This coupled with his life-long desire to write meant that eventually he would find a way to add new stories to The Great Holmes Tapestry. The years passed and David collected, read, and chronologized literally thousands of traditional Canonical Sherlockian pastiches. Then in 2008, with time on his hands while laid off from his civil engineering job during the Great Recession, David finally found his way to Watson's Tin Dispatch Box, producing The Papers of Sherlock Holmes. These first nine short stories originally sat on a shelf in his Holmes book collection before he eventually decided to share them with others. That first collection was initially published by a small press in 2011 and then in 2013 by the premiere Sherlockian publisher, MX Publishing, and after that, there was no turning back. Since then, in addition to editing over 60 volumes, most of which are Sherlockian anthologies, David has written and published over 80 Sherlockian adventures in a variety of anthologies and magazines. Now these are being collected along with a few others that haven't been seen before. These first five volumes contain the majority of David's Holmesian stories so far, with additional adventures to be collected and published as part of this ongoing series.
