Young Adult and Canonical Literature Paula Greathouse, Victor Malo-Juvera, 2021-03-15 In the last decade alone the world has changed in seismic ways as marriage equality has been ruled on by the supreme court social justice issues such as metoo and BlackLivesMatter have arisen and issues of immigration and deportation have come to the forefront of politics across the

globe Thus there is a need for an updated text that shares strategies for combining canonical and young adult literature that reflects the changes society has and continues to experience The purpose of our collection is to offer secondary 6 12 teachers engaging ideas and approaches for pairing young adult and canonical novels to provide unique examinations of topics that teaching either text in isolation could not afford Our collection does not center canonical texts and most chapters show how both texts complement each other rather than the young adult text being only an extension of the canonical Within each volume the chapters are organized chronologically according to the publication date of the canonical text The pairings offered in this collection allow for comparisons in some cases for extensions in others and for critique in all Volume 2 covers The Canterbury Tales 1392 through Fallen Angels 1988 Law and Literature in Europe and Beyond Klaus Stierstorfer, 2025-05-27 This book aims to contribute to an understanding of the processes in which law and literature combine in conceptualizing Europe This can take place with regard to important national and local issues of wider significance or in the establishment of connections between European nations but also far beyond the confines of Europe where European concepts of law and literature have had cultural effects Justice, Migration, and Mercy Michael I. Blake, 2020 How should we understand the political morality of migration Are travel bans walls or carrier sanctions ever morally permissible in a just society This book offers a new approach to these and related questions It identifies a particular vision of how we might apply the notion of justice to migration policy and an argument in favor of expanding the ethical tools we use to include not only justice but moral notions such as mercy
