and Letters of Martin Luther Preserved Smith, 1968-11 First Published in 1968 Routledge is an imprint of Taylor Francis an informa company **The Life and Letters of Martin Luther** Preserved Smith, 2012-11-12 First published in 1968 It can hardly be denied that the men who have most changed history have been the great religious leaders Among the great prophets and with the possible exception of Calvin the last of world wide importance Martin Luther has taken his place His career marks the beginning of the present epoch for it is safe to say that every man in western Europe and in America is leading a different life to day from what he would have led and is another person altogether from what he would have been had Martin Luther not lived Granting as axiomatic that essential factors of the movement are to be found in the social political and cultural conditions of the age and in the work of predecessors and followers in short in the environment which alone made Luther s lifework possible there must still remain a very large element due directly and solely to his personality The present work aims to explain that personality to show him in the setting of his age to indicate what part of his work is to be attributed to his inheritance and to the events of the time but especially to reveal that part of the man which seems at least to be explicable by neither heredity nor environment and to be more important than either the character or individuality
