**Written Comments on H.R. 2636, the Technical Corrections Act of 1987: Comments on Title VII through Title XI of the Tax Reform Act of 1986**, 1988      **Your Average Nigga** Vershawn Ashanti Young, 2007-03-01 An engrossing autobiographical exploration of black masculinity as a mode of racial and verbal performance In Your Average Nigga Vershawn Ashanti Young disputes the belief that speaking Standard English and giving up Black English Vernacular helps black students succeed academically Young argues that this assumption not only exaggerates the differences between two

compatible varieties of English but forces black males to choose between an education and their masculinity by choosing to act either white or black As one would expect from a scholar who is subject to the very circumstances he studies Young shares his own experiences as he exposes the factors that make black racial identity irreconcilable with literacy for blacks especially black males Drawing on a range of interdisciplinary scholarship in performance theory and African American literary and cultural studies Young shows that the linguistic conflict that exists between black and white language styles harms black students from the inner city the most If these students choose to speak Standard English they risk alienating themselves from their families and communities and if they choose to retain their customary speech and behavior they may isolate themselves from mainstream society Young argues that this conflict leaves blacks in the impossible position of either trying to be white or forever struggling to prove that they are black enough For men this also becomes an endless struggle to prove that they are masculine enough Young calls this constant effort to display proper masculine and racial identity the burden of racial performance Ultimately Young argues that racial and verbal performances are a burden because they cannot reduce the causes or effects of racism nor can they denaturalize supposedly fixed identity categories as many theorists contend On the contrary racial and verbal performances only reinscribe the essentialism that they are believed to subvert Scholars and teachers of rhetoric performance studies and African American studies will enjoy this insightful volume

*Critical Dilemma* Neil Shenvi, Pat Sawyer, 2023-10-03 Where Are Critical Theory and the Social Justice Movement Taking Us Critical theory and its expression in fields such as critical race theory critical pedagogy and queer theory are having a profound impact on our culture Contemporary critical theory's ideas about race class gender identity and justice have dramatically shaped how people think act and view one another in Christian and secular spheres alike In *Critical Dilemma* authors Neil Shenvi and Pat Sawyer illuminate the origins and influences of contemporary critical theory considering it in the light of clear reason and biblical orthodoxy While acknowledging that it can provide some legitimate insights regarding race class and gender *Critical Dilemma* exposes the false assumptions at the heart of critical theory arguing that it poses a serious threat to both the church and society at large Drawing on exhaustive research and careful analysis Shenvi and Sawyer condemn racism urge Christians to seek justice and offer a path forward for racial healing and unity while also opposing critical theory's manifold errors

**Performance Studies in Motion** Atay Citron, Sharon Aronson-Lehavi, David Zerbib, 2014-02-27 *Performance Studies in Motion* offers

multiple perspectives on the current field of performance studies and suggests its future directions. Featuring new essays by pioneers Richard Schechner and Barbara Kirshenblatt Gimblett and by international scholars and practitioners, it shows how performance can offer a new way of seeing the world and testifies to the dynamism of this discipline. Beginning with an overview of the development of performance studies, the essays offer new insights into contemporary experimental and postdramatic theatre, participatory performance and museum exhibitions, the performance of politicians, political institutions and grassroots protest movements, theatricality at war and in contemporary religious rituals and performative practices in therapy, education and life sciences. Employing original reflexive approaches to concrete case studies and situations, contributors introduce a variety of applications of performance studies methodologies to contemporary culture, art and society, creating new interdisciplinary links between the arts, humanities and social and natural sciences. With studies from and about places as diverse as Austria, Belgium, China, France, Germany, Israel, Korea, Palestine, the Philippines, Poland, Rwanda and the USA, *Performance Studies in Motion* showcases the vitality and breadth of the field today.
