a site of impassioned fraught and complex debate in the West today In one political moment left wingers academics and feminists have defended powerful men accused of sex crimes positioned topless pictures in the tabloids as empowering and opposed them for sexualizing breasts and undermining their natural function At the same time they have been criticized by extreme right groups for ignoring honour killings and other culture based forms of violence against women How can we make sense of this varied terrain In this important and challenging new book Alison Phipps constructs a political sociology of womens bodies around key debates sexual violence gender and Islam sex work and motherhood Her analysis uncovers dubious rhetorics and paradoxical allegiances and contextualizes these within the powerful coalition of neoliberal and neoconservative frameworks She explores how feminism can be caricatured and vilified at both ends of the political spectrum arguing that Western feminisms are now faced with complex problems of positioning in a world where gender often comes second to other political priorities This book provides a welcome investigation into Western politics around womens bodies and will be particularly useful to scholars and upper level students of sociology political science gender studies and cultural studies as well as to anyone interested in how bodies become politicized Renewing Feminisms Helen Thornham, Elke Weissmann, 2013-07-08 The feminist movement we have been told is history This lively book reveals that on the contrary the feminist movement is alive and kicking still as engaged with the concerns and ways of seeing as it was in the 1960s 70s and 80s still demanding its political place Renewing Feminisms sets out the claim for a feminism that is renewed re invigorated and re imagined Renewing Feminisms offers a timely contribution to current debates about lived and imagined feminism today The contributors both longstanding feminists and emerging feminist scholars take a fresh look at feminist critiques and methodologies recalling the power of past feminist interventions as well as presenting a new call for future initiatives in media and cultural studies Re investigating the past facilitates a claim over the future and all the contributions to this book make clear that feminism is not only far from over it is lived and experienced in the everyday and on personal and political levels Divided into four key sections the book revisits major feminist areas investigating representational issues those of agency and narrative media forms and formats and the traditional boundaries of the public and the private What emerges is a real intervention into media and cultural studies in terms of how we understand them today **Doctor Who-Guide 2/3** Compiled from Wikipedia pages and published by Dr Googelberg, 2012-08-07 Almost everything about the good doctor his companions and travels his enemies and friends Game of Thrones is by far the largest most detailed and comprehensive guide to the show yet giving the reader unparralled access and information on every detail of the series A must have for every fan of the show in Popular Culture Lauren Kirshner, 2024-07-05 Sex Work in Popular Culture delves into provocative movies TV shows and documentaries about sex work produced in the last fifteen years a period of debate and change around the meaning of sex work in North American society From Oscar winning films to viral YouTube videos and from indie documentaries to hit series many of which are made by women the book reveals how sex work is being recognized as real work and an issue of human rights Lauren Kirshner shares how popular culture has responded by producing the dynamic new figure of a sex worker who challenges tropes and promotes understanding of the key issues shaping sex work The book draws on labour and feminist theory film history current news and popular culture all within the context of neoliberal capitalism and the rise of transactional intimate labour Kirshner takes us from erotic dance clubs to porn sets illuminating the professional lives of erotic dancers massage parlour workers webcam models call girls sex surrogates and porn performers Probing how progressive popular culture challenges stereotypes Sex Work in Popular Culture tells the story of sex work as labour and how the screen can show us the world's oldest profession in a new light The Abolition of Woman Fiorella Nash, 2018 For the great majority on both sides of the abortion debate the idea of a pro life feminist is the ultimate contradiction in terms Abortion has become so central to feminist thinking that women who affirm their belief in both women s empowerment and the inalienable right to life can find themselves viewed with suspicion and hostility from both sides Yet the author of this book is indeed a prolife feminist and her insightful analysis of contemporary issues can provide the basis for common ground between those defending human rights This book unashamedly calls mainstream feminists journalists and Western politicians to account for their silence and in some cases vocal justification of the persecution of women because of an absolutist loyalty to abortion It asks uncomfortable questions to those who claim to believe in women s empowerment Where is their

passionate outrage when Chinese women are forcibly aborted and sterilised Where is their concern for the thousands of baby girls killed by abortion every year because their lives are held as worthless simply for being female What about the thousands of women used as surrogates for wealthy Western couples treated as chattels and denied their most basic human rights But the book also tackles difficult issues for the pro life side the need for a sensitive realistic approach to problematic pregnancies and the importance of confronting the continued exploitation and abuse of women within a sexualised society Pro life feminism is not only possible it is vital if the complex struggles facing women are to be adequately met The Abolition of Woman is a rallying cry to feminists to stand with the pro life movement fighting to build a society in which women are equal and every human life is protected Time Briton Hadden, Henry Robinson Luce, 2008 Cable Television Prime Time Programming, 1990-2010 Mitchell E.
