Ronald Kessler Secret Service :

The First Family Detail Ronald Kessler, 2014-08-05 NEW YORK TIMES BESTSELLER Ron Kessler appears to get everything first. As in a play, presidents, vice presidents, and presidential candidates perform onstage for the public and the media. What the nation's leaders are really like and what goes on behind the scenes remain hidden. Secret Service agents have a front row seat on their private lives and those of their wives and children. Crammed with new headline-making revelations, *The First Family Detail* by New York Times bestselling author Ronald Kessler tells that eye-opening, uncensored story. *The First Family Detail* reveals Vice President Joe Biden regularly orders the Secret Service to keep his military aide with the nuclear football a mile behind his motorcade, potentially leaving the country unable to retaliate in the event of a nuclear attack. Secret Service agents discovered that former president Bill Clinton has a blond mistress code named Energizer by agents who lives near the Clintons home in Chappaqua, New York. The Secret Service covered up the fact that President Ronald Reagan's White House staff overruled the agency to let unscreened spectators get close to Reagan as he left the Washington Hilton, allowing John W. Hinckley Jr. to shoot the president. Because Hillary Clinton is so nasty, agents being assigned to her protective detail is considered a form of punishment and the worst assignment in the Secret Service. Kessler's such a skilled storyteller you almost forget this is dead serious nonfiction. Newsweek

Careers in the Secret Service Adam Woog, 2014-01-01 While the Secret Service is thought of synonymously with the President of the U.S., only one agent has ever died in the line of duty protecting a President. Private Leslie Coffelt was killed during his duty of protection of President Harry Truman. Readers will learn that there is a rich, varied history of the Secret Service and that there are several different positions within the service. They will learn about the education, training, and equipment that candidates would need for different roles. Fascinating personal stories are shared as well, giving readers an up-close look at life in the service. **In**

the President's Secret Service Ronald Kessler, 2009-08-04 After conducting exclusive interviews with more than one hundred current and former Secret Service agents, bestselling author and award-winning reporter Ronald Kessler reveals their secrets for the first time. Never before has a journalist penetrated the wall of secrecy that surrounds the U.S. Secret Service, that elite corps of agents who pledge to take a bullet to protect the president and his family. Kessler portrays the dangers that agents face and how they carry out their missions, from how they are trained to how they spot and assess potential threats. With fly-on-the-wall perspective, he captures the drama and tension that characterize agents' lives and reveals what they have seen, providing startling, previously untold stories about the presidents from John F. Kennedy and Lyndon Johnson to George W. Bush and Barack Obama, as well as about their families, Cabinet officers, and White House aides.

Summary of Ronald Kessler's The First Family Detail Everest Media, 2022-04-09T22:59:00Z Please note: This is a companion version, not the original book. **Sample Book Insights** 1. The president's military aide carries the nuclear football, which is a leather-covered titanium case that weighs forty pounds. It contains a variety of secure phone capabilities and

options for launching nuclear strikes 2 When Biden travels he insists on only two Secret Service vehicles In contrast when Reagan traveled the military aide with the nuclear football was on horseback with him Only the president or the vice president as their constitutional successor can order the release of nuclear weapons 3 The football is so highly classified that all information about it has been incorrect It does not operate like an ATM with the president or vice president inserting the authenticator card and punching in launch codes to authorize a strike 4 Despite the obvious danger to the country no one in Secret Service management has ever blown the whistle on Biden His behavior is equally bizarre He regularly goes swimming nude in his pool at his residence in Delaware and his vice president s residence in Greenville

Hunting the President Mel Ayton, 2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book Hunting the President Threats Plots and Assassination Attempts From FDR to Obama telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America s leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries Hunting the President reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a window overlooking the president s motorcade route How a deranged man broke into Reagan s California home and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service s mission Hunting the President opens the vault of stories about how many of our recent Presidents have come within a hair s breadth of assassination leaving America s fate in the balance Most of these stories have remained buried until now

