Urban Canada Harry Hiller:

Urban Canada Professor Department of Sociology Harry H Hiller, 2014-01-16 Cities are not just locations on a map they are diverse places in which human interaction unites and divides stimulates and antagonizes is structured and resisted Bringing together 17 chapters contributed by experts in the field Urban Canada offers a composite sketch of the dynamics of urbanization and the layered structure of urban life in Canada today Updated and revised throughout this third edition incorporates cutting edge research and offers brand new chapters on urban publicspaces and urban sustainability Urban Canada Harry H. Hiller, 2005 This book a succinct discussion on urban issues with specific focus on Canadian materials and the Canadian context Several features include Aboriginal urbanization in Canada extensive focus on both the rural and urban economy immigration crime and gender The overall emphasis of the text is to unite experts in the field of urban sociological issues from a Canadian perspective Home Informatics and Telematics: ICT for the Next Billion Alladi Venkatesh, Timothy Gonzalves, Andrew Monk, Kathy Buckner, 2007-11-15 This volume represents the papers reviewed and accepted for the HOIT2007 conference held at the Indian Institute of Technology Madras IIT M in the city of Chennai India in August 2007 The conference entitled Home Community Oriented ICT for the Next Billion addressed many major themes of current interest in this field In particular the focus was on community based technologies The conference was organized by IFIP working Group 9.3 Home Oriented Informatics and Telematics HOIT in association with the TeNeT Group of the Indian Institute of Technology Madras The conference papers cover a wide range of topics that transcend local national themes and engage us in global issues This was the first time the HOIT conference was held outside Europe or North America testifying to the growth and development of other regions of the world The conference included paper sessions panel discussions special keynote speaker presentations and poster sessions The topics were grouped under different themes Following are the five basic themes of the conference and a brief description of the papers that appear under each theme Empowerment and Digital Divide In their comparative analysis of South Africa and India Joseph and Andrew show how ICTs can have dramatic impact in two key areas alleviating poverty for rural women and achieving socio economic development goals In the next piece Malhotra and co authors discuss DesiCrew as a unique business process outsourcing BPO initiative in the context of rural areas in India Second Promised Land Harry H. Hiller, 2009 Explosive economic growth in resource rich Alberta has led to a stunning increase in its population In contrast to Ontario and British Columbia which have grown primarily through international migration Alberta has become a magnet for internal migrants contributing to population redistribution within Canada with significant national social and economic consequences Combining statistical analysis and ethnographic study Harry Hiller uncovers two waves of in migration to Alberta His innovative approach begins with the individual migrant and analyzes the relocation experience from origin to destination Through interviews with hundreds of migrants Hiller shows that migration is complex and dynamic shaped not just by what Alberta offers but also prompted by a process that begins in the

region of origin that makes migration possible and helps determine whether migrants stay or return home By combining a social psychological approach with structural factors such as Alberta's transition from a regional hinterland province to its emerging role in the global system discussions of gender The internet and folk culture Second Promised Land provides a multi-dimensional and deeply human account of a contemporary Canadian phenomenon [View from the Urban Loft](#) Sean Benesh, 2011-10-12 As the world hurtles towards urbanization at an ever increasing pace there arises the need for further theological reflection on the city Globalization international immigration and densification in cities are having a transformative impact on the urban landscape Urban mission is at the forefront of many denominations church planting networks ministries and mission organizations yearning for citywide transformation How are we to think biblically and theologically about the city View from the Urban Loft will take readers through the development of cities throughout history act as a guide to navigating the current forces shaping urban environments and seek to uncover a theology of the city that gives Christians a rationale and a biblical understanding of the meaning and purposes of the city and then how to live in it for the glory of God

The Impact and Evaluation of Major Sporting Events Holger Preuss, 2013-09-13 The aim of politicians is to attract new investment to their city or region in order to develop infrastructure such as telecommunications transportation housing or even sport and entertainment facilities Sporting events are also intended to achieve intangible ends such as a better image more know how stronger networks emotional commitment and additional cultural benefits and enhanced identity All these so called event structures can improve sites in a city region by strengthening certain location factors They may improve general living conditions in the longer term and also boost the income of citizens by attracting new businesses tourists conventions or new events Finally they may foster economic growth at the city regional or national level This collection is of particular interest for anyone who intends to enter a bidding process for a major sporting event It offers the host of an event a good introduction to the potential ways to generate economic benefits and will enhance understanding of the economics behind major sporting events This book was previously published as a special issue of European Sport Management Quarterly

