Short Courses At Unisa:

Practising Education, Training and Development in South African Organisations Melinde Coetzee, 2007 The book contains a unique and refreshingly new perspective on education training and development ETD practices in the 21st century workplace context It moves away from merely revamping known and traditional principles of ETD to providing the reader and student with practical tools and new perspectives on the changing and broadening role of the ETD practitioner in the workplace It contains new and transformative models practical applications and guidelines for students and readers on the South African outcomes based approach to ETD the profession and practice of ETD including quality assurance aspects

The Dynamics of Changing Higher Education in the Global South Busani Mpofu, Sabelo Ndlovu-Gatsheni, 2020-06-29 Today there are generally universities in Africa rather than African universities The legitimacy of the university in Africa is under serious questions now because of its complicity in racism patriarchy sexism colonialism capitalism genocide epistemicide linguicide culturecide and alienation In other words the university in Africa as we know it today is elitist and exclusionary Therefore rethinking the idea of the university is fundamental to overcoming its current deficiencies in the Global South This volume bringing together a number of national case studies and macro analyses on the dynamics of changing higher education in the Global South gestures towards the desired imagined decolonial African university which should be a site of multilingualism where African indigenous languages cosmologies and ontologies become a central part of its identity and soul intolerant of epistemicides linguicides and cultural imperialism but a site of cognitive and social justice that fully embraces the idea that all human beings are born into valid useful relevant and legitimate knowledge systems

Contested Issues in Training Ministers in South Africa Marilyn Naidoo, 2015-07-01 The purpose of this book is to engage challenging issues that are called into question during ministerial training This is a volume presenting eleven contested issues that attend to concerns related to structures processes knowledge and practices within theological education Contributors offer keen insights about how to think differently and more complexly about these matters within a changing South Africa It is an affirmation of the multiple voices locations identities and positions within South African theological education as a starting point for transformative theological education It is hoped that these reflections can enable future ministers to confront the question of how to be in the world with the required competence integrity and professional identity to meet the needs of church and society

Sustainable Development in Africa Walter Leal Filho, Rudi Pretorius, Luiza Olim de Sousa, 2021-07-09 This book serves the purpose of documenting and promoting African experiences on sustainable development which encompasses both formal and non formal education Sustainable development is very important to Africa but there is a paucity of publication which documents and promotes experiences from African countries Due to their complexity the interrelations between social economic and political factors related to sustainable development especially at universities need to be better understood There is also a real need to showcase successful

examples of how African institutions are handling their sustainability challenges It is against this background that this book has been produced It is a truly interdisciplinary publication useful to scholars social movements practitioners and members of governmental agencies and private companies undertaking research and or executing projects focusing on sustainability from across Africa As African nations strive to pursue the UN Sustainable Development Goals it is imperative to cater for the information needs seen across the continent and foster the dissemination of experiences and case studies which may support both on going and future efforts The scope of the book is deliberately kept wide and we are looking for contributions across the spectrum of sustainable development from business and economics to arts and fashion administration environment languages and media studies (u)Mzantsi Classics Samantha Masters,Imkhitha Nzungu,Grant Parker,2022-10-15 An Open Access edition of this book will be available on publication on the Liverpool University Press and African Minds websites Though Greco Roman antiquity classics has often been considered the handmaid of colonialism its various forms have nonetheless endured through many of the continent s decolonising transitions Southern Africa is no exception This book canvasses the variety of forms classics has taken in Zimbabwe Mozambique and especially South Africa and even the dynamics of transformation itself How does u Mzantsi classics of southern Africa look in an era of profound change whether violent or otherwise What are its future prospects Contributors focus on pedagogies historical consciousness the creative arts and popular culture The volume in its overall shape responds to the idea of dialogue in both the Greek form associated with Plato s rendition of Socrates wisdom and in the African concept of ubuntu Here are dialogues between scholars both emerging and established as well as students some of whom were directly impacted by the Fallist protests of the late 20 teens Rather than offering an apologia for classics these dialogues engage with pressing questions of relevance identity change the canon and the dynamics of decolonisation and potential recolonisation The goal is to interrogate classics the ways it has been taught studied perceived transformed and even lived from many points of view **The A to Z of Careers in South Africa** ,2004 **Human-Computer Interaction -- INTERACT 2013** Paula Kotzé,Gary Marsden,Gitte Lindgaard,Janet Wesson,Marco Winckler,2013-07-30 The four volume set LNCS 8117 8120 constitutes the refereed proceedings of the 14th IFIP TC13 International Conference on Human Computer Interaction INTERACT 2013 held in Cape Town South Africa in September 2013 The 57 papers included in the first volume are organized in topical sections on 3D navigation 3D technologies 3D object manipulation augmented reality cognitive workload cognitive workload and decision support creating effective 3D displays cross cultural intercultural and social issues data entry mechanisms and devices design and evaluation design and evaluation of prototypes design to support creativity designing for inclusiveness designing with and for people with special needs display manipulations and diversity ICT in social development Breakthrough: Corporate South Africa in a Green Economy Nhamo, Godwell,2014-05-05 This book addresses hot issues pertaining to the manner in which corporate South Africa has engaged the emerging green global economy Firstly the book profiles the green

and low carbon economy landscape in South Africa and interfaces it with global trends This way the book aligns very well in terms of the Rio 20 outcomes on The Future We Want that fully embraces the green global economy in the context of sustainable development and poverty eradication The rest of the chapters in the book profile breakthroughs from selected companies The book also comes as the second in a series that is addressing global and national concerns on the green global economy agenda The first book entitled Green Economy and Climate Mitigation Topics of Relevance to Africa was produced as part of the 17th Session of the Conference of Parties collaborative work carried out by the Institute of Global Dialogue the Africa Institute of South Africa and Unisa's Institute for Corporate Citizenship The book Breakthrough Corporate South Africa in the Green Economy comes in seven parts Part I focuses on the Green Economy Landscape This part considers both the international and national perspectives Parts II VI present different sector initiatives namely Mining and Energy Part II Banking and Insurance Part III Forest and Paper Part IV Industrial Part V and Retailing and Aviation Part VI The last part is made up of a single chapter dealing with Emerging Issues and Way Forward