Protecting the Presidential Candidates Mel Ayton, 2021-11-24 Protecting the Presidential Candidates is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles from JFK to Biden It is also the first book of its kind to tell the story of the role of state troopers and private bodyguards in protecting presidential candidates Protection for candidates changed and evolved from the free wheeling style of the 1950s and early 1960s which afforded presidential candidates little or no protection to the growth of bodyguard personnel increased intelligence facilities and state of the art technology employed today to keep the candidates safe Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place themselves between a presidential candidate and a would be attacker In the milieu in which the Secret Service operates bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters rode in open top cars

and made sudden but risky changes to their schedules oblivious to the fact that in every campaign there have been people stalking candidates with ill intent Many stories revealed in *Protecting the Presidential Candidates* have remained largely hidden from the public some buried in newspaper archives and others in oral histories presidential libraries or official government documents The author draws on numerous sources including FBI files presidential biographies vice presidential biographies civilian bodyguard memoirs Secret Service agent memoirs White House staff memoirs and more so that these stories can now be told The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them Some candidates were so trusting of their bodyguards they embraced them as part of an inner circle of advisers Bodyguards have also witnessed embarrassing moments in a candidate s campaign and how intrusive they have been at the most delicate of moments The president s day is your day one agent said Nobody sees the president the way an agent does *Not-So-Secret Service* Vincent Palamara,2017-04-21 While there haven t been many Secret Service related books about U S presidents the ones still in print and even those long out of print are often sanitized memoirs of a politically correct nature or tell all tabloid historical junk meant merely for entertainment purposes The *Not So Secret Service* provides the facts with the bark off so to speak and reveals politically incorrect information of a decidedly unsafe nature It may be controversial and against the grain but this book is heavily documented and timely as the Secret Service guards our political candidates foreign dignitaries and of course the President the first family and the ex presidents and their families **Secrets of the Secret Service** Gary J. Byrne,2018-01-02 From the author of the 1 New York Times bestseller *CRISIS OF CHARACTER* comes an explosive new expos of the Secret Service The United States Secret Service is tasked with protecting our Presidents their families and the complex in which they live and work Given this important mission world stability rests upon the shoulders of its agents In his new book former Secret Service officer Gary Byrne takes readers behind the scenes to understand the agency s history and today s security failings that he believes put Americans at risk The American public knows the stories of Secret Service heroism but they don t know about the hidden legacy of problems that have plagued the agency ever since its creation Gary Byrne says that decades of catastrophic public failures near misses and bureaucratic and cultural rot threaten to erode this critical organization from the inside out Today as it works to protect President Trump the Secret Service stands at a crossroads and the time needed to choose the right course is running out Agents and officers are leaving the Secret Service in droves or they re being overworked to the point where they lose focus on the job Management makes decisions based on politics not the welfare of their employees Byrne believes that this means danger for the men and women of the Secret Service danger for the President they protect and danger for the nation In this book he shares what he has witnessed and learned about the Secret Service with the hope that the problems of this most important agency can be fixed before it s too late **The Colored Waiting Room** Kevin Shird,Nelson Malden,2018-03-26 Updated with new content Extraordinary conversations between a confidant of

Martin Luther King Jr and a modern day activist lead to the game changing realizations that a second wave civil rights movement is unfolding and that we must embrace the lessons of the past to effect lasting change In 1966 Nelson Malden ran for public office in Montgomery Alabama He was the first African American to do so Campaigning for him was his friend Martin Luther King Jr who had organized protests and had written the speeches that would help criminalize racial segregation and discrimination from his seat in the Malden Brothers Barbershop In The Colored Waiting Room modern day activist Kevin Shird heads from his hometown of Baltimore Maryland to Montgomery to meet eighty four year old Nelson Malden and contextualize the significance of the killings of Tamir Rice Freddie Gray and Trayvon Martin as well as the demonstrations in Charlottesville Ferguson Baltimore and around the country The result is a groundbreaking understanding of today s burgeoning second wave civil rights movement and the urgent actions necessary for racial equality and change Here Shird raises the profound question of whether blacks are still in a colored waiting room biding their time and waiting for racial equality to be the norm He also shares compelling personal realizations on the lost connection between African American youth and their ancestors fight against slavery and Jim Crow laws asking throughout this pivotal volume how far can we go without knowing where we ve come from

