Our Spiritual Destiny Frederick R. Kipp, 2007-10-22 Our Spiritual Destiny Manifesting New Bodies discusses the ways that evolutionary forces are continuing to unfold through all gradations of life It explains the purpose of human life as the expansion of Consciousness in matter through ongoing body development We have the choice to fulfill this purpose consciously at an accelerated pace by changing and raising the matter of our bodies to a level of our divine essence Utilizing the capacities of our Higher Selves within an initiatory framework of growth and transmutation we can actively participate in our body development thereby helping to expedite the manifestation of new bodies The following are passages from various chapters in the book From Alignment Clarification Many of the ancient wisdom traditions sacred religious texts and modern day writers have all alluded to some form of physical transcendence life extension or the raising and refinement of the physical body From the past each culture religion or entity has its own interpretation and language of what the stories mean or symbolize and how they apply to the present day I believe that many of these references relate to physical ascension physical body perfection or physical immortality All include the same premise that our bodies are of a nature and essence which enable their transformation From Our Journey into Matter I have come to see all of creation as a work in progress gradually working its way towards fulfillment Through evolutionary forces matter is continually being prepared to express ever higher aspects of Consciousness in our physical life It may not always seem like it but I also believe we are important agents of change for the expansion of consciousness in the world Our immortal human spirit repeatedly reincarnates within humanity with increasing experience to help unfold and expand a higher plan for matter However our main problem with this task is that by taking physical form in matter bodies we cannot remember our divine origins in the inner unseen realms From Remembering Some religious scholars suggest that the essence of all sacred material is somehow buried deep within our being If this is true then helping us remember must be the intent and purpose of all divinely inspired sacred books spiritual literature and cultural myths in the world Somewhere in our Being or Higher Self we already know the purpose of physical

life in matter As evolution progresses and our consciousness expands through time we are incrementally working towards remembering this purpose From Spiritual Orientation and Alignment For most of us the physical demands of our daily lives capture our conscious attention and vital energies This happens gradually within our ritualized patterns and daily activities Through this physical focus and orientation the crystallizing force in matter constructs barriers within our consciousness and bodies that maintain and reinforce this alignment Because of its compelling and coalescing nature our life energies are drained through attachment to the form and routine of our lives As a result we usually feel and believe we have little left over to devote to our spiritual development From Health and New Body Alignment Most people have grown up with a body centered identity Everything about living in the world seems to condition us to identify with this orientation The realities of physical life throughout history have encouraged us to strengthen build up or perfect our natural body in one way or another This alignment has ensured the survival of our species Even today in our modern world we continue to value the attributes of physical strength fitness and vitality as the ultimate experience of a good life From the standpoint of our present bodies and our collective beliefs about them this orientation is helpful and necessary However     *Affinity* Amarah Quan Yin,2001-10-01 Amarah Quan Yin s this collection of channeled teachings on the nature of spiritual initiation mystery schools and how to access energies for personal transformation By the author of The Pleiadian Workbook 40 000 copies sold More than 25 recorded transmissions from Ascended Masters St Germain Elohim Mother Mary and many others Includes guided meditations and exercises for everyday life Learn how to live in divine flow deepen your spiritual connection to the divine source and access spiritual guidance in becoming a true Master Being of Light In this series of channeled transmissions Amarah Quan Yin provides a fascinating chronicle of human spiritual evolution from a galactic perspective Quan Yin teaches that there is infinite loving assistance available to humanity from the higher dimensions In *Affinity* she transmits the wisdom of the Ascended Masters Angels and others to assist us in learning how to receive this help and attain personal transformation Drawing on the wisdom of Goddess Antares and the gentle support of the Dolphin Star Temple Higher Council Quan Yin explains how to retune our bodies minds emotions and spirits to the divine flow of the universe Mother Mary teaches us how to remove ourselves from negative astral planes From Elohim we learn how to work with our cellular structure on a spiritual plane This extensive collection of teachings offers specific exercises and techniques to align us with our divine selves     *Restoring Prana* Robin L.
