Us And Them Pink Floyd:

Us and Them: The Authorised Story of Hipgnosis Mark Blake, 2023-02-02 Hugely entertaining history Mojo Between the late 60s and early 80s design house Hipgnosis created some of the most iconic and ubiquitous album artwork of all time Their original lifespan coincided with the golden age of the 12 inch LP beginning just as the Beatles Sgt Pepper made the record sleeve the ultimate blank canvas and ending just as new technology looked set to usurp vinyl Having originally been approached to design an album cover for their friends Pink Floyd students Aubrey Po Powell and Storm Thorgerson would go on to define the visual identity of rock and roll for the next fifteen years swiftly gaining international prominence for their famed The Dark Side of the Moon artwork This paved the way for other major musicians to set foot in the surreal photo design world of Storm and Po resulting in seminal Hipgnosis creations for the likes of Led Zeppelin Paul McCartney Genesis Black Sabbath ELO and Yes In this authorised account with access to previously unpublished material and exclusive contributions from David Gilmour Jimmy Page Peter Gabriel Roger Waters Robert Plant and even Aubrey Powell himself Mark Blake goes behind the scenes of the Hipgnosis partnership to reveal the pioneering ambition and grand vision that led to their success as well as the clashing egos and artistic differences that undermined it The Hipgnosis story also offers hitherto untold insight into some of music s most legendary bands as viewed through the prism of the people who shaped their imagery and cultural legacy With the work of Hipgnosis continuing to be referenced reproduced and revered worldwide Us and Them serves as a celebration a cautionary tale and a compelling human drama exploring the vital intersection between art and music

[Pink Floyd](#) Hugh Fielder, 2023-10-24 Pink Floyd Behind the Wall is a comprehensive history of the legendary band featuring photos album covers and posters as well as insight into their iconic songs and albums

Pink Floyd on track Richard Butterworth, 2023-09-27 Pink Floyd are one of the most innovative and enduringly successful bands in history 1973 s Dark Side of the Moon though far from the first concept album established a new model for quasi symphonic long form investigations into the human condition It is a record of thoughtfully poignant lyrics and some of the most powerful genre defining rock music ever made Roger Waters Rick Wright Nick Mason and the tragically brilliant Syd Barrett fused English whimsy with electrifying voyages through inner and outer space Their underground gigs are the stuff of psychedelic legend but between 1968 and 1971 with Barrett replaced by David Gilmour their sonic inquiries were never braver Some were delivered instantly while others were revealed slowly but all played crucial parts in rock s development During the 1970s the music matured as the messages darkened While Floyd continued to prove that emotional weight can be forged from deceptively modest arrangements the band s live spectaculars reached a pitch of technical complexity and extravagance none has matched With insightful analysis and witty objectivity Richard Butterworth appraises afresh Pink Floyd s official recorded canon from Arnold Layne to The Endless River and beyond to 2022 and the first all new Floyd music for 28 years Richard Butterworth s grown up career began in advertising first as a paste up artist and later as a graphic

designer Settling on copywriting for years he reaped the pleasures pains and penury of freelancing As a lifelong believer in the healing and redemptive power of music however he knew that humankind s highest art form would eventually saddle up and ride him into the sunset Today Richard lives in Cornwall UK with his partner Sue two golden retrievers a tenor saxophone and a justifiably ancient laptop computer on which he still writes about the music he loved before he was a grown up

The Four Components of a Fast-Paced Organization Robert Baird,2013-11-01 This book examines the four components that must be in place for manufacturing and service organizations to achieve world class business results leadership and mentoring process design and visual value streams organization structure for sustainment and fast knowledge sharing The book illustrates the author s actual experience working on a special Lean Sigma transformation at an organization going through a market alteration and having to consider outsourcing production to low cost countries The text illustrates how the four key components helped them achieve a doubling of productivity a 75% improvement to their yield and on time delivery above 90%

'Speak to Me': The Legacy of Pink Floyd's The Dark Side of the Moon Russell Reising,2017-10-03 The endurance of Pink Floyd s The Dark Side of the Moon on the Billboard Top 100 Chart is legendary and its continuing sales and ongoing radio airplay ensure its inclusion on almost every conceivable list of rock s greatest albums This collection of essays provides indispensable studies of the monumental 1973 album from a variety of musical cultural literary and social perspectives The development and change of the songs is considered closely from the earliest recordings through to the live filmed performance at London s Earls Court in 1994 The band became almost synonymous with audio visual innovations and the performances of the album at live shows were spectacular moments of mass culture although Roger Waters himself spoke out against such mass spectacles The band s stage performances of the album serve to illustrate the multifaceted and complicated relationship between modern culture and technology The album is therefore placed within the context of developments in late 1960s early 1970s popular music with particular focus on the use of a variety of segues between tracks which give the album a multidimensional unity that is lacking in Pink Floyd s later concept albums Beginning with Breathe and culminating in Eclipse a tonal and motivic coherence unifies the structure of this modern song cycle The album is also considered in the light of modern day tribute bands with a discussion of the social groups who have the strongest response to the music being elaborated alongside the status of mediated representations and their relation to the real Pink Floyd

School Songs and Gym Slips Marilyn Yurdan,2011-11-30 What was life really like in a grammar school in the 1950s and 60s For those educated at a grammar school during their heyday this time holds very special memories They were more than just the years of being taught Latin and domestic science custard and semolina school dinners and learning about the birds and the bees they were the formative years of a generation when those from all walks of life were given a uniform a code of behaviour and most importantly pride in the institution to which they belonged This generation of Baby Boomers holds a unique place in British history growing up during the years when the country was emerging from the shadow cast by the Second World War they were the first youngsters to benefit from the mod cons and innovations which were gradually being introduced With fascinating memories and details that will resonate with thousands of grammar school pupils across the country School

Songs and Gymslips is a heart warming collection of the experiences of the author and her contemporaries during a golden era *Spin* ,2005
