The Mexican War—Was It in the National Interest?

Part A.

Use the following documents as a resource in completing the chart that follows on the arguments for and against American expansion to the Pacific, even at the expense of war with Mexico, in the 1840s.

Document A

But I am in danger of running into unnecessary details, which my debility will not enable me to close. The question is full of interest, also, as it affects our domestic relations and as it may bear upon those of Mexico to us. I will not undertake to follow it out to its consequences in those respects, though I must say that, in all aspects, the annexation of Texas to the United States promises to enlarge the circle of free institutions, and is essential to the United States, particularly as lessening the probabilities of future collision with foreign powers, and giving them greater efficiency in spreading the blessings of peace.

Andrew Jackson in a letter to Cong. Aaron V. Brown of Tennessee,

February 12, 1843

Document B

John L. O'Sullivan, the influential Democratic editor who gave the movement its name, wrote in 1845 that the American claim to new territory . . . is by the right of our manifest destiny to overspread and to possess the whole of the continent which Providence has given us for the development of the great experiment of liberty and federative self government entrusted to us. It is a right such as that of the tree to the space of air and earth suitable for the full expansion of its principle and destiny of growth.

Richard N. Current et al., *A Survey of American History*, Vol. 1,
6th ed. (New York: Alfred A. Knopf, 1963), 373.

Document C

"We love to indulge in thoughts of the future extent and power of this Republic—because with its increase is the increase of human happiness and liberty. . . . What has miserable, inefficient Mexico—with her superstition, her burlesque upon freedom, her actual tyranny by the few over the many—what has she to do with the great mission of peopling the New World with a noble race? Be it ours, to achieve that mission! Be it ours to roll down all of the upstart leaven of old despotism, that comes our way!"

Walt Whitman, Editorial, *Brooklyn Daily Eagle*, July 7, 1846

Campbell, 1857 Imperialism and the Corruption of Democracies Herman Lebovics, 2006 In this important volume Herman Lebovics a preeminent cultural historian of France develops a historical argument with striking contemporary relevance

empire abroad inevitably undermines democracy at home These essays which Lebovics wrote over the past decade demonstrate the impressive intellectual range of his work Focusing primarily on France and to a lesser extent on the United Kingdom he shows how empire and its repercussions have pervaded and corroded Western cultural intellectual and social life from the mid nineteenth century to the present Some essays explore why modern Western democratic societies needed colonialism Among these is an examination of the seventeenth century philosopher John Locke s prescient conclusion that liberalism could only control democratic forces with the promise of greater wealth enabled by empire In other essays Lebovics considers the relation between overseas rule and domestic life Discussing George Orwell s tale Shooting an Elephant and the careers of two colonial officers one British and one French he contemplates the ruinous authoritarianism that develops among the administrators of empire Lebovics considers Pierre Bourdieu s thinking about how colonialism affected metropolitan French life and he reflects on the split between sociology and ethnology which was partly based on a desire among intellectuals to think one way about metropolitan populations and another about colonial subjects Turning to the arts Lebovics traces how modernists used the colonial exotic to escape the politicized and contested modernity of the urban West Imperialism and the Corruption of Democracies is a compelling case for cultural history as a key tool for understanding the injurious effects of imperialism and its present day manifestations within globalization ...
