Ashenberg Straussner, Jordan Dann**

## **Transformational Chairwork Using Psychotherapeutic Dialogues In Clinical Practice:**

**Transformational Chairwork** , Scott Kellogg, 2014-12-18 Transformational Chairwork Using Psychotherapeutic Dialogues in Clinical Practice is an exposition of the art and science of Chairwork It is also a practical handbook for using the Chairwork method effectively with a wide range of clinical problems Originally created by Dr Jacob Moreno in the 1950s and then further developed by Dr Fritz Perls in the 1960s Chairwork has been embraced and re envisioned by therapists from cognitive behavioral existential Jungian experiential psychodynamic and integrative perspectives Transformational Chairwork builds on this rich and creative legacy and provides a model that is both integrative and trans theoretical The book familiarizes clinicians with essential dialogue strategies and empowers them to create therapeutic encounters and re enactments Chairwork interventions can be broadly organized along the lines of external and internal dialogues The external dialogues can be used to help patients work through grief and loss heal from interpersonal abuse and trauma manage difficult relationships and develop and strengthen their assertive voice The internal dialogues in turn focus on resolving inner conflicts combatting the negative impact of the inner critic and the experience of self hatred working with dreams and nightmares and expanding the self through polarity work Using both internal and external strategies this book explores how Chairwork dialogues can be a powerful intervention when working with addictions social oppression medical issues and psychosis This is done through the use of compelling clinical examples and scripts that can be read studied and enacted Chairwork's central emphasis is helping patients express each of their voices as distinctly and as forcefully as possible The book concludes with a review of the deepening technique the strategies that therapists can use to help facilitate clarity and existential ownership

**Experiential Therapies for Treating Trauma** Evan Senreich, Shulamith Lala Ashenberg Straussner, Jordan Dann, 2024-12-16 Experiential Therapies for Treating Trauma offers 17 chapters with 15 of them focusing on a different experiential psychotherapy for treating trauma written by clinicians with expertise in that modality No other book contains descriptions of such a wide array of experiential therapies under one cover Readers will obtain both a comprehensive overview of the many experiential therapies that are currently utilized and specific knowledge regarding how to utilize each of them in psychotherapy practice The authors of each chapter emphasize that in working with clients impacted by trauma there is a need for the use of therapeutic modalities that go beyond the cognitive processes central to talk therapy and incorporate more holistic sensory approaches that emphasize the building of a strong relationship between the client and therapist Both experienced clinicians and students will find this book to be an invaluable resource to enhance their knowledge of how to use experiential therapies and to motivate them to obtain advanced training in modalities that spark their interest

**Very Brief Cognitive Behavioural Coaching (VBCBC)** Windy Dryden, 2017-03-27 Windy Dryden presents VBCBC a unique approach to coaching from a cognitive behavioural perspective which takes place over the course of one to three sessions The approach is designed to help coachees identify at least one major objective discuss and select

ways to achieve it and if necessary deal with obstacles that they experience in pursuing it The book presents the basic assumptions of the Very Brief Cognitive Behavioural Coaching VBCBC approach how it can be understood from the perspective of working alliance theory and recommendations concerning when it can be used and when not     *Transactional Analysis* Mark Widdowson,2023-11-09 The second edition of *Transactional Analysis 100 Key Points and Techniques* synthesizes developments in Transactional Analysis TA and psychotherapy research making complex ideas accessible and offering therapists practical guidance on refining TA psychotherapy skills Divided into seven parts the 100 key points cover The philosophy theory methods and critique of the main approaches to TA New developments and approaches in TA TA perspectives on the therapeutic relationship Client assessment diagnosis and case formulation Contracting and treatment planning using TA A troubleshooting guide to avoiding common pitfalls Refining therapeutic skills Specific updates incorporate emergent approaches in TA recent developments in the understanding of neurodiversity and current best practice thinking This book is essential reading for trainee and beginner TA therapists as well as experienced practitioners looking to update their field knowledge for a skilful and mindful application of this cohesive system of psychotherapy
