Bestseller Robert McParland, 2018-12-15 Whether curled up on a sofa with a good mystery, lounging by the pool with a steamy romance or brooding over a classic novel, Americans love to read. Despite the distractions of modern living, nothing quite satisfies many individuals more than a really good book. And regardless of how one accesses that book—through a tablet, a smart phone or a good old fashioned hardcover—those choices have been tallied for decades. In **Bestseller: A Century of America's Favorite Books**, Robert McParland looks at the reading tastes of a nation from the beginning of the twentieth century to the present day. Through extensive research, McParland provides context for the literature that appealed to the masses, from low brow potboilers like *Forever Amber* to Pulitzer Prize winners such as *To Kill a Mockingbird*. Decade by decade, McParland discusses the books that resonated with the American public and shows how current events and popular culture shaped the reading habits of millions. Profiles of authors with frequent appearances, from Ernest Hemingway to Danielle Steel, are included along with standout titles that readers return to year after year. A snapshot of America and its love of reading through the decades, this volume informs and entertains while also providing a handy reference of the country's most popular books. For those wanting to learn more about the history of American culture through its reading habits, **Bestseller: A Century of America's Favorite Books** is a must read.

The Story Within Us Megan Sweeney, 2012-09-15. This volume features in-depth oral interviews with eleven incarcerated women, each of whom offers a narrative of her life and her reading experiences within prison walls. The women share powerful stories about their complex and diverse efforts to negotiate difficult relationships, exercise agency in restrictive circumstances, and find meaning and beauty in the midst of pain. Their shared emphases on abuse, poverty, addiction, and mental illness illuminate the pathways that lead many women to prison and suggest possibilities for addressing the profound social problems that fuel crime. Framing the narratives within an analytic introduction and reflective afterword, Megan Sweeney highlights the crucial intellectual work that the incarcerated women perform despite myriad restrictions on reading and education in U.S. prisons. These women use the limited reading materials available to them as sources of guidance and support and as tools for self-reflection and self-education. Through their creative engagements with books, the women learn to reframe their own life stories, situate their experiences in relation to broader social patterns, deepen their understanding of others, experiment with new ways of being, and maintain a sense of connection with their fellow citizens on both sides of the prison fence.

The River Is Waiting (Oprah's Book Club) Wally Lamb, 2025-06-10. AN INSTANT NEW YORK TIMES BESTSELLER. OPRAH'S BOOK CLUB PICK. A USA TODAY BESTSELLER. 1 New York Times bestselling author. Wally Lamb, celebrated for two prior Oprah Book Club selections, returns with an exceptional third pick: a propulsive novel following a young father grappling with unbearable tragedy as he searches for hope, redemption, and the possibility of forgiveness. Corby Ledbetter is struggling. New fatherhood, the loss of his job, and a growing secret addiction have thrown his marriage to his beloved Emily into a tailspin. And that's before he causes the tragedy that tears the family apart. Sentenced to prison, Corby struggles to survive life on the inside, where he bears witness to frightful acts of brutality but also experiences small acts of kindness and elemental kinship with a prison librarian who sees his light and some of his fellow offenders, including a tender-hearted cellmate and a troubled teen desperate for a role model. Buoyed by them and by his mother's enduring faith in him, Corby begins to transcend the boundaries of his confinement, sustained by his hope that mercy and reconciliation might still be possible. Can his crimes ever be forgiven by those he loves?

Reading Oprah Cecilia Konchar Farr, 2005-01-01. An analysis of how Oprah's Book Club has changed America's reading habits.

The Bowker Annual: Library and Book Trade Almanac 1998 Dave Bogart, 1998-05.

The Social Lives of Books Edward Frederick Finn, 2011. This project explores how changing models of literary production are blurring or erasing the divisions between authors, critics, and readers. Millions of

cultural consumers are participating in previously closed literary conversations and expressing forms of mass distinction through their purchases and reviews of books. These traces of popular reading choices constitute a fresh perspective on elusive audience reactions to literature and reveal evolving networks of conversation. Employing network analysis methodologies and distant reading of book reviews, recommendations, and other digital traces of cultural distinction, I develop a new model for literary culture in America today. Through readings of the fiction and reception of Thomas Pynchon, Toni Morrison, David Foster Wallace, and Junot Díaz, this model outlines the fundamental requirements for contemporary literary fame. My introduction outlines methodological tools I developed and situates them in the critical traditions of literary reception, cultural sociology, and media theory, before describing the digital ecologies that have emerged around literature online and their value. Chapter 1 explores the nature of literary fame through a case study of Thomas Pynchon, whose carefully guarded anonymity and ironic distance from capitalism are reflected in the networks his readers construct around his long, challenging books. In stark contrast, Toni Morrison, the subject of Chapter 2, has succeeded critically and commercially tirelessly seeking out readers to form literary communities around her writing, most prominently through her collaboration with Oprah's Book Club. Chapter 3 considers David Foster Wallace and Junot Díaz and sets out a model for contemporary literary culture: a reading society that demands new forms of authorial reflexivity to mirror the collaborative, iterative nature of digital literary conversations. I conclude with a brief consideration of the exciting prospects and challenges for fiction in a world that reads more than ever but is growing disaffected with the material realities of literary production.
