The Social World of Jesus and the Gospels Bruce J. Malina, 2002-11-01 In order to interpret historical writings the reader must not employ their modern understanding of the world but must strive to grasp the mindset of the original audience To assist the twentieth century New Testament reader in understanding the literal meaning of the New Testament is the goal of this collection of essays The Social World of Jesus and the Gospels provides the reader with a set of possible scenarios for reading the New Testament How did first century persons think about themselves and others Did they think Jesus was a charismatic leader Why did they call God father Were they concerned with their gender roles The eight essays in this collection were previously published in books and journals generally not available to many readers Carefully selected and edited this collection will be both an introduction and an invaluable source of reference to Bruce Malina's thought

Dictionary of Jesus and the Gospels (2nd edn) J B GREEN, J BROWN, N PERRIN, 2020-05-21 The Dictionary of Jesus and the Gospels is unique among reference books on the Bible the first volume of its kind since James Hastings published his Dictionary of Christ and the Gospels in 1909 In the more than eight decades since Hastings our understanding of Jesus the Evangelists and their world has grown remarkably New interpretive methods illumined the text the ever changing profile of modern culture has put new questions to the Gospels and our understanding of the Judaism of Jesus's day has advanced in ways that could not have been predicted in Hastings's day But for many readers of the Gospels the new outlook on the Gospels remains hidden within technical journals and academic monographs The Dictionary of Jesus and the Gospels bridges the gap between scholars and those pastors teachers students and lay people desiring in depth treatment of select topics in an accessible and summary format The topics range from cross sectional themes such as faith law Sabbath to methods of interpretation such as form criticism redaction criticism sociological approaches from key events such as the birth temptation and death of Jesus to each of the four Gospels as a whole Some articles such as the Dead Sea Scrolls rabbinic traditions and revolutionary movements at the time of Jesus provide significant background information to the Gospels Others reflect recent and less familiar issues in Jesus and Gospel studies such as divine man ancient rhetoric and

the chreiai Contemporary concerns of general interest are discussed in articles covering such topics as healing the demonic and the historical reliability of the Gospels And for those entrusted with communicating the message of the Gospels there is an extensive article on preaching from the Gospels The Dictionary of Jesus and the Gospels presents the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialog with contemporary scholarship and challenges facing the church

Paul and the Gospels Michael F. Bird, Joel Willits, 2013-05-01 This volume which collects together the work of several established scholars attempts to situate the Apostle Paul the Pauline writings and the earliest Christian Gospels together in the context of early Christianity It addresses the issue of how the Christianity depicted in and represented by the individual Gospels

relates to the vision of Christianity represented by Paul and the Pauline writings This raises such questions as to what extent did Paul influence the canonical and non canonical Gospels In what way are the Gospels reactions to Paul and his legacy A comparison of the Gospels and Paul on topics such as Old Testament Law Gentile mission Christology and early church leadership structures represents a fruitful area of study While a number of volumes have appeared that attempt to assess the relationship between the historical Jesus and the Apostle Paul relatively few studies on Paul and the Gospels have been published This volume excellently fills this gap in New Testament Studies and makes a valuable contribution to studies on Christian Origins Pauline research and the Gospels

The Gospel of Mark in Context Santiago Guisjarro, 2022-04-14 The short story that we now know as the Gospel according to Mark was written in Greek twenty centuries ago in the context of an agrarian society that had been developing its own characteristics in the circum Mediterranean region Mark's account presupposes the values

institutions and relationships of the culture in which Jesus and his first followers lived Modern readers of the Gospels however especially those born and raised in the North Atlantic postindustrial societies have other values and institutions and relate to each other according to other cultural codes This temporal and cultural distance between the ancient texts and their present day readers makes necessary an exegetical effort whose purpose is to recover as far as possible the reading scenarios presupposed by these texts In order to reconstruct these scenarios exegesis has turned in recent years to the social sciences whose models permit us to imagine and describe the situations presupposed by these ancient texts This book aims to show how the use of these scenarios elaborated with the help of the social sciences can contribute to a more considered and respectful reading of Mark's story

Apocalyptic Imagination in the Gospel of Mark Elizabeth E. Shively, 2012-08-31 This narrative study uses Mark 3 22 30 as an interpretive lens to show that the Gospel of Mark has a thoroughly apocalyptic outlook That is Mark 3 22 30 constructs a symbolic world that shapes the Gospel's literary and theological logic Mark utilizes apocalyptic discourse portraying the Spirit filled Jesus in a struggle against Satan to establish the kingdom of God by liberating people to form a community that does God's will This discourse develops throughout the narrative by means of repetition and variation functioning rhetorically to persuade the reader that God manifests power out of suffering rejection and death This book fits among literary studies that focus on Mark as a unified narrative and rhetorical composition and uses narrative analysis as a key tool While narrative approaches to Mark generally offer non apocalyptic readings this study clarifies the symbols metaphors and themes of Mark 3 22 30 in light of the religious and social context in which the Gospel was produced in order to understand Mark's persuasive aims towards the reader Accordingly a comparative analysis of Jewish apocalyptic literature informs the use of Mark 3 22 30 as a paradigm for the Gospel

The Johannine Gospel's Concept of Community Godibert Kelly Gharbin, 2025-05-27 The Johannine Gospel's Concept of Community takes an interdisciplinary approach to contextualizing the New Testament in an African milieu which helps Johannine scholarship intersect with Akan anthropology and sociology through a tripartite frame of interpretation a narratological analysis of community oriented narratives in John the exegesis of the Akan concept of community encapsulated in their proverbial lore the anthology of inestimable information about the Akan conceptualization of communitarianism and an engagement between the two conceptual schemes through an intercultural reading The methodological principles utilized foster a cross pollination of ideas between the Johannine characterization of a community of God and the community concept present in Akan maxims This allows the Akan concept of communitarianism to enrich the reader's understanding of the text It also allows John's theology of community revealed in what Jesus epitomizes prescribes and proscribes for the believing community to serve as a form of discernible evaluation for Akan and other believers on the modus vivendi redolent of a believing community In the end it forces a redefinition of

community replacing the anthropocentric individualistic and acquisitive elements that have typified the human community with a theocentric and authentically collectivist approach

The Gospel of Matthew John Nolland, 2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without neglecting the Gospel's sources or historical background Nolland places his central focus on the content and method of Matthew's story His work explores Matthew's narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material While finding it unlikely that the apostle Matthew himself composed the book Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for each section and an array of insightful critical approaches Nolland's Gospel of Matthew will stimulate students preachers and scholars seeking to understand more fully Matthew's presentation of the gospel narrative
