## **Une French Touch Dans L'analyse Des Politiques Publiques:**

**Une French touch dans l'analyse des politiques publiques ?** Laurie Boussaguet, Sophie Jacquot, Pauline Ravinet, 2015. Reunissant les réflexions des grands noms de la recherche française et internationale autour des politiques publiques cet ouvrage propose un état des lieux sur l'analyse en France de l'action publique en s'appuyant sur les travaux fondateurs de Pierre Muller qui travers son parcours de recherche a fortement contribué la reconnaissance l'enracinement et au développement en France de cette discipline. Partant de questions fondatrices de la science politique telles que l'Etat la place des acteurs dans les processus politiques ou la question du gouvernement des sociétés complexes les auteurs posent la question d'une spécificité française dans l'analyse de l'action publique qui se finirait par une plus grande ouverture théorique et méthodologique et par une plus grande attention aux acteurs et aux représentations. En conclusion Pierre Muller livre des éléments d'analyse inédits sur la question du changement de l'action publique et identifie pour cette discipline encore jeune des pistes explorer.

**Une French Touch dans l'analyse des politiques publiques ?** Laurie Boussaguet, Sophie Jacquot, Pauline Ravinet, 2015-03-18. Reunissant les réflexions de politistes et sociologues français et internationaux parmi les plus reconnus cet ouvrage propose un état des lieux de la discipline des politiques publiques en s'appuyant sur les travaux fondateurs de Pierre Muller qui a fortement contribué sa reconnaissance et son développement. Partir de thèmes fondateurs de la science politique tels que la domination la démocratie la place des acteurs dans les processus politiques ou le gouvernement des sociétés complexes les auteurs posent la question d'une spécificité française dans l'analyse de l'action publique. Suppose mais rarement discutée en profondeur cette French touch existe-t-elle et si oui en quoi consiste-t-elle. Cet ouvrage offre une vision panoramique des développements méthodologiques conceptuels et pratiques de ce champ de recherche particulièrement dynamique. En conclusion Pierre Muller livre des éléments d'analyse inédits sur la question du changement de l'action publique ainsi que de nouvelles pistes de recherche.

**Policy Analysis in France** Charlotte Halpern, Patrick Hassenteufel, Philippe Zittoun, 2018-01-03. Understanding policy analysis in France requires first a thorough exploration of the distinction usually made in French academic and practitioner debates between policy studies and policy analysis essentially the difference between studies of policy and studies designed for the use of policy. This book begins there then delves into questions of how and by whom knowledge of policies is produced within and outside the French state showing that while the tension between the two types of study is real the continued exchange of ideas between them has led to an enrichment of both spheres. The book thus lays the foundation for a more systematic understanding of policy analysis in France.

**The Oxford Handbook of French Politics** Robert Elgie, Emiliano Grossman, Amy Mazur, 2016. The Oxford Handbook of French Politics provides a comprehensive and comparative overview of the French political system through the lens of political science. The Handbook is organized into three parts: the first part identifies foundational concepts for the French case including chapters on republicanism and social welfare; the second part focuses on thematic large scale processes such

identity governance and globalization while the third part examines a wide range of issues relating to substantive politics and policy among which are chapters on political representation political culture social movements economic policy gender policy and defense and security policy The volume brings together established and emerging scholars and seeks to examine the French political system from a comparative perspective The contributors provide a state of the art review both of the comparative scholarly literature and the study of the French case making The Oxford Handbook of French Politics an invaluable resource for anyone interested in the foundations of contemporary political life in France

*The Application of Political Science Methods in Europe* Luca Verzichelli, Claudius Wagemann, 2025-09-01 This book attempts to provide the first comprehensive description of the complexity and comparative homogeneity of political science methods in Europe today It deals with the present and future of political science methods in Europe in order to explore a multifaceted dilemma concerning not only the prospects for the profession but also political scientists ability to do their part in empowering supranational integration and democracy Thus the book offers a broad analytical reflection on the changing ways that political scientists use methods and methodological tools in their daily work It examines the evolution of processes regarding the standardization and dissemination of a reliable methodological inventory and invites readers to foster a methodological pluralism and improve the quality of methods available to the community of political science scholars In order to do so it analyzes the development of European Political Science since the turn of the 21st century from the particular angle of the sensibility for questions of methods In a nutshell the common denominator of all chapters is the evolution of the toolkit available to political scientists since they show that the methodological sensibility and specific methodological instruments have since spread across countries disciplines and generations of scholars

