The Taboo Truth Rough First Time Taboo Erotica English Edition:

Man of Taste Rob King, 2025-04-02 Radley Metzger was one of the foremost directors of adult film in America with credits including softcore titles like *The Lickerish Quartet* and the hardcore classic *The Opening of Misty Beethoven*. After getting his start making arthouse trailers for Janus Films, Metzger would go on to become among the most feted directors of the porno chic era of the 1970s, working under the pseudonym Henry Paris. In the process, he produced a body of work that exposed the porous boundaries separating art cinema from adult film, softcore from hardcore, and good taste from bad. Rob King uses Metzger's work to explore what taste means and how it works, tracing the evolution of the adult film industry and the changing frontiers of cultural acceptability. *Man of Taste* spans Metzger's entire life: his early years in Manhattan's Washington Heights neighborhood; his attempt to bring arthouse aesthetics to adult film in the 1960s; his turn to pseudonymously directed hardcore movies in the 1970s; and his final years, which included making videos on homeopathic medicine. Metzger's career, King argues, sheds light on how the distinction between the erotic and the pornographic is drawn, and it offers an uncanny reflection of the ways American film culture transformed during these decades. Lavishly illustrated with rare photos and publicity images, this book paints a vivid picture of a filmmaker who channeled his artistic aspirations into some of the most disreputable movie genres of his day. *Caught Between Then and Now* Rodney Allen Fletcher, 2012

The Healer's Bent James McLaughlin, 2013-05-13 Over the course of a 50-year career, James T. McLaughlin has sought to open the playing field of psychoanalytic exploration by treating unconscious processes as the very material from which we fashion meaningful lives. His unique iconoclastic perspective, which challenged the conventions of his time and professional milieu, not only engages the creative tension between the stance of the analyst and the stance of the healer but also contains striking intimations of contemporary relational and interpersonal models of psychoanalytic treatment. *The Healer's Bent*, which thematically integrates published and unpublished papers and contains three chapters of heretofore unpublished autobiographical reflection, bridges analytic practice and other psychotherapeutic modalities. It will make McLaughlin's distinct approach to clinical theory and practice widely available to a broad and receptive readership. **Critic and**
