Missional Spirituality Roger Helland, Leonard Hjalmarson, 2012-01-20 If all of the earth is God's domain why are Christians so terribly provincial We rarely leave our church buildings and our spirituality rarely takes us beyond ourselves Veteran church leaders Roger Helland and Leonard Hjalmarson observe that Jesus begins his mission in the temple where he wows the religious elite and chides his parents by saying Didn't you know I had to be in my Father's house But Jesus doesn't stay in the temple indeed in Christ the temple of the Lord is on the move even to the ends of the earth In this book the authors helpfully reconnect spirituality and mission showing you how the spiritual life when lived properly follows a similar progression we come home to Christ loving him from our heart and soul and mind and strength And then we set forth to love our neighbors as ourselves Discover how through this process you can reclaim the whole of God's kingdom for his glory and the fulfillment of your heart's longing

Hidden Gospels Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and

practice of contemporary Christianity *Transforming Self and Community* Len Sperry, 2002 Offers a holistic approach to spiritual direction and pastoral counseling

Dark Splendor Robert P. Vande Kappelle, 2015-06-29 Mistakes disappointments suffering and heartbreak can prevent us from growing physically emotionally even spiritually or they can propel us to a new way of life Building on the contributions of therapists holistic healers and spiritual mentors such as Richard Rohr James Hollis Elizabeth Lesser Bill Plotkin Ken Wilber and Thich Nhat Hanh Dark Splendor takes us on a journey into depth spirituality exploring the two halves of life noting how the perspectives and experiences of the first half of life either leave us frozen emotionally and spiritually or serve as stepping stones to the vibrant maturity called the second half of life This further journey is not chronological nor does one magically stumble upon it at midlife or in times of crisis though these often serve as catalysts The second journey is largely unknown today even by people we consider deeply religious since most individuals and institutions remain stymied in the preoccupations of the first half of life establishing identity creating boundary markers and seeking security The first half of life task while essential is not the full journey Furthermore one cannot walk the second journey with first journey tools One needs a new toolkit Dark Splendor provides the transformational tools that help transport us to the mystery and beauty of the second half of life The world is more magical less predictable more autonomous less controllable more varied less simple more infinite less knowable more wonderfully troubling than we could have imagined being able to tolerate when we were young James Hollis God comes to you disguised as your life Paula D Arcy
