32 Secrets of Birth Chart Saket Shah, 2025-04-07 When I first began studying Vedic astrology I was searching for answers Why do we suffer certain patterns over and over Why do some people walk into our lives like fate only to leave like storms Why are some born with abundance while others carry invisible burdens I didn't just want to know when something would happen I wanted to know why it needed to happen In the sacred silence of the scriptures in the dusty margins of forgotten manuscripts in the heartbeat of my own chart I began to see glimpses of something deeper Hidden patterns Mysterious laws Secrets that weren't taught in mainstream texts but whispered through experience devotion and inner knowing Thus this book was born not from a place of authority but from a place of wonder Each of the 32 secrets in this book is a doorway They come from classical Vedic astrology Jaimini's cryptic brilliance and deeper meditations on karma and consciousness But more than anything they come from years of living through my chart and helping others walk through theirs This is not a technical manual It's a spiritual map A mystical initiation For those who are tired of predictions and hungry for purpose If this book has awakened something in you some memory of who you were and what you came here to heal then it has fulfilled its purpose To the reader who sees themselves in these pages To the astrologer who senses truth beyond technique To the soul who is both seeker and secret This book was written for you With light devotion Saket Shah

Vimshottari Dasha in Vedic Astrology Saket Shah,2020-01-18 There are three important things for an event to take place in a native's life promise transit and Dasa For instance if your 7th house and the lord are positive and natal Jupiter and Venus are also placed well your chart has a strong promise of marriage but for it to take place transit Jupiter and Saturn should be influencing marriage related houses or lord 2nd 7th 11th Another major aspect for event occurrence is Dasa In Vedic Astrology different planets influence us at different points of time in our life The perceived life span of an individual is counted as 120 years in total Each planet is assigned certain number of years in one's life Our life is divided into Mahadasa of 9 planets and each Mahadasa is then further divided into 9 Antardasas each The Mahadasas follow in the following sequence Ketu Venus Sun Moon Mars Rahu Jupiter Saturn Mercury Mahadasa begins from the lord of the Nakshatra where is Moon positioned at the time of birth The exact duration of the first Mahadasa depends upon the degree of the Nakshatra when you were born Ketu Mahadasa runs for 7 years Venus has 20 years Sun has 6 years

moon has 10 years Mars has 7 years Rahu has 18 years Jupiter has 16 years Saturn has 19 years and Mercury has 17 years Mahadasa is like a calendar of your life's events. Whether the Mahadasa is auspicious or inauspicious for you depends upon several factors like position of that planet in your birth chart whether it's malefic or benefic. This duration of planets gives direction to the events in your life. Mahadasa of each planet runs for several years but this doesn't mean that you get the results associated with a single planet only. The actual results depend upon Antardasa. Mahadasa of each planet is further divided into 9 planets Antardasas following the same sequence of planets. The events of your life are based on both the Mahadasa and the Antardasa planets. For example if you have Rahu Antardasa under Rahu Mahadasa events would follow as per Rahu's characteristics and strength in your horoscope. However if you have Jupiter under Rahu then the results would be based on the position of both Jupiter as well as Rahu. If the planets are positioned on 2 12 6 8 or 5 9 axis repercussions might not be that positive for the native. The lordship of planets is also considered in the process. If both planets are lords of Kendra or Trikona houses the results would be like that of a Raj Yoga. If one has Kendra or Trikona lordship and the second planet is lord of 6th 8th or 12th house then the results might not be favorable.

Interpreting Planetary Influences V.K. Choudhry, K. Rajesh Chaudhary, The basis of the divine knowledge of astrology is the Karma theory. The Karma theory is based on the premise that the planetary influences in the natal chart are the results of one's deeds of past lives. The various aspects of life like personality status wealth family courage mental peace mother assets intellect progeny health financial strength marriage foreign residence easy gains father spiritual development profession matters income gains vulnerability to hospitalization penal action and expenses etc are ruled by the twelve houses of the horoscope. The book helps in interpreting the results of the twelve houses.
