CE 472: PRINCIPLES OF TRANSPORTATION ENGINEERING

## INTRODUCTION

Transportation occupies a high place in modern life. Advancement in all spheres of life has been to a large extent influenced by transportation. The formation of the nation's transportation system has been evolutionary, not the result of a grand plan. The process for planning transportation system should be a rational one that serves to furnish unbiased information about the effects that the proposed transportation project will have on the affected community and on users.

## OBJECTIVES

- Understand what is transportation
