war criminals were convicted This rewrites the history of human rights in the wake of World War II which is too focused on the few trials at Nuremberg and Tokyo Until a protracted lobbying effort by Plesch and colleagues the UNWCC s files had been kept out of public view in the UN archives under pressure from the US government The US initially wanted the files closed to smooth the way for post war collaboration with Germany and Japan and the few researchers who did gain permission to see the files were not permitted to even take notes until the files recent release Now revealed the precedents set by these cases should have enormous practical utility for prosecuting war crimes today United States of America