[Screening Justice](#) Steven Kohm, Sonia Bookman, Pauline Greenhill, 2016-12-07T00:00:00Z What do Canadian films say about crime and justice in Canada What purpose do Canadian crime films serve politically and culturally Screening Justice is a scholarly exploration of films that focus on crime and justice in Canada Crime films are pivotal for understanding and shaping Canadian sensibilities by setting out widely available templates for thinking about crime and justice in Canadian society Spanning disciplines and examining films from across Canada Screening Justice is the first comprehensive Canadian volume on crime films that takes up cultural criminology's call for more critical scholarly analyses of the interplay between crime culture and society

The Tabernacled Presence of God Susan Booth, 2015-09-18 Although a large majority of believers agree that they should share their faith most report that they in fact do not That's not really all that surprising given today's pluralistic cultural setting But maybe this same culture's longing for transcendence

community and a place to call home points to a backstory that makes sense of it all. If such a narrative exists, it deserves a hearing, and those who know and live this story have both the responsibility and privilege of sharing its message of hope. The narrative of the Bible tells just such a story where God's purpose from the beginning has been to dwell or tabernacle in the midst of the people he has created. This book traces the theme of God's tabernacling presence across Scripture, reading the story afresh through a missional lens in order to gain insights for mission and gospel witness. The hope is that readers will awaken wide-eyed to the wonder of God's tabernacling presence in our midst that we will live in such a way that others recognize this reality and that we will boldly and joyfully share the good news of Jesus under the direction and power of his indwelling Spirit.

Universal Access in Human Computer Interaction. Coping with Diversity Constantine Stephanidis, 2007-08-24 This is the first of a three-volume set that constitutes the refereed proceedings of the 4th International Conference on Universal Access in Human Computer Interaction UAHCI 2007 held in Beijing, China. Sites of Governance Robert Young, Martin Horak, 2012 A rare glimpse into the world of public policy making in Canada's major cities.

The Olympic Winter Games at 100 Heather L. Dichter, Sarah Teetzel, 2023-12-11 2024 marks the 100-year anniversary of the winter sports week festival celebrated in Chamonix in 1924, which is now recognized as the first Olympic Winter Games. As a globally watched quadrennial mega-event, the Winter Olympics is unique from both summer sport festivals and other winter festivals such as the Winter X Games. This book explores the impacts, issues, and legacies of the past century of the Olympic Winter Games. Grounded in sport history, the chapters in this volume draw on the disciplines of cultural history, diplomatic history, global history, environmental history, and media history to analyze the continued allure of the Winter Olympics a century after its origin and in light of the sustained and significant problems facing the Olympic movement. Host cities' efforts to create positive and lasting legacies are analyzed to highlight the challenges and complexities that have plagued the Olympic movement throughout the last century. The Olympic Winter Games at 100 is essential reading for any researcher, advanced student, or scholar with an interest in Olympic Studies, sports development, sport policy, and history. The chapters in this book were published as two special issues in *The International Journal of the History of Sport* but now with a revised introduction and conclusion.

Urban Diversity Caroline Kihato, 2010-09-07 As the world's urban populations grow, cities become spaces where increasingly diverse peoples negotiate such differences as language, citizenship, ethnicity, and race, class, and wealth, and gender. Using a comparative framework, *Urban Diversity* examines the multiple meanings of inclusion and exclusion in fast-changing urban contexts. The contributors identify specific areas of contestation, including public spaces and facilities, governmental structures, civil society institutions, cultural organizations, and cyberspace. The contributors also explore the socioeconomic and cultural mechanisms that can encourage inclusive pluralism in the world's cities, seeking approaches that view diversity as an asset rather than a

