Marjorie N. Feld, 2012-09-01 Founder of Henry Street Settlement on New York s Lower East Side as well as the Visiting Nurse Service of New York Lillian Wald 1867 1940 was a remarkable social welfare activist She was also a second generation German Jewish immigrant who developed close associations with Jewish New York even as she consistently dismissed claims that her work emerged from a fundamentally Jewish calling Challenging the conventional understanding of the Progressive movement as having its origins in Anglo Protestant teachings Marjorie Feld offers a critical biography of Wald in which she examines the crucial and complex significance of Wald s ethnicity to her life s work In addition by studying the Jewish community s response to Wald throughout her public career from 1893 to 1933 Feld demonstrates the changing landscape of identity politics in the first half of the twentieth century Feld argues that Wald s innovative reform work was the product of both her own family s experience with immigration and assimilation as Jews in late nineteenth century Rochester New York and her encounter with Progressive ideals at her settlement house in Manhattan As an ethnic working on behalf of other ethnics Wald developed a universal vision that was at odds with the ethnic particularism with which she is now identified These tensions between universalism and particularism assimilation and group belonging persist to this day Thus Feld concludes with an exploration of how after her death Wald s accomplishments have been remembered in popular perceptions and scholarly works For the first time Feld locates Wald in the ethnic landscape of her own time as well as ours **African**

**American Artists Performing for the Camera After 1970** Martyna Ewa Majewska, 2025-03-27 This study demonstrates how African American artists active since the 1970s have instrumentalized performance for the camera to intervene in existing representations of Black and Brown people in America and beyond Majewska argues that producing carefully designed photographs films and videos via performance became a key strategy for dismantling the conceptions of race and gender fixed by US popular culture jurisprudence and pseudoscience Studying the work of Adrian Piper Glenn Ligon Lyle Ashton Harris Senga Nengudi Maren Hassinger Howardena Pindell David Hammons and Pope L this book examines the ways

Strauss,2017-07-12 This book contains a major statement by one of America s most preeminent sociologists on what remains an important problem in American history and social analysis the nature and extent of movement within American society from one status to another The most important images of mobility involve self improvement by changing location going to the frontier coming to the big city and by changing social class second generation immigrants Almost all sociological and historical analysis has been limited to these themes Strauss extends the concept to a wide range of ideologies institutional contexts and social movements his analysis is based on a formal theory of status passage and develops a partial theory of mobility Strauss addresses a theme that underscores much of one strand of his work the changing articulation of individuals with their social structure and institutions The book follows on from the theoretical presuppositions of *Discovery of Grounded Theory* and the formal theory presented in *Status Passage* Strauss was continually concerned with American social and intellectual life in its historical and contemporary manifestations No one else has looked at the important phenomenon of mobility in this broad a context and from this point of view The book remains important to those concerned with the social history of America and with problems of social change *Ebony* ,1993-11 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine Everything Is True, Except the Parts I Made Up Ed George,F.
