## **The Sufi Journey Of Baba Rexheb:**

perspectives on Islam authority gender and tradition are put in conversation with one another A more detailed picture of North American Sufism emerges challenging previous scholarly classifications of Sufi groups and highlighting Sufism's fluidity diversity and dynamism

God and Logic in Islam John Walbridge, 2010-11-15 This book investigates the central role of reason in Islamic intellectual life Despite widespread characterization of Islam as a system of belief based only on revelation John Walbridge argues that rational methods not fundamentalism have characterized Islamic law philosophy and education since the medieval period His research demonstrates that this medieval Islamic rational tradition was opposed by both modernists and fundamentalists resulting in a general collapse of traditional Islamic intellectual life and its replacement by more modern but far shallower forms of thought However the resources of this Islamic scholarly tradition remain an integral part of the Islamic intellectual tradition and will prove vital to its revival The future of Islam Walbridge argues will be marked by a return to rationalism