threat Exploring old and new public spaces practices of marginalized urban dwellers and actions of the state the contributors to Urban Diversity assess the formation and reformation of processes of inclusion whether through deliberate actions intended to rejuvenate democratic political institutions or the spontaneous reactions of city residents *Church on the Way* Nell Becker Sweeden, 2015-07-17 The practice of Christian hospitality reaches back to the early centuries of Christian life as well as deep into Jewish history life and Scripture This practice is alive today in Christian churches and in parachurch organizations within the United States but new contextual realities in particular twenty first century global migration patterns have altered the conditions under which hospitality is practiced The reality of migration and its effect on human lives disrupts static conceptions of hospitality and challenges ecclesial communities toward contextual appropriation of hospitality practice This volume explores Christian hospitality practice in light of twenty first century U S Latino a migration and it develops the notion of a journeying hospitality of accompaniment with and among persons migrating which fosters deeper relationships and formation The shifting identities of persons on the move challenge assumptions about what it means to welcome another in hospitality and ultimately what it means to be church from within these new relationships In turn the new conceptions and expressions of hospitality offered in this book press how the nature and mission of the church will be oriented toward new ecclesial patterns and alternative forms of residing on earth **The Legacy of the Olympic Games,**

1984-2000 : International Symposium, Lausanne, 14th, 15th and 16th November 2002 Miquel de Moragas Spà, Christopher Kennett, 2003 **Environmental Anthropology Engaging Ecotopia** Joshua Lockyer, James R.

Veteto, 2013-04-01 In order to move global society towards a sustainable ecotopia solutions must be engaged in specific places and communities and the authors here argue for re orienting environmental anthropology from a problem oriented towards a solutions focused endeavor Using case studies from around the world the contributors scholar activists and activist practitioners examine the interrelationships between three prominent environmental social movements bioregionalism a worldview and political ecology that grounds environmental action and experience permaculture a design science for putting the bioregional vision into action and ecovillages the ever dynamic settings for creating sustainable local cultures

1981-1982 guide to departments of sociology, anthropology and archaeology in universities and museums in Canada / Annuaire 1981-1982 des départements de sociologie, d'anthropologie et d'archéologie des universités et des musées du Canada Kathleen Herman, Peter Carstens, 1982-01-01 Prepared for the Canadian Sociology and Anthropology Association and the Canadian Ethnology Society this is the third guide providing detailed information on 76 departments and 1 427 individual scholars for university departments of sociology anthropology and archaeology in Canada Bilingual Edition **1978-1979 guide to departments of sociology, anthropology, archaeology in universities and museums in Canada / Annuaire 1978-1979 des départements de sociologie, d'anthropologie, d'archéologie des universités et des musées au Canada** Kathleen Herman, Peter Carstens, 1978-01-01 Prepared for the Canadian Sociology and Anthropology Association

and the Canadian Ethnology Society this guide is a revision of one prepared in 1973 74 and provides detailed information on the 72 departments and 1 374 individual scholars for university departments of sociology anthropology and archaeology in Canada Bilingual Edition *Host Cities and the Olympics* Harry H. Hiller,2014 Rather than interpreting the Olympics as primarily a sporting event of international or national significance this book understands the Games as a civic project for the host city that serves as a catalyst for a variety of urban interests over a period of many years from the bidding phase through the event itself Traditional Olympic studies have tended to examine the Games from an outsider s perspective or as something experienced through the print media or television In contrast the focus presented here is on the dynamics within the host city understood as a community of interacting individuals who encounter the Games in a variety of ways through support opposition or even indifference but who have a profound influence on the outcome of the Games as actors and players in the Olympics as a drama Adopting a symbolic interactionist approach the book offers a new interpretive model through which to understand the Olympic Games by exploring the relationship between the Games and residents of the host city Key analytical concepts such as framing dramaturgy the public realm and the symbolic field are introduced and illustrated through empirical research from the Vancouver 2010 Winter Games and it is shown how the social media and shifts in public opinion reflected interaction effects within the city By filling a clear lacuna in the Olympic Studies canon this book is important reading for anybody with an interest in the sociology of sport urban studies event studies or urban sociology
