Translation, Humour and Literature Delia Chiaro, 2010-11-25 *Translation, Humour and Literature*, 2012

Translation, Humour and Literature Delia Chiaro, 2010 Translation studies and humour studies are disciplines that have been long established but seldom looked at in conjunction This volume uses literature as the common ground and examines issues of translating humour within a range of different literary traditions It begins with an analysis of humour and translation in every day life including jokes and cross cultural humour and then moves on to looking at humour and translation in literature through the ages Despite growing interest and a history of collaborative study there has been little translation studies scholarship published in **Translation, Humour and Literature** Delia Chiaro, 2010 Translation studies and humour studies are disciplines that have been long established but seldom looked at in conjunction This volume uses literature as the common ground and examines issues of translating humour within a range of different literary traditions It begins with an analysis of humour and translation in every day life including jokes and cross cultural humour and then moves on to looking at humour and translation in literature through the ages Despite growing interest and a history of collaborative study there has been little translation studies scholarship published in **Stylistics** Jane Lugea, Brian Walker, 2023-10-03 This textbook introduces the reader to contemporary approaches to language analysis such as cognitive stylistics and corpus stylistics reflecting recent shifts in research trends and offering students a practical way to access and understand these developments The authors lead readers through detailed explanations guided analyses examples of research and suggestions for further reading This textbook makes an ideal introduction to the field of stylistics for students who are new to the area but who have some background in basic language analysis It will be of use to students on courses in stylistics literary linguistics corpus methods cognitive linguistics and language and style **Unsettling Translation** Mona Baker, 2022-05-31 This collection engages with translation and interpreting from a diverse but complementary range of perspectives in dialogue with the seminal work of Theo Hermans A foundational figure in the field Hermans's scholarly engagement with translation spans several key areas including history of translation metaphor norms ethics ideology methodology and the critical reconceptualization of the positioning of the translator and of translation itself as a social and hermeneutic practice Those he has mentored or inspired through his lectures and pioneering publications over the years are now household names in the field with many represented in this volume They come together here both to critically re-examine translation as a social political and conceptual site of negotiation and to celebrate his contributions to the field The volume opens with an extended introduction and personal tribute by the editor which situates Hermans's work within the broader development of critical thinking about translation from the 1970s onward This is followed by five parts each addressing a theme that has been broadly taken up by Theo Hermans in his own work translational epistemologies historicizing translation performing translation centres and peripheries and digital encounters This is important reading for

translation scholars researchers and advanced students on courses covering key trends and theories in translation studies and those engaging with the history of the discipline The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Music, Text and Translation Helen Julia Minors, 2013-05-23 Explores the roles that translation plays in a musical context questioning the transference of sense between music and text

Humour in Self-Translation Margherita Dore, 2022-10-15 This book explores an important aspect of human existence humor in self translation a virtually unexplored area of research in Humour Studies and Translation Studies Of the select group of international scholars contributing to this volume some examine literary texts from different perspectives sociological philosophical or post colonial while others explore texts in more extraneous fields such as standup comedy or language learning This book sheds light on how humour in self translation induces thoughts on social issues challenges stereotypes contributes to recast individuals in novel forms of identity and facilitates reflections on our own sense of humour This accessible and engaging volume is of interest to advanced students of Humour Studies and Translation Studies

Translating Humour Jeroen Vandaele, 2016-04-08 It is all too often assumed that humour is the very effect of a text But humour is not a perlocutionary effect in its own right nor is laughter The humour of a text may be as general a characteristic as a serious text's seriousness Like serious texts humorous texts have many different purposes and effects They can be subdivided into specific subgenres with their own perlocutionary effects their own types of laughter or even other reactions Translation scholars need to be able to distinguish between various kinds of humour or humorous effect when comparing source and target texts especially since the notion of effect pops up so frequently in the evaluation of humorous texts and their translations In this special issue of *The Translator* an attempt is made to delineate types of humorous effect through careful linguistic and cultural analyses of specific examples and or the introduction of new analytical tools For a translator who is both a receiver of the source text and sender of the target text such analyses and tools may prove useful in grasping and pinning down the perlocutionary effect of a source text and devising strategies for producing comparable effects in the target text For a translation scholar who is a receiver of both source and target texts the contributions in this issue will hopefully provide an analytical framework for the comparison of source and target perlocutionary effects