**How Computers Entered the Classroom, 1960-2000** Carmen Flury, Michael Geiss, 2023-06-19 In the history of education the question of how computers were introduced into European classrooms has so far been largely neglected This edited volume strives to address this gap The contributions shed light on the computerization of education from a historical perspective by attending closely to the different actors involved such as politicians computer manufacturers teachers and students political rationales and ideologies as well as financial political or organizational structures and relations The case studies highlight differences in political and economic power as well as in ideological reasoning and the priorities set by different stakeholders in the process of introducing computers into education However the contributions also demonstrate that simple cold war narratives fail to capture the complex dynamics and entanglements in the history of computers as an educational technology and a subject taught in schools The edited volume thus provides a comprehensive historical understanding of the role of education in an emerging digital society

Faure, Christian Lequesne, 2023-01-20 Constituting a major contribution to literature on the EU this comprehensive Companion analyses the structure and value of the EU capturing the normality of its politics alongside crises and political breakdown

*Introduction à la sociologie de l'action publique* Thibault Bossy, Aurélien Evrard, Guillaume Gourgues, Catherine Hoeffler, Thomas Ribémont, 2018-09-25 Une présentation des principales approches théoriques de l'action publique partir d'exemples tirés de l'actualité internationale nationale et locale La sociologie de l'action publique constitue un rôle majeur dans le champ de la science politique Ce manuel d'introduction propose un état des lieux de la discipline en présentant et discutant ses principales notions et approches théoriques Illustré par des exemples variés issus de travaux classiques mais aussi de l'actualité la plus récente cet ouvrage montre que la sociologie de l'action publique ne se limite pas à l'analyse de l'état Pour cela il propose d'abord un repérage des acteurs publics ou privés qui participent à la formulation des politiques publiques acteurs administratifs groupes d'intérêt responsables politiques mais aussi le public de ces politiques Il examine ensuite les séquences essentielles d'une politique publique dynamiques d'émergence des problèmes fabrication de la décision logiques de mise en œuvre et d'évaluation avant d'aborder la délicate question du changement dans l'action publique Enfin il synthétise la multiplication des échelles de l'action publique et plus particulièrement aux politiques internationales européennes et locales

*The Advisory Roles of Political Scientists in Europe* Marleen Brans, Arco Timmermans, 2022-01-31 This open access book centres on the advisory roles of political scientists in Europe Based on a cross national survey the book offers a comparative analysis of the viewpoints and activities of university based political scientists on external engagement Political scientists in Europe appear more extrovert as academics than sometimes thought In their professional functioning they engage in delivering knowledge and advice to all kinds of stakeholders in the policy process This volume contains twelve in depth country studies where different trends are visible from political regime change to pressure for impact of academic work The findings from this comparative analysis may inform our orientation on interaction between academics and their social and political environment and what this means for education and training in university programs in political science

*A Fledgling Democracy* Mohamed Zayani, 2022-10-13 In the tumultuous aftermath of the Arab uprisings Tunisia charted a unique path that has earned it praise as a beacon of hope in a troubled region Since the 2011 revolution it has embraced a new culture of democracy based on pluralism civilian rule and the peaceful transfer of power Equally noteworthy are the country's burgeoning civil society its various institutional reforms and its progressive new constitution which upholds individual freedoms and champions women's rights But in spite of these achievements daunting challenges remain Although Tunisia has succeeded in defusing many crises its transition has been uneasy its democracy is fragile and its future continues to be uncertain As the country emerges from decades of authoritarian rule it faces enormous political social economic and security challenges which are undermining its peaceful evolution It is this state of fragility that

A Fledgling Democracy seeks to capture Focusing on the socio political dynamics that have unfolded in this North African nation since the revolution the contributors to this volume shed light on how Tunisia has navigated its first decade of democratic transition and reflect on what the ongoing changes and challenges mean for the country today **Handbook of European Policies** Hubert Heinelt, Sybille Münch, 2018-01-26 This definitive Handbook addresses the current lack of research into European policymaking and development using an interpretive perspective Questioning areas that mainstream approaches tend to neglect contributors target the ways in which ideas arguments and discourses shape policies in the institutional context of the EU Cities as Political Objects Alistair Cole, Renaud Payre, 2016-12-30 Focusing on the city's role as the nexus for new forms of relationships between politics economics and society this fascinating book views the city as a political phenomena Its chapters unravel the city's plural histories contested political legal and administrative boundaries and its policy making capacity in the context of multi level and market pressures Assessing Public Management Reforms Patrick Gibert, Jean-Claude Thoenig, 2022-01-28 This book examines why many ambitious public management policies do not materialize Comprehensive reforms do not generate relevant and lasting changes Yet some evolutions may occur that actually improve the efficiency level inside public administrations The book identifies how and why such processes may occur It explores an innovative approach to the way reform policies inside the public sector are assessed The opening chapters examine the contributions of different disciplines to the study of change in the public sector before proposing a framework to better understand management developments The book then reviews eight crosscutting central government programmes successively launched since the late 1960s examines how these programmes were designed and constructed and analyses the ways in which three toolkits are appropriated dashboards and indicators cost benefit analysis and ex post evaluation The final chapters examine the links between the development of agencification and the way in which central government proceeds to implement it and demonstrate why and how the structure of human resources is crucial for initiating change processes Together the book proposes lessons for public practitioners as well as for academic purposes *States and Public Policy* Olivier Provini, 2025-08-03 Why did students start paying tuition fees at African universities How did public universities become increasingly expensive for the large numbers of young people they are supposed to be educating This book helps us to understand the reasons for this and reminds us that change is always the result of political compromise The book looks at the higher education reforms carried out since the 1980s in four East African countries with unique historical and political trajectories Uganda Kenya Tanzania and Burundi Through a rigorous well documented analysis the author provides valuable insights into the fundamental political issues facing development actors in the South the transformation of state intervention the training of national elites and the marketing of the education sector particularly through the highly political issue of school fees *Reinventing Territories through Solidarity* Didier Chabaud, Philippe Eynaud, Nathalie Raulet-Croset, 2025-06-23 While territories have always faced multiple challenges the addition of ecological

