WAEC in Review Benjamin Freeman Jr.,2014-11-07 WAEC in Review is a practical intervention strategy in transforming the weakening educational system of Liberia where academic excellence is unceasingly diminishing LIPACE Pilot Study Guide is not only a landmark achievement in the educational history of Liberia but a remarkable strive towards the proper preparation of Liberian students for future diets of the WAEC exam As a member of the National Committee of the West African Examinations Council and a Stakeholder in the Liberian Education System I wish to recommend the use of this study guide to adequately prepare each and every Liberian student for future examinations thereby setting the stage for an easy transition to the emerging West African Senior Secondary Examinations WASSCE I am explicitly confident that you will definitely find your journey through this guide very rewarding as you prepare to sit the next WAEC Exam David S Massaquoi Sr director of Education The Salvation Army Liberia Command Education Secretariat Our students sit the exam in constant fear of proctors and supervisors They know nothing about the exam and its structure and this fear lead to them failing massively We need to build the confidence level of our students and help them to study hard and understand the roles of proctors and supervisors to stop the intimidation during the exam Thanks to LIPACE and the Turning the Tide project we have helped our students achieved an amazing achievement for the first time in the history of Gbarpolu County where all senior students successfully passed the exam Lartey Bemah principal of Bopolu Public School 2012 2013 Gbarpolu County Liberia *Academic Excellence in 21 Days* Eric Nwachukwu,2015-12-21 This book is for students who want to excel

academically The guideposts and principles contained in this book will show you why and how you will become a high flying student I managed the local library of Our Lady of Fatima Cathedral Catholic Church Kano for over four years as an unqualified librarian and I see different students preparing for different exams in a mediocre way What is most shocking here is that most of these students are mediocre students due to the fact that they lack the right approach to learning studying and preparations required for academic excellence rather than the mere exertion of studies The principles in this book are no respecter of persons age gender race background or your location The results are the same to whoever would apply them It contains the distilled essence of all that you need to know and do in your academic journey to excellence This 21 Days course has SIX stages Each Days message material is divided into different sub sections dealing with one central topic literally and

in a juxtapositions context Consequently the reader is allowed to exercise his her power of association and observation of ideas presented in connection to the other sub sections and signposts illustrated in the book with the application exercises