Rethinking Learner Support in Distance Education Roger Mills, Alan Tait, 2004-08-02 Distance learning is becoming an increasingly popular way of studying and most universities now provide courses using these methods Today's students though are demanding high quality consumer focused and flexible courses as well as learning resources and active learner support This means that providers of distance education need to reconsider key issues about their learner support systems ensuring that this is delivered appropriately and effectively Considering the changing needs and demands of distance education students this book draws together contributions from the UK USA Hong Kong Australia Japan South Africa and Botswana to offer an international perspective on the challenges and opportunities of Information and Communication Technologies ICT quality assurance commercialisation and the learner as consumer the impact on learners of cultural differences on internationalised curricula the implications for learner support of a wider range of learners This book should be read by all those involved in developing and delivering distance education courses

EarthEd (State of the World) The Worldwatch Institute, 2017-04-20 Today's students will face the unprecedented challenges of a rapidly warming world including emerging diseases food shortages drought and waterlogged cities How do we prepare 9.5 billion people for life in the Anthropocene to thrive in this uncharted and more chaotic future Answers are being developed in universities preschools professional schools and even prisons around the world In the latest volume of State of the World a diverse group of education experts share innovative approaches to teaching and learning in a new era EarthEd will inspire anyone who wants to prepare students not only for the storms ahead but to become the next generation of sustainability leaders

Universities and Sustainable Communities: Meeting the Goals of the Agenda 2030 Walter Leal Filho, Ubiratã Tortato, Fernanda Frankenberger, 2019-09-25 The book showcases examples of university engagement in community initiatives and reports on the results from research and from a variety of institutional

projects and programmes As a whole the book illustrates how actors at the community microlevel and other levels meso and macro can make valuable and concrete contributions to the implementation of the Sustainable Development Goals SDGs and more specifically to achieving the objectives defined at the 2030 Agenda for Sustainable Development It is one of the outcomes of the Second World Symposium on Sustainability Science which was jointly organised by the Pontifícia Universidade Católica do Paraná Brazil the Research and Transfer Centre Sustainable Development and Climate Change Management and the European School of Sustainability Science and Research at Hamburg University of Applied Sciences Germany in cooperation with the Inter University Sustainable Development Research Programme IUSDRP *Finweek*, 2006-07 *Information in Motion:: The Journal Issues in Informing Science and Information Technology (Volume 7)* Eli Cohen, 2010 *The World Guide to CSR* Wayne Visser, Nick Tolhurst, 2017-09-08 The World Guide to CSR is the first book to provide comparable national profiles that describe the evolution and practice of Corporate Sustainability and Responsibility CSR for 58 countries and 5 global regions Each regional and national profile includes key information about the relevant CSR history country specific issues trends research and leading organizations The purpose of the book is to give CSR professionals including managers consultants academics and NGOs focusing on the social environmental and ethical responsibilities of business a quick reference guide to CSR in different regional and national contexts The need for the book is premised on the fact that CSR professionals and researchers more often than not have a multinational remit and are required to benchmark performance internationally but find that country specific CSR information is ad hoc limited or non-existent Even where national CSR research exists it is often hidden in academic journals that practitioners cannot access or do not have the time or inclination to read The book is an edited volume with expert contributors from around the world all of whom have been screened and selected on the basis of their qualifications and experience in CSR Each regional country profile includes the following subsections CSR in context Priority issues Trends Legislation and codes Organizations Case studies Educational institutions References This unique resource will be an essential acquisition for all organisations who need to benchmark their CSR strategies throughout different regions and cultures and want the best possible intelligence on the key issues and concerns relating to corporate social responsibility in all of the markets in which they operate The National Agricultural Directory 2011, 2010 Glocal Theological Education Bård Norheim, Shantelle Weber, 2024-06-14 This book presents a vision for Glocal Theological Education an invitation to rethink and reshape theological training in times of crisis The aim is to train theological judgment the ability to exercise sound judgment and practice discernment in the face of the different crises in the world of today like the climate crisis the changed role of the church and the challenge of youth citizenship It explores what has been learned from developing shared global learning within the framework of local learning communities in Norway South Africa and beyond The book also discusses key practices such as the combination of coteaching online and learning in local contexts and best practice research on other educational activities Contributors also

reflect more theoretically on where how and what we can learn from crisis and how these theoretical insights can help us shape theological leaders for the future who can read the times **Education and Corporate Social Responsibility**

Jamilah Ahmad, David Crowther, 2013-02-20 This volume examines the practice of embedding corporate social responsibility into academic curricula Management Studies in South Africa Shaun Ruggunan, R. Sooryamoorthy, 2018-09-20 This book examines the trajectory of management studies in South Africa during the apartheid and post apartheid periods The unique political journey of South Africa provides a distinctive context in which to explore the progression of management studies within a developing state The authors consider how Apartheid has configured the discipline of management studies to reflect certain racial institutional and gendered trends and analyse the extent to which these trends have adapted or changed in post Apartheid times Appealing to management scholars and professionals this book provides implications for policy and practice within the South African higher education sector and presents avenues for future research **The National Skills Development Handbook 2010/11** ,2010
