Translated Paper 2 Afrikaans Poems 2014:

Literary Translation, Reception, and Transfer Norbert Bachleitner, 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature Oral Bible Translation and Biblical Performance in Southern Siberia

Bronwen Cleaver, 2025-08-05 This book is about designing a contextualized performance based on biblical passages translated by oral Bible translation to give oral preference learners in the Republic of Altai the best possible access to Scripture It presents a model for other oral Bible teams to translate and perform biblical texts in culturally relevant ways The work explores key issues the internalization process orally translating non narrative genres extra linguistic exegesis using local poetic features in oral biblical translations creating notes for translation teams and integrating audience responses into the translation A comprehensive literature review covers orality biblical literacy performance criticism functional translation complexity theory multimodality and hospitality theory Research includes interviews with oral Bible translation teams using internalization and studies of Altai epic poetry featuring interviews with Altai epic singers and musicians The book culminates in describing the crafting of an oral presentation based on the Altai epic story genre and its evaluation by local Altai audiences in focus groups This demonstrates how oral Bible translation can effectively engage communities This approach ensures that Scripture is not only translated but also communicated in a manner that resonates deeply with the cultural and oral traditions of the audience making it more accessible and impactful **Monographic Series** Library of Congress, 1977

Writing the Earth, Darkly Isabel Hoving, 2017-02-08 Why do we find so many references to nature and the environment in the many Caribbean literary texts that try to come to terms with the contemporary age of globalization Even when these novels and poems do not seem to be concerned with environmental issues at all they abound with fragrant creepy or dark references to flowers insects trees gardens and mud This book discusses a range of Anglophone and Dutch language Caribbean literary texts to propose an answer It shows that some writers evoke nature to question oppressive

notions of what is natural and what is not when it comes to race gender and desire Other writers choose to counter the destructive dichotomies of wildness order nature culture nature human that marked colonialism Instead they represent the environment as a field of interconnectedness marked by intense semiotic interaction in which human beings are also implicated But writing about nature can also be a means to reconnect with the very foundations of life itself In the most dramatic cases references to nature evoke an extra discursive space that then functions to subvert existing discourses That space may even mark the site of the annihilation of discourse or of the self These texts suggest that in times of globalization it is only the dark queer turn to matter that will free the path to imagining human existence in a new way The book s proposal to understand some of these fascinating texts as an effort to relate to the mind baffling explosive real is inspired by postcolonial trauma theory posthumanism and new materialism However Caribbean literature is a layered practice that does much more than merely explore the world s materiality It works simultaneously as cultural critique counter discourse and as the manipulation of affect This book therefore brings together ecocriticism with Caribbean and postcolonial studies the study of globalization trauma theory the study of gender and sexuality posthumanism and new materialism to bring out the full complexity of these wise texts Thus it hopes to show its readers their extraordinary innovative potential In-Verse Maria Paola Guarducci, Francesca Terrenato, 2022-02-17T00:00:00+01:00 Terra casa e madrepatria lingua espressione e corpo genealogie antropologie e archeologie poetiche traduzioni letture e performance come si intrecciano si sciolgono si complicano questi nessi nel panorama della poesia femminile sudafricana in inglese e afrikaans Quali racconti e quali suoni ricompongono la memoria lacerata delle donne riscrivono la Storia le storie da nuovi punti di vista riconciliano passato presente e prospettive future Questo saggio offre uno sguardo su un corpus di testi di autrici sudafricane per lo pi inedite in Italia e qui raccolti secondo un criterio che non intende appiattare le differenze per costruire un quadro univoco ma al contrario esaltare le caleidoscopiche rifrazioni di un arte quella della parola poetica che germogliata da antiche radici e tradizioni presenti nel paese anche di matrice europea si apre ai temi relativi a genere e identit all impegno politico e ai nuovi media **Bibliografi ya Sesotho sa Leboa go fihla ka 1993** ,1994 **German as Contact Zone** Russell West-Pavlov, 2019-09-09 This book suggests that linguistic translation is one minute province of an immense process of creative activity that constitutes the world as an ongoing dynamism of unceasing transformation Building upon the speculative quantum gravity theory which provides a narrative of the push pull dynamics of transformative translation from the very smallest scales of reality to the very greatest this book argues that the so called translative turn of the 1990s was correct in positing translation as a paradigmatic concept of transformation More radically the book stages a provocative provincialization of linguistic translation so that literary translation in particular is shown to display a remarkable awareness of its own participation in a larger creative contact zone As a result the German language literary translations in and out of German and the German language classroom can be understood respectively as quantum contact zones Russell West Pavlov