The Obama Haters John Wright,2011-04-30 On November 4 2008 the election of Barack Hussein Obama as the forty fourth president of the United States showed that the country had finally overcome its most hurtful shameful and enduring legacy slavery Though Obama s election showed progress the John McCain Sarah Palin campaign and the Republican Party used age old smear campaign tactics Their operators pulled out all the stops in an attempt to win and spread falsehoods about Obama that have only multiplied after the election The Obama Haters seeks to answer the following questions Who are these Obama haters Why do they despise him Why do various news organizations commentators and political entities treat the same facts differently Why are these pundits so powerful In order to do so Wright first lays out the democratic principles and civility toward which Americans should strive Next he investigates the persistent expressions of hatred for President Obama connecting historic antecedents of political mudslinging along with the background of virulent right wing smear tactics over the past two decades And finally he shines a harsh spotlight on the haters and fearmongers and their tactics While Americans have the right to criticize their political leadership their reasons for disapproval should be based on facts Those who invent and repeat lies to hurt the reputation of leaders weaken the democratic ideal This book is for anyone who wishes to learn how to cut through the hypocrisy and propaganda to make informed decisions based on truth

The Kennedy Half-Century Larry J. Sabato,2013-10-15 An original and illuminating narrative revealing John F Kennedy s lasting influence on America by the acclaimed political analyst Larry J Sabato John F Kennedy died almost half a century ago yet because of his extraordinary promise and untimely death his star still resonates strongly On the anniversary of his assassination celebrated political scientist and analyst Larry J Sabato himself a teenager in the early 1960s and inspired by JFK and his presidency explores the fascinating and powerful

influence he has had over five decades on the media the general public and especially on each of his nine presidential successors A recent Gallup poll gave JFK the highest job approval rating of any of those successors and millions remain captivated by his one thousand days in the White House For all of them and for those who feel he would not be judged so highly if he hadn't died tragically in office The Kennedy Half Century will be particularly revealing Sabato reexamines JFK's assassination using heretofore unseen information to which he has had unique access then documents the extraordinary effect the assassination has had on Americans of every modern generation through the most extensive survey ever undertaken on the public's view of a historical figure The full and fascinating results gathered by the accomplished pollsters Peter Hart and Geoff Garin paint a compelling portrait of the country a half century after the epochal killing Just as significantly Sabato shows how JFK's presidency has strongly influenced the policies and decisions often in surprising ways of every president since Among the hundreds of books devoted to JFK The Kennedy Half Century stands apart for its rich insight and original perspective Anyone who reads it will appreciate in new ways the profound impact JFK's short presidency has had on our national psyche

Guilty as Sin Edward Klein, 2016-10-04 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

My Turn Doug Henwood, 2016-07-05 Hillary Clinton is running for the presidency with a message of hope and change But as Doug Henwood makes clear in this concise devastating indictment little trust can be placed in her campaign promises Rigorously reviewing her record Henwood shows how Clinton's positions on key issues have always blown with the breeze of expediency though generally around an axis of moralism and hawkishness Without a meaningful program other than a broad fealty to the status quo Henwood suggests the case for Hillary boils down to this she has experience she's a woman and it's her turn

