**The Moors Murderers** Chris Cook, 2022-06-02 A deep dive into the lives and crimes of Ian Brady and Myra Hindley featuring newly released photos from a collection called *The Tartan Album* In the mid 1960s the serenity of Saddleworth Moor was forever interrupted even if people didn't yet know it as the area became a grave for the innocent child victims of Ian Brady and Myra Hindley The couple's vile torture and killings have shaken up British history ever since with the couple often considered two of the most evil people to have lived However the public still have many questions about who they were and how their dysfunctional relationship operated In this book many artifacts become public for the first time including photographs from Ian Brady's *Tartan Album* police interviews and witness statements which shed vital new light on Brady Hindley and the dangerous cocktail their union became The research wow the research is painstaking and impeccable allowing a well constructed narrative that takes the reader in a tried and tested winning formula chronologically through each of the pair's crimes THE most fascinating study of what many consider to be the most disturbing crimes of the twentieth century that I have ever read and for me it has now replaced *Devil's Disciples* and even the canonical *Beyond Belief* as THE definitive study of Brady and Hindley The True Crime Enthusiast

**Why Am I Taller?** Dr. Dave Williams, Elizabeth Howell, PhD, 2022-11-01 What happens in space that causes the body to change Learn about life in space from astronauts Is the human body built for Mars NASA's studies on the International Space Station show we need to fix a few things before sending people to the Red Planet Astronauts go into space with good vision and come back needing eyeglasses Cognition and DNA expression could be affected for years And then there's the discomfort of living in a tight space with crewmates depression and separation from the people you love Space doctors are on the case You'll meet the first twin to spend a year in space the woman who racked up three physically challenging spacewalks in between 320

days of confinement and the cosmonaut who was temporarily stranded on space station Mir while the Soviet Union broke up underneath him What are we learning about the human body As astronauts target moon missions and eventual landings on Mars one of the major questions is how the human body will behave in partial gravity How does the human body change on another world as opposed to floating freely in microgravity What can studies on Earth and in space tell us about planetary exploration These questions will be important to the future of space exploration and to related studies of seniors and people with reduced mobility on Earth
