The Cyprus Detention Camps Yitzhak Teutsch,2019-07-23 Beginning in August 1946 stateless and visaless Jews most of them survivors of the Nazi death camps who sought to immigrate to the Land of Israel were intercepted by the Royal Navy and deported to the nearby island of Cyprus where they were detained in camps surrounded by barbed wire Despite occupying a dramatic and fateful position in modern history this saga has remained largely inaccessible due to the widespread dispersal of the primary sources and the linguistic difficulties presented by them To address these problems this book scrutinizes the scholarly literature consulting hundreds of primary sources many of them previously unknown on three continents bringing together interviews with scores of eyewitnesses and translating foreign language terms into English The result is a comprehensive meticulously footnoted guide that uses such tools as maps a detailed timeline and biographical entries to make this riveting saga accessible to a broad audience of scholars and general readers

Cult Love Letter for Luna Locus Synopsis Book 00 Howard,2022-12-05 Summary of the summary book of Love Letter for Luna The summaries in the book of summaries reads a bit like a short version of the letter It is meant both as a little teaser to evoke interest in the new world philosophy of the crazy theological scientist And reference Locus Synopsis What is theological science pray tell Do we need religion some ask And maybe there is an answer Something like a species that knows little about the universe and is becoming conscious of knowing they will freak out and make up some stories to feel safer at night So religion is likened unto a safety blanket Then we start to understand the cosmos We are in it and of it Can we know it all not likely But we can take more control of the planet we still depend on and the rest of the solar system Why Mostly because we can And thus we must In the Torah it was asked what if they should take from the tree of knowledge and become like us What s the answer They will know and no longer need believe No longer be ruled so easily by lies And the beautiful question from such an old book What if they take from the tree of life and live forever And there are two other questions that one will come upon when sitting long enough around the campfire and looking into the heavens Is there anything out there that can kill us Are there any resources to be had Once asked we have no choice For we know We are just getting started In the beginning are our stories The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945, Volume IV Geoffrey P. Megargee,Mel Hecker,2022-04-26 The United States Holocaust Memorial

Museum Encyclopedia of Camps and Ghettos 1933 1945 Volume IV aims to provide as much basic information as possible about individual camps and other detention facilities Why were they established Who ran them What kinds of prisoners did they hold What kinds of work did the prisoners do and for whom What were the conditions like The entries detail the sources from which the authors drew their material so future scholars can expand upon the work Finally and perhaps most important

this is a work of memorialization it preserves the histories of places where people suffered and died Volume IV examines an under researched segment of the larger Nazi incarceration system camps and other detention facilities under the direct control of the German military the Wehrmacht These include prisoner of war POW camps including camps for enlisted men camps for officers camps for naval personnel and airmen and transit camps civilian internment and labor camps work camps for Tunisian Jews brothels in which women were forced to have sex with soldiers and prisons and penal camps for Wehrmacht personnel Most of these sites have not been described in detail in the existing historical literature and a substantial number of them have never been documented at all The volume also includes an introduction to the German prisoner of war camp system and its evolution introductions to each of the various types of camps operated by the Wehrmacht and entries devoted to each individual camp representing the most comprehensive documentation to date of the Wehrmacht camp system Within the entries the volume draws upon German military documents eyewitness and survivor testimony and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the Wehrmacht Of particular note is the detailed documentation of the Wehrmacht's crimes against Soviet prisoners of war which have largely been neglected in the English language literature up to this point despite the fact that more than three million Soviet prisoners died in German captivity The volume also provides substantial coverage of the diverse range of conditions encountered by other Allied prisoners of war illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the Germans treatment of Soviet prisoners and those of other nationalities The volume also details the significant involvement of the Wehrmacht in crimes against the civilian populations of occupied Europe and North Africa As a result this volume not only brings to light many detention sites whose existence has been little known but also advances the decades old process of dismantling the myth of the clean Wehrmacht according to which the German military had nothing to do with the Holocaust and the Nazi regime's other crimes Decisions and Orders of the National Labor Relations Board United States.
