Adult Friend Finder was one of the first adult-oriented dating websites, and still remains high on the best-of list because of it's numerous interactive features and increasingly large member base. However, the site was recently purchased by Penthouse.com, and it remains to be seen how or if the site will change with its new ownership.
Overview from the Adult Friend Finder Site

"You can make new friends, find the hottest singles, wildest couples and sexiest groups. Whether you're straight or gay, looking for sexy women or men, you'll find everything you want on Adult FriendFinder."
What a Adult Friend Finder Membership Includes

Adult Friend Finder offers a matching system for every fantasy, sexual want and gender you can imagine, including groups, swingers, exhibitionism, cross dressers, BDSM and email or phone fantasies.

Paid members have access to user blogs, instant messaging, forums, live cams, email and magazine articles, whereas trial users can only search the site and participate in some (but not all) of the many chat rooms.

A typical visit to AFF finds most new users overwhelmed by the number of people in their area that are looking for adult fun, but this should be taken with a grain of salt. Unfortunately AFF does a poor job of purging its databases of old members who have long since abandoned their profiles, and I encountered more than a few "professionals" on the site. That doesn't mean that the quality of matches were poor overall (especially in the larger metropolitan areas), but users need to be aware that a larger-than-average number of users aren't looking for casual, no-strings sex on AFF, bur rather, they are looking for new clients.

Filling out Adult FriendFinder's profile can be daunting. Although the initial signup is relatively quick and easy, further review will show that the list of options that users can choose from to inform other members of their sexual interests and desires are vast and comprehensive. Every legal sexual act imaginable is listed, along with a ranking mechanism for each as to how interested the user is in that particular subject, along with their experience.
Unique Features of Adult Friend Finder

Adult Friend Finder's free chat rooms are usually teeming with people looking to meet up for adult fun, as opposed to many pay-per-use sites where the chat rooms are normally empty. And yes, that's right: some of Adult FriendFinder's chat rooms are freely accessible by any member, regardless of their status and payment history.

But where AFF excels is its searching mechanisms. Every combination imaginable is available at Adult Friend Finder: geographic location, gender, sexual orientation, sexual preferences, and what you personally have to offer (i.e. you are a bisexual couple or a heterosexual male).
Adult Friend Finder Membership Costs

Adult Friendfinder offers free registration and membership to all of its users, but limits contact (no sending emails or instant messages) and searches (only a certain number of people returned per search, with no options available to edit search terms). Some lucky members whose demographic information is favorable to
