muslim scholars and within the Muslim community is the valid and appropriate attitude of Muslims to relationships with non Muslims A major source of confusion and controversy with regards to this relationship comes from the allegation that Muslims must reserve their love and loyalty for fellow Muslims and reject and declare war on the rest of humanity most acutely seen through the Islamic concept of Al Wala wal Bara WB translated as Loyalty and Disavowal which appears to be central in the ideology of modern Salafism This book investigates the dynamics and complexities of the concept of WB within modern Salafism and aims to understand the diverse interpretation of this concept and how modern Salafis understand and apply the concept in contemporary religious social and political settings The book discovers that the complexities diversities and disputes surrounding the concept in modern Salafism often revolve around issues of social political and current realities The significance of this book lies in the fact that comprehending modern Salafis conception of WB its realities and complexities has become an urgent priority in the lives of Muslims today [A Quietist Jihadi](#) Joas Wagemakers,2012-06-11 A

Wahhabism Sayed Khatab looks at the similarities and differences between them and present organizations such as al Qaeda. It may be surprising that many of the radical narratives embraced by modern groups have not emerged recently. Identifying these roots can lead to a better understanding of al Qaeda's theological and intellectual narratives and how they effectively indoctrinate youths and attract many of them to violent acts of terrorism. The book then focuses on al Qaeda's theology, ideology and tactics, the geographic contours and implications of al Qaeda's political strategy in relation to the western and eastern countries which are considered enemy states, the impending clash of cultures and the ideological war within al Qaeda. Innovative in its concept, examining political Islamic thought from a historical to a contemporary perspective, Islamic Fundamentalism generates new understanding of the many complexities of political Islam and the role of violence and terrorism.

Islam in Historical Perspective Alexander Knysh, 2024-09-30. Islam in Historical Perspective is a general introduction to Islam and the history of Muslim societies. Richly illustrated by quotations and images from Muslim scripture, historical chronicles, artistic works and theological and juridical treatises, it invites the reader to examine this evidence and to form a comprehensive understanding of Islam's evolution from its inception in Arabia to the present day. Combining chronological and thematic principles, this book examines Muslims' political and intellectual struggles over the meaning and practical implications of their faith. Treating Islam as a language that various factions and generations of Muslims have used to express their grievances, aspirations and personal experiences and preferences, the book shows the religion's remarkable potency as a social, political and cultural force and source of identity. It also describes and analyses Muslim devotional practices, emotional responses to the revelation, artistic and intellectual creativity and patterns of everyday existence. The goal of this book is to help the reader to develop personal empathy for the subject by showing the relevance of the dilemmas faced by Muslims in different epochs and geographical locations to the burning issues of today's world. A thorough analysis of pivotal events, trends and personalities of Islamic history is accompanied by witness accounts showing how they were perceived by Muslims themselves. This new edition features a thoroughly revised text, updated bibliography, new illustrations, study questions and chapter summaries and is an outstanding resource for students of Islam and Muslim civilization.
