Furman,Cecelia E. Traugh,2021 What does it mean to teach for human dignity How does one do so This practical book shows how the leaders at four urban public schools used a process called Descriptive Inquiry to create democratic schools that promote and protect human dignity The authors argue that teachers must attend to who a child is and find a way to create classrooms that allow everyone to feel safe and express ideas Responding to the perennial question of how to cultivate teachers they offer an approach that attends to both ethical development and instructional methods They also provide a way forward for school leaders seeking to listen to and provide guidance for their staff At its core Descriptive Inquiry in Teacher Practice champions a commitment to schools as places in which children teachers and leaders can learn how to live and work well together Book Features 679 Illustrates how to take an inquiry stance toward the difficult issues that educators face every day 679 Examines how themes regularly addressed in foundations can be used to improve schools 679 Includes engaging portraits of progressive urban schools that showcase the qualities of the leaders that guide them 679 Demonstrates the power of a progressive and humanistic education for children of color and for those from lower income backgrounds **Math 65 2e Answer Key & Tests** Hake,2008-02-02 **Resources in Education** ,1997
