## **The Secret Life Of A Slummy Mummy:**

**The Secret Life of a Slummy Mummy** Fiona Neill, 2008 For Lucy Sweeney motherhood isn't all astanga classes and Cath Kidston prints. It's much more little dippers swimming club and baby sick decor and there's not a herbal tea in sight. Lucy is living in a state of permanent emergency and the white lies to cover up the trail of slummy mummy destruction are escalating.

**The Secret Life of a Slummy Mummy** Fiona Neill, 2014-07-14 For Lucy Sweeney motherhood isn't all astanga yoga and Cath Kidston prints. It's been years since the dirty laundry pile was less than a metre high months since Lucy remembered to have sex with her husband and a week since she last did the school run wearing pyjamas. Motherhood it seems has more pitfalls than she might have expected. Caught between perfectionist Yummy Mummy No 1 and hypercompetitive Alpha Mum Lucy is in danger of losing the parenting plot. And worst of all she's alarmingly distracted by Sexy Domesticated Dad. It's only a matter of time before the dirty laundry quite literally blows up in her face.

**Bad Girls and Transgressive Women in Popular Television, Fiction, and Film** Julie Chappell, Mallory Young, 2017-07-03 This collection of essays focuses on the representations of a variety of bad girls women who challenge, refuse or transgress the patriarchal limits intended to circumscribe them in television popular fiction and mainstream film from the mid twentieth century to the present. Perhaps not surprisingly the initial introduction of women into Western cultural narrative coincides with the introduction of transgressive women. From the beginning for good or ill women have been depicted as insubordinate. Today's popular manifestations include such widely known figures as Lisbeth Salander the girl with the dragon tattoo The Walking Dead's Michonne and the queen bees of teen television series. While the existence and prominence of transgressive women has continued uninterrupted however attitudes towards them have varied considerably. It is those attitudes that are explored in this collection. At the same time these essays place feminist postfeminist analysis in a larger context entering into ongoing debates about power equality sexuality and gender.

**The History of British Women's Writing, 1970-Present** Mary Eagleton, Emma Parker, 2016-04-29 This book maps the most active and vibrant period in the history of British women's writing. Examining changes and continuities in fiction poetry drama and journalism as well as women's engagement with a range of literary and popular genres the essays in this volume highlight the range and diversity of women's writing since 1970.

**Motherhood in Literature and Culture** Gill Rye, Victoria Browne, Adalgisa Giorgio, Emily Jeremiah, Abigail Lee Six, 2017-06-26 Motherhood remains a complex and contested issue in feminist research as well as public discussion. This interdisciplinary volume explores cultural representations of motherhood in various contemporary European contexts including France Italy Germany Portugal Spain and the UK and it considers how such representations affect the ways in which different individuals and groups negotiate motherhood as both institution and lived experience. It has a particular focus on literature but it also includes essays that examine representations of motherhood in philosophy art social policy and film. The book's driving contention is that through intersecting with other fields and disciplines literature and the study of

literature have an important role to play in nuancing dialogues around motherhood by offering challenging insights and imaginative responses to complex problems and experiences This is demonstrated throughout the volume which covers a range of topics including discursive and visual depictions of pregnancy and birth the impact of new reproductive technologies on changing family configurations the relationship between mothering and citizenship the shaping of policy imperatives regarding mothering and disability and the difficult realities of miscarriage child death violence and infanticide The collection expands and complicates hegemonic notions of motherhood as the authors map and analyse shifting conceptions of maternal subjectivity and embodiment explore some of the constraining and or enabling contexts in which mothering takes place and ask searching questions about what it means to be a mother in Europe today It will be of interest not only to those working in gender women s and feminist studies but also to scholars in literary and cultural studies and those researching in sociology criminology politics psychology medical ethics midwifery and related fields *Handbook for Language Detectives*

Karen Lassen Bruntt,2012 **We Need to Talk about Family** Roberta Garrett,Tracey Jensen,Angie Voela,2016-08-17 We are the first generation in recent history to not know if our children will have a better life than us Over the past thirty years the dream of upward mobility and stable and securely paid employment has dissipated This collection draws together insights from the disciplines of cultural studies literary theory psychoanalysis psychosocial studies social policy and sociology in order to explore the complex and contested status of the family under neoliberalism At one end of the spectrum the intensification of work and the normalisation of long hours working culture have undermined the time and energy available for private family life At the other end the fantasy of the nuclear family as a potential haven in a heartless world is rapidly unravelling supplanted with a hypercompetitive neo traditionalist mobile neoliberal family seeking to capitalise on the uneven spread of resources in order to maximise the futures of its own children As neoliberalism has always been split between socio economic realities and the expectations of where we should be we are always living with the anxiety of being left behind and the hope that the best is yet to come The chapters in this collection signal the troubles of the neoliberal family in particular the gulf between the practical conditions of family life and the formation of new fantasies The volume addresses the neoliberal family in a range of contexts from the domestic reproductive and bio political regulation of family life the representations of the neoliberal family on television and across social media to the negotiation of family dynamics in maternal memoirs The work provides a much needed corrective to the critical emphasis on the macrostructures of the neoliberal world **Standing Up to Supernanny** Jennie Bristow,2013-09-09 Parenthood we are told requires a massive adjustment to our lives emotions and relationships and we have to be taught how to deal with that But can it really be so bad that we need constant counselling and parenting classes It is a myth that today s parents are hopeless and lazy in many ways we have become too diligent too hopeful of great outcomes and clear rewards to the point where we lose ourselves in trying to provide some kind of professional service to our children The current obsession with perfect parenting increases our

insecurity and distrust of each other and diminishes our authority over our kids This book is about asking Why have we invited Supernanny into our living rooms and how can we kick her out **The Routledge Companion to Motherhood**
