Psychological Assessment with the MMPI-2 / MMPI-2-RF Alan F. Friedman, P. Kevin Bolinsky, Richard W. Levak, David S. Nichols, 2014-08-21 This third edition apprises users of the MMPI 2 MMPI 2 Restructured Form RF for the ever changing landscape of this dynamic personality psychopathology instrument and its expanding utility in a variety of contexts Two new chapters addressing the RC scales and the MMPI 2 RF are included in this updated text Additionally over 450 new references

have been incorporated into the book with information gathered and organized for practical clinical and forensic applications. The codetype interpretation chapter has expanded its sections with more in depth feedback information and treatment considerations for clinicians to help in facilitating the formulation of treatment recommendations and strengthening therapeutic relationships with their clients. A number of special scales with clinical and forensic applications are also covered in this edition. An important section has been added addressing the MMPI and suicide. This new edition is a must have resource that will inform and guide users of the MMPI 2 and MMPI 2 RF in their daily practices and assist researchers in conceptualizing the operating characteristics and configural relationships among the various scales and indices that comprise this instrument. From simple single scale interpretation to complex configural relationships, this text addresses a broad bandwidth of interpretive information designed for text users at all levels of sophistication. **Issues in Applied**