transition to economic cultural and social issues complicates matters considerably Transition calls for new perspectives The reinvention of territories through solidarity appears to be a particularly relevant approach as it allows us to draw on the many innovations brought about by players in the social and solidarity economy SSE To illustrate this point the book brings together case studies that bear witness to their astonishing ability to link the economy and local democracy to ensure the sustainability of their activities These case studies illustrate a renewed vision of territorial development based on cooperation between the SSE local authorities entrepreneurs and citizens Subsequently they usher in a new way of thinking about public action in which solidarity players undertake an important role in co constructing with local public players systems capable of meeting the major challenges of our time

**Globalizing Issues** Erik Neveu,Muriel Surdez,2020-09-07 This book is an invitation to question conventional and often misleading visions of globalization No problem is global by nature issues are transformed by the action of claims makers to become problems debated in supra national forums triggering policy choices and policy transformations Contributions highlight how health issues environmental issues and or political issues are framed as global by a set of stakeholders scientific experts bureaucrats political parties or actors social movements social networks firms As the volume maps the social logic behind the globalization of problems it also presents an opportunity for the very cross disciplinary collaboration it calls for researchers mobilizing the agenda setting paradigm of issue globalization and those working within the social constructionist model are both represented here providing a unique opportunity to examine the dynamics of globalization from the perspectives of political media economic sociology international relations social movement studies and beyond

**NGOs and Lifeworlds in Africa** Melina C. Kalfelis,Kathrin Knodel,2021-06-11 Non governmental organizations NGOs have become ubiquitous in the development sector in Africa and attracting more academic attention However the fact that NGOs are an integral part of the everyday lives of men and women on the continent has been overlooked thus far In Africa NGOs are not remote but familiar players situated in the midst of cities and communities By taking a radical empirical stance this book studies NGOs as a vital part of the lifeworlds of Africans Its contributions are immersed in the pasts presents and futures of personal encounters memories decision making and politics

**Coexistence and Confrontation of Agricultural and Food Models** Pierre Gasselin,Sylvie Lardon,Claire Cerdan,Salma Loudiyi,Denis Sautier,2023-03-02 This book analyses situations of coexistence and confrontation of agricultural and food models according to four major dimensions of territorial development the tension between specialisation and diversification innovation adaptation and food transition New agricultural and food models are being deployed in territories around the world in response to criticisms of the old forms of

agriculture and food production and in order to meet new challenges These models embody archetypes of the observed diversity actors projects or new norms A number of conceptual studies and case studies from France and other countries allow us to understand the interactions between these models confrontation complementarity co evolution hybridisation etc taking us well beyond the characterisation of their diversity and the evaluation of their relative performances The coexistence and confrontation of these models build up their capacity for radical change The book asks original questions about the analytical framework its methodological challenges and the expected outcomes for the support of agricultural and food development in rural and urban territories It is intended for researchers teachers students and professionals interested in territorial development Pierre Gasselin Sylvie Lardon Claire Cerdan Salma Loudiyi and Denis Sautier are the scientific coordinators of this book They are geographers and economists at CIRAD INRAE and VetAgro Sup where they conduct research on the transformation of agriculture food systems and territories in France and other countries This book is the result of a collective research process involving 36 authors from Argentina Belgium Brazil Burkina Faso France Japan Switzerland and Vietnam Jan Douwe van der Ploeg author of the Foreword is Professor Emeritus of Rural Sociology at Wageningen University Research in the Netherlands and Associate Professor of Agricultural Sociology at the China Agricultural University in Beijing He has conducted extensive research on processes of agricultural transition and on dynamics of rural development
