early 20th century The mentally unstable title character Adele argues with her maid Alma about the fire that consumed the parsonage and soon moves on to other topics An obsession with a set of stuffed birds passed down from the parson's uncle to the parson to his wife and finally to Alma's care serves as a major focus with ample space devoted to addiction sexual violence and other topics

**Mysterious Minds** Elise Nykänen, 2017-11-22 This study examines the narrative tools techniques and structures that Marja Liisa Vartio a classic of Finnish post war modernism used in presenting fictional minds in her narrative prose The study contributes to the academic discussion on formal and thematic conventions of modernism by addressing the ways in which fictional minds work in interaction and in relation to the enfolding fictional world The epistemic problem of how accurately the world the self and the other can be known is approached by analyzing two co operating ways of portraying fictional minds both from external and internal perspectives The external perspective relies on detachment and emotional restraint dominating in Vartio's early novels *Se on sitten kevät* and *Mies kuin mies tyttö kuin tyttö* The internal perspective pertains to the mental processes of self reflection speculation and excessive imagining that gain more importance in her later novels *Kaikki naiset näkevät unia* *Tunteet* and *Hän on ollut linnut* In the theoretical chapter of this study fictional minds are discussed in the context of the acclaimed inward turn of modernist fiction by suggesting alternative methods for reading modernist minds as embodied emotional and social entities In respect to fictional minds interaction this study elaborates on the ideas of mind reading intersubjectivity and the social mind established within post classical cognitive narratology Furthermore it employs possible world poetics when addressing the complexity incompleteness and inaccessibility of Vartio's epistemic worlds including the characters private worlds of knowledge beliefs emotions hallucinations and dreams In regards to the emotional plotment of fictional worlds this study also benefits from affective narratology as well as the plot theory being influenced by possible world semantics narrative dynamics and cognitive narratology As the five analysis chapters of this study show fictional minds in Vartio's fiction are not only introspective solipsist and streaming but also embodied and social entities In the readings of the primary texts the concept of embodiedness is used to examine the situated presence of an experiencing mind within the time and space of the storyworld Fictional minds interactions are also demonstrated as evolving from local experientiality to long term calculations that turn emotional incidents into episodes and episodes into stories In Vartio's novels the emotional story structure of certain conventional story patterns such as the narratives of female development and the romance plot the sentimental novel and epistolary fiction are modified and causally altered in the portrayal of the embodied interactions between the self the other and the world The trajectories of female self discovery in Vartio's novels are analyzed through the emotional responses of characters their experiences of randomness their ways of counterfactualizing their traumatic past their procrastinatory or akratic reactions or indecisiveness The gradual move away from the percepts of the external world to the excessive imaginings and mis readings of other minds triggered by the interaction of worlds and minds challenges the contemporary

and more recent accounts of modernism both in Finnish and international contexts Runouden ylistys Hannu Mäkelä, 2025-01-07 Rakkaudentunnustus suomenkieliselle runoudelle ja runoilijoille Muutamalla runon s keell voi olla todella suuri merkitys Niist tulee kompassi kest v mantra jonka avulla saattaa selvit l pi sotkuisen maailman Runouden ylistys kulkee Suomen kirjallisuuden alkuajoilta t lle vuosituhannelle perusteellisesti mutta vapaasti polveillen Kirjailija Hannu M kel on valinnut runsaat 80 runoilijaa joiden el m st ja urasta h n kirjoittaa laajasti ja joiden tuotantoa analysoi runon yttein Yht monta muuta h n k sittelee suppeammin Niin tunnetuilla kuin piiloon j neill runoilijoilla on paikkansa M kel n syd mess ja useat 1900 luvun runoilijoista M kel on tuntenut henkil kohtaisesti Runouden ylistys on ainutlaatuista kulttuurihistoriaa Akateemikko Hannu M kel s 1943 on h mm stytt v n tuottelias ja monipuolinen kirjailija joka on julkaissut jo yli 140 teosta Eino Leino ja L Onerva ovat M kel lle erityisen l heisi runoilijoita ja Leinosta kertovasta romaanistaan Mestari M kel sai Finlandia palkinnon vuonna 1995 M kel n luoma lastenkirjallisuuden hahmo Herra Huu on tuttu jo useille sukupolville
