

At a secret training facility in Eastern Europe, three submissive, effeminate sissies, Anthony, Richard, and Allan, are walking to their next class, Advanced Fellatio Techniques. Since their capture and delivery to the facility, each has been placed on an accelerated hormone program of powerful testosterone blockers and estrogen therapy. As their penises shrink from the hormones, each is locked into increasingly smaller NeoSteel chastity devices. This reminds each sissy that their masculinity has been stripped away and that they are being trained to be docile sissy slaves for dominant masters. Their short prison uniforms and high heels are designed to show off their smooth legs, the result of a program of laser hair removal. Their minds have been programmed to reinforce their submissiveness while they realize that they will be completely feminized before leaving the facility.
