These and other documents sketching some of the cultural forces behind the poem's final creation will help readers see Beowulf as an exploration of the politics of kingship and the psychology of heroism and as an early English meditation on the bridges and chasms between the pagan past and the Christian present. A generous sample of other modern versions of Beowulf sheds light on the process of translating the poem. The Broadview Anthology of British Literature: Concise Volume A - Second Edition Joseph Black, Leonard Conolly, Kate Flint, Isobel Grundy, Don LePan, Roy Liuzza, Jerome J. McGann, Anne Lake Prescott, Barry V. Qualls, Claire Waters, 2011-09-08. In all six of its volumes The Broadview Anthology of British Literature presents British literature in a truly distinctive light. Fully grounded in sound literary and historical scholarship, the anthology takes a fresh approach to many canonical authors and includes a wide selection of work by lesser known writers. The anthology also provides wide ranging coverage of the worldwide connections of British literature and it pays attention throughout to issues of race, gender, class, and sexual orientation. It includes comprehensive introductions to each period, providing in each case an overview of the historical and cultural as well as the literary background. It features accessible and engaging headnotes for all authors, extensive explanatory annotations, and an unparalleled number of illustrations and contextual materials. Innovative, authoritative, and comprehensive, The Broadview Anthology of British Literature has established itself as a leader in the field. The full anthology comprises six bound volumes together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. The two volume Broadview Anthology of British Literature Concise Edition provides an attractive alternative to the full six volume anthology. Though much more compact, the concise edition nevertheless provides instructors with substantial choice, offering both a strong selection of canonical authors and a sampling of lesser known works. With an unparalleled number of illustrations and contextual materials, accessible and engaging introductions, and full explanatory annotations, the concise edition of this acclaimed Broadview anthology provides focused yet wide ranging coverage for British literature survey courses. The second edition of this volume includes Chaucer's *To Rosamond*, an expanded selection from Sidney's *Astrophil and Stella*, and additional material from Elizabeth I. The new edition also offers an expanded selection from *Paradise Lost* as well as Pope's *Essay on Criticism* and a new *Contexts* section on transatlantic literary currents. **The Dissemination of Saint George in Early Modern Art** Alison C. Barker, 2025-02-10. Focusing on England, the German speaking territories, and the Italian peninsula, this book examines how Saint George's image crossed boundaries and was disseminated. Alison Barker attempts to dissolve the boundary of the Alps through examination of images of Saint George, the travelling saint. She argues that George's status as chivalric hero and Christian martyr made him uniquely qualified to cross boundaries in this way, especially through the networks of courts and court culture. Her research demonstrates how the highly recognisable iconography of Saint George's image meant something different depending on where he was represented.

and who was looking at him Through four case studies that examine how he was depicted and viewed across boundaries of space and media this book charts a multi layered cultural network linking different artists and audiences from three regions Each case study makes a claim about Saint George and how he acts and is used by four sections of society rulers artists corporate groups and the broad masses The book will be of interest to scholars working in art history religious history and Renaissance studies The Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1892