Survivor's Guilt Vincent Palamara, 2013-10-01 Painstakingly researched by an authority on the history of the Secret Service and based on primary firsthand accounts from more than 80 former agents White House aides and family members this is the definitive account of what went wrong with John F Kennedy's security detail on the day he was assassinated The work provides a detailed look at how JFK could and should have been protected and debunks numerous fraudulent notions that persist about the day in question including that JFK ordered agents off the rear of his limousine demanded the removal of the bubble top that covered the vehicle and was difficult to protect and somehow directly or indirectly made his own tragic death easier for an assassin or assassins This book also thoroughly investigates the threats on the president's life before traveling to Texas the presence of unauthorized Secret Service agents in Dealey Plaza the site of the assassination the failure of the Secret Service in monitoring and securing the surrounding buildings overhangs and rooftops and the surprising conspiratorial beliefs of several former agents An important addition to the canon of works on JFK and his assassination this study sheds light on the gross negligence and in some cases seeming culpability of those sworn to protect the president

Presidential Sex Wesley O. Hagood, 1998 With profiles on Bill Clinton Thomas Jefferson FDR JFK Lyndon Johnson and Eisenhower this book describes

the impact that freewheeling sexual behavior has had upon first families election campaigns political careers and the nation itself

The Counterintelligence Chronology Edward Mickolus, 2015-09-15 Spying in the United States began during the Revolutionary War with George Washington as the first director of American intelligence and Benedict Arnold as the first turncoat The history of American espionage is full of intrigue failures and triumphs and motives honorable and corrupt Several notorious spies became household names Aldrich Ames Robert Hanssen the Walkers the Rosenbergs and were the subjects of major motion pictures and television series Many others have received less attention This book summarizes hundreds of cases of espionage for and against U S interests and offers suggestions for further reading Milestones in the history of American counterintelligence are noted Charts describe the motivations of traitors American targets of foreign intelligence services and American traitors and their foreign handlers A former member of the U S intelligence community the author discusses trends in intelligence gathering and what the future may hold An annotated bibliography is provided written by Hayden Peake curator of the Historical Intelligence Collection of the Central Intelligence Agency

Marilyn Monroe: a Case for Murder Jay Margolis, 2011-08-03 It is one of the greatest mysteries of the twentieth century How did Marilyn Monroe die Although no pills were found in her stomach during the autopsy it was still documented in the Los Angeles coroner s report that she had swallowed sixty four sleeping pills prior to her demise In Marilyn Monroe A Case for Murder biographer Jay Margolis presents the most thorough investigation of Marilyn Monroe s death to date and shares how he reached the definitive conclusion that she was murdered Margolis meticulously dissects the events leading up to her death revealing a major conspiracy and countless lies In an exclusive interview with actress Jane Russell three months before her death he reveals Russell s belief that Monroe was murdered and points the finger at the man she held responsible While examining the actions of Peter Lawford Bobby Kennedy and Monroe s psychiatrist Dr Ralph Greenson Margolis establishes a timeline of her last day alive that leads to shocking revelations In August 1962 Marilyn Monroe s lifeless body was found on her bed leaving all to wonder what really happened to the beautiful young starlet Marilyn Monroe A Case for Murder provides a fascinating examination of one of the most puzzling deaths of all time

Studies in Intelligence, 2012

Studies in Intelligence: Vol. 56, No. 1, My Daily Constitution Vol. I Richard J. Rolwing, 2001-02-02 Subtitled A NATURAL LAW PERSPECTIVE 365 essays each 365 words on Uncle Sams birthright genealogy and orientation OR the Constitutions philosophical and historical presuppositions and implications OR Philosophy for Dummies Many modern historians and thinkers describe western history as a progressive movement toward freedom freedom from religious and rational morality For them Uncle Sam rides the current crest of this wave The American government is said to be agnostic about religion and indifferent about philosophy There is no universal anthropology behind political judgements no rational psychology behind political institutions no history behind arguments no epistemology behind communications no metaphysics behind American independence no ethics behind our Constitution no moral authority behind our laws and no logic behind

their interpretation In fact there are no bonds to anything past especially since there are no foundations either temporal or ontological for any convictions whatsoever This view grossly distorts Uncle Sams basic orientation and the distortion is really an attempted abortion because many moderns have a phobia about that orientation which is Natural Law

Unveiling the Magic of Words: A Report on "**Ronald Kessler Secret Service** "

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring.