Translation and Translation Studies in the Japanese Context Nana Sato-Rossberg, Judy Wakabayashi, 2012-10-11 Expands the range and depth of translation studies scholarship by looking at the Japanese culture of translation from the pre Meiji era to the modern day

Introducing Translation Studies Jeremy Munday, 2013-02-28 This is the definitive guide to the theories and concepts that make up the dynamic field of translation studies Providing an accessible and fully up to date overview of key movements and theorists within an expanding area of study this textbook has become a key source for generations of translation students on both professional and university courses New features in this third edition include the latest research incorporated into each chapter including linguistic

precursors models of discourse and text analysis cultural studies and sociology the history of translation and new technologies a new chapter with guidelines on writing reflective translation commentaries and on preparing research projects and dissertations more examples throughout the text revised exercises and updated further reading lists throughout a major new companion web site with video summaries of each chapter multiple choice tests and broader research questions This is a practical user friendly textbook that gives a comprehensive insight into how translation studies has evolved and is still evolving It is an invaluable resource for anyone studying this fascinating subject area

Global Trends in Translator and Interpreter Training Séverine Hubscher-Davidson, Michal Borodo, 2012-05-31 Analyzes topics and issues in translator and interpreter training focussing on areas that are new and underexplored yet crucial for translator interpreter practice

Between Laughter and Satire Conal Condren, 2023-03-17 This book explores closely related aspects of the historical study of humour It challenges much that has been taken for granted in a field of study for which history has been marginal It disputes the conventional genealogical view that humour theory dates from antiquity and outlines an alternative conceptual history It critically examines the nostrum that humour is universal It then explores the methodological difficulties in treating both verbal and non verbal humour historically dealing with contextualisation intentionality translation and reception It explores the variable relationships between satire and definition and concludes with a detailed case study from recent history the iconic Yes Minister and Yes Prime Minister television comedies These are commonly seen as realistic but better understood as presenting popularised theories for satiric and propagandistic effect Only in their treatment of language can we assess a putative political realism The satires are often highly perceptive but largely dependent on misleading and inadequate theories of political discourse Conal Condren is an Emeritus Scientia Professor at UNSW a member of two Cambridge Colleges and a fellow both of the Australian Academy of the Humanities and The Social Sciences in Australia He has published widely and principally in early modern intellectual history Among his books are The Status and Appraisal of Classic Texts Argument and Authority in Early Modern England Political Vocabularies Word Change and the Nature of Politics

The Pragmatics of Humour in Interactive Contexts Esther Linares Bernabéu, 2023-05-15 Recent years have seen a burgeoning interest in interactional humour from social and pragmatic perspectives with fascinating results Released more than a decade later than Norrick and Chiaro 2009 Humor in Interaction The Pragmatics of Humour in Interactive Contexts gathers some of the most recent work on humour in interaction with contributions taking meta pragmatic approaches to the analysis of various genres of interactive humour in both online and offline settings This volume illustrates that a range of methodologies and perspectives can be applied to the study of such a complex phenomenon These include analyses with a cognitive orientation and with multimodal approaches work based on Relevance Theory the General Theory of Verbal Humour and Conversation Analysis among others In addition all the authors represented here are recognised experts on the subject and in most cases are leading specialists in their respective fields The book can be of use not only to scholars who

study the linguistics of humour in interaction but also to students who wish to pursue research in the area

Quality In Professional Translation Joanna Drugan, 2013-01-03 This book questions the prevalent assumption that ethnicity and nationalist politics had nothing to do with the Cold War and that far from being frozen until the fall of communism they remained central to the conflict in Europe Leading scholars bring their understanding of particular regions to bear on the wider issue of why ethnic explanations were written out of the discourse and whether this was a failure on the part of Western observers This in turn has led to an overly simple understanding of power flowing downwards from superpower to nation state and from state to society Engaging with key thinkers such as Gaddis Moynihan and Adam Roberts this collection ultimately allows such speculation to be replaced by historical research and bridges the gap between high politics and ethnic concerns

The Pragmatic Translator Massimiliano Morini, 2013-01-01 Showcases a descriptive theory of translation based on pragmatics describing all processes and products of translation on the performative interpersonal and locative axes
