"I Have Nothing to Hide" Heidi Boghosian, 2021-07-13 An accessible guide that breaks down the complex issues around mass surveillance and data privacy and explores the negative consequences it can have on individual citizens and their communities No one is exempt from data mining by owning a smartphone or using social media or a credit card we hand over private data to corporations and the government We need to understand how surveillance and data collection operates in order to regain control over our digital freedoms and our lives Attorney and data privacy expert Heidi Boghosian unpacks widespread myths around the seemingly innocuous nature of surveillance sets the record straight about what government agencies and corporations do with our personal data and offers solutions to take back our information *I Have Nothing to Hide* is both a necessary mass surveillance overview and a reference book It addresses the misconceptions around tradeoffs between privacy and security citizen spying and the ability to design products with privacy protections Boghosian breaks down misinformation surrounding 21 core myths about data privacy including Surveillance makes the nation safer No one wants to spy on kids Police don't monitor social media Metadata doesn't reveal much about me Congress and the courts protect us from surveillance There's nothing I can do to stop surveillance By dispelling myths related to surveillance this book helps readers better understand what data is being collected who is gathering it how they're doing it and why it matters

Feral Eyes Glen Rocky Meyers, 2023-06-14 Wendi Feral's Eyes saw more than she wanted to admit *Feral Eyes* is the first novel in a series of thirteen with six completed and ready to be published Wendi Feral is the main protagonist we start at the beginning her childhood Wendi's life morphed at barely 18 months old she was tossed into a Gorilla exhibit at the San Francisco Zoo and nearly died saved by Rocco a Silverback Gorilla Needless to say her life forever was altered and her destiny rewritten Because of this traumatic accident she'd developed a 7th sense that haunted her like a second skin Wendi by the age of 5 years old had witnessed violent deaths kidnappings rape armed robberies sibling rivalries and family breakups Young Wendi was hospitalized enduring countless medical evaluations from Neurologists and child Psychiatrists analyzed by the CIA and likewise acronyms under constant surveillance and forced to be tested like a lab rat Helping Lil Wendi survive was an unwavering Love and Devotion from her parents Hey and all of this by the age of 5 years old Her story and life have many exciting experiences love suspense mystery twists and turns and never a dull moment At 19 years old Wendi opened her Feral Feedback business which produced trained animals for various tasks she worked for the FBI on many cases such as a mind boggling disorder causing a killer epidemic Readers seem perplexed at which Genre label should be attached to this story deciding it's a combination of Fantasy Adventure Crime drama Action thriller Mystery Horror Uuhhh a Potpourri mix

Pre-Employment Background

Investigations for Public Safety Professionals Frank A. Colaprete, 2012-05-10 Author Radio Interview Join Dr Frank A Colaprete for an upcoming interview on the Privacy Piracy show on KUCI 88.9FM Click here on September 2nd 2013 at 8:00 a.m. PST to listen in. Pre-employment investigations have been the subject of intense review and debate since 9/11 made the vetting of applicants a critical function of every organization. Nowhere has the scrutiny been more intense than in the public safety sector. Pre-Employment Background Investigations for Public Safety Professionals provides readers with the knowledge, investigative techniques, applicable laws, decision-making models, and tools to successfully implement and manage the process of pre-employment investigation. The book focuses on six key topics: Practical implications of pre-employment investigation; The pre-employment screening process; Legal issues in the hiring process; Medical and psychological standards of pre-employment screening; Informational sources; and the final investigative package. The past predicting the future of pre-employment investigations. Each chapter begins with learning objectives and key terms and concepts. Discussion questions and exercises appear at the end of each chapter to test readers' assimilation of the material. A comprehensive review of all the issues faced in the investigation and hiring process. This volume assists all stakeholders in the hiring arena by highlighting the critical steps involved in vetting a prospective employee. While no screening process can be completely failsafe, this volume enables decision makers to move confidently through the hiring process, quickly weeding out the most likely problematic hires so that the ideal employee can be selected.

Cyber Weaponry Henry Prunckun, 2018-04-04 There is little doubt that cyber space has become the battle space for confrontations. However, to conduct cyber operations, a new armory of weapons needs to be employed. No matter how many or how sophisticated an aggressor's kinetic weapons are, they are useless in cyber space. This book looks at the milieu of the cyber weapons industry as well as the belligerents who use cyber weapons. It discusses what distinguishes these hardware devices and software programs from computer science in general. It does this by focusing on specific aspects of the topic: contextual issues of why cyber space is the new battleground; defensive cyber weapons; offensive cyber weapons; dual-use weapons; and the implications these weapons systems have for practice. Contrary to popular opinion, the use of cyber weapons is not limited to nation-states, though this is where the bulk of news reporting focuses. The reality is that there isn't a sector of the political economy that is immune to cyber skirmishes. So this book looks at cyber weapons not only by national security agencies and the military but also by law enforcement and the business sector; the latter includes administrations termed non-government organisations (NGOs). This book offers study material suitable for a wide-ranging audience: students, professionals, researchers, policy officers, and ICT specialists.
