

FINAL EXAM REVIEW - SEMESTER 1

UNIT 1 - Foundations

1. I can describe the basic ideas of the Declaration of Independence.

- Announced the separation of 13 North American British colonies from Great Britain
- It asserts that all men are created equal and are endowed by their Creator with certain unalienable rights, including life, liberty, and the pursuit of happiness
- The main business of the government is to protect these rights
- If a government tries to withhold these rights, the people are free to revolt and to set up a new government (The document emphasizes how tyranny is bad and not tolerated here)
- The Declaration justified the independence of the United States by listing colonial grievances against King George III and by asserting certain natural and legal rights, including a right of revolution

2. I can describe the basic ideas of the US Constitution.

- The U.S. Constitution established America's national government, fundamental laws, and guaranteed certain basic rights for its citizens
- It introduced the doctrine of separation of powers into three branches—executive, legislative, and judicial—along with a system of checks and balances to ensure no single branch would have too much power
- The Constitution embodies six big ideas: limited government, republicanism, checks and balances, federalism, separation of powers, and popular sovereignty
- Limited government means the government can only do what the people allow it to do
- Popular sovereignty asserts that the people are the source of any and all governmental power

3. I know the basic ideas of the Bill of Rights (know each separately) and the 13-19 Amendments. (NOT GOING TO BE TESTED ON NUMBERS)

4. Protection from unreasonable searches and seizures
5. Rights in criminal cases, including protection against double jeopardy and self-incrimination
6. Right to a fair trial
7. Right to a trial by jury
8. Protection from cruel and unusual punishment
