The Queen's English Henry Alford,1888 **Re-Siting Queen's English** ,2022-07-11 **The academy** ,1885 *The Queen's Slave Trader* Nick Hazlewood,2004-11-23 Throughout history blame for the introduction of slavery to America has been squarely placed upon the male slave traders who ravaged African villages the merchants who auctioned off humans as if they were cattle and the male slave owners who ruthlessly beat both the spirits and the bodies of their helpless victims There is however above all these men another person who has seemingly been able to avoid the blame that is due her The origins of the English slave trade the result of which is often described as America s shame can actually be traced back to a woman England s Queen Elizabeth I In *The Queen s Slave Trader* historian Nick Hazlewood examines one of the roots of slavery that until now has been overlooked It was not just the money hungry Dutch businessmen who traded lives for gold forever changing the course of American and world history but the Virgin Queen praised for her love of music art and literature who put hundreds of African men women and children onto American soil During the 1560s on direct orders from Her Majesty John Hawkyns set sail from England His destination West Africa His mission to capture humans At the time Elizabeth was encouraging a Renaissance in her kingdom Yet being the intelligent monarch that she was the queen knew her country s economy could not finance the dreams she had for it An early entrepreneur she saw an open market before her and sent one of her most trusted naval commanders Hawkyns to ensure a steady stream of wealth to sustain all the beauty that was her passion Like his fellow Englishmen Hawkyns believed the African people s dark skin stood for evil filth barbarity the complete opposite of the English notion of beauty a lily white complexion and a virtuous soul as exemplified by the queen To him it was simple If the white English were civilized and pure the dark Africans must be savage It was a moral license for Hawkyns to capture Africans After landing on the African coast he used a series of brutal raids violent beatings and sheer terror to load his ships The reward for those who survived the attacks seven weeks chained together in a space not meant for human beings smallpox and measles dehydration and malnourishment Hawkyns realized the cruelty inflicted on these people and he hoped they would survive After all a dead African was a dent in his profit margin John Hawkyns was the first English slave trader and his actions and attitudes toward his cargo set the precedent for how those following him over the next two hundred years would act To fully understand the mind set of the men who made their living trafficking human souls one needs to look at the man who began it all and the woman behind him *The Routledge Handbook of Translation and Young Audiences* Michał Borodo,Jorge Díaz-Cintas,2025-01-31 *The Routledge Handbook of Translation and Young Audiences* offers a comprehensive overview of translation in the context of young audiences The handbook synthesises research on translation of children s and young adult literature audiovisual translation the translation of comics and picture books empirical research methods and translation performed by fan communities in the digital world Adopting a forward looking approach it is organised around these five key themes which taken together propose a new way of looking at interrelated phenomena which

There is no cinema with such effect as that of the hallucinatory Italian horror film. From Riccardo Freda's *I Vampiri* in 1956 to *Il Cartaio* in 2004, this work recounts the origins of the genre, celebrates at length ten of its auteurs and discusses the noteworthy films of many others associated with the genre. The directors discussed in detail are Dario Argento, Lamberto Bava, Mario Bava, Ruggero Deodato, Lucio Fulci, Umberto Lenzi, Antonio Margheriti, Aristide Massaccesi, Bruno Mattei and Michele Soavi. Each chapter includes a biography, a detailed career account, discussion of influences, both literary and cinematic, commentary on the films with plots and production details, and an exhaustive filmography. A second section contains short discussions and selected filmographies of other important horror directors. The work concludes with a chapter on the future of Italian horror and an appendix of important horror films by directors other than the 50 profiled. Stills, posters and behind-the-scenes shots illustrate the book.

The eighteenth century was a time of great cultural change in Britain. It was a period marked by expeditions to the New World, Africa and the Orient, and these voyages were reflected in the travel literature of the era. It was also a period in which seventeenth-century empiricism and the scientific method became dominant, and in which society became increasingly secular. Fundamental to the eighteenth-century worldview was the notion of the Great Chain of Being, in which all creatures and their Creator stood in a hierarchical relationship with one another. The years from 1660 to 1833 witnessed both Britain's participation in slavery and the appropriation of the Great Chain of Being by social anthropologists and political leaders. With the rise of the slave trade, blacks were brought to Britain against their will, where they were enslaved. At the same time, intellectuals of the period tried to place these slaves within the hierarchical frame provided by the Great Chain of Being. The presence of slavery in Britain aroused much debate among blacks and whites alike, and the literature of the eighteenth century reflects that debate. This book examines representations of blacks in eighteenth-century British literature to

illuminate the discussions about race during that period The volume begins with a discussion of Alexander Pope's popularization of the Great Chain of Being in his Essay on Man which argued the universal ranking of humanity and which provided an intellectual foundation for slavery It then examines the works of several white canonical writers including Defoe Addison and Steele Swift and Sterne to see how blacks are portrayed in their works The volume also examines works by African British writers such as James Albert Ukawsaw Gronniosaw and Quobna Ottobah Cugoana who expose exclusionary practices among some theologians Ignatius Sancho whose Letters show how slaves were taught to be grateful and how those lacking gratitude were considered inhuman and Olaudah Equiano who shows how racial hierarchies function as a literary trope particularly in travel literature The final chapter on The History of Mary Prince examines the interaction of race and gender
