Rongo University Academic Year Semester Dates:

The Calendar of Tokio Daigaku Yobimon Or Preparatory School of the University ..., 1882 *The Higher Education Institutions Handbook*, 2012 The Social and Political Systems of Central Polynesia Robert W. Williamson, 2013-11-14 Originally published in 1924 this book forms part of a three volume study on the socio political systems of Polynesian islands near the equator *Confucian Values and Popular Zen* Janine Anderson Sawada, 2020-12-31 Although East Asian religion is commonly characterized as syncretic the historical interaction of Buddhist Confucian and other traditions is often neglected by scholars of mainstream religious thought In this thought provoking study Janine Sawada moves beyond conventional approaches to the history of Japanese religion by analyzing the ways in which Neo Confucianism and Zen formed a popular synthesis in early modern Japan She shows how Shingaku a teaching founded by merchant Ishida Baigan blossomed after his death into a widespread religious movement that selectively combined ideas and practices from these traditions Drawing on new research into original Shingaku sources Sawada challenges the view that the teaching was a facile merchant ethic by illuminating the importance of Shingaku mystical experience and its intimate relation to moral cultivation in the program developed by Baigan s successor Teshima Toan This book also suggests the need for an approach to the history of Japanese education that accounts for the informal transmission of ideas as well as institutional schooling Shingaku contributed to the development of Japanese education by effectively disseminating moral and religious knowledge on a large scale to the less educated sectors of Tokugawa society Sawada interprets the popularity of the movement as part of a general trend in early modern Japan in which ordinary people sought forms of learning that could be pursued in the context of daily life

Hawaiki, Ancestral Polynesia Patrick Vinton Kirch, Roger C. Green, 2001-03-15 The power of an anthropological approach to long term history lies in its unique ability to combine diverse evidence from archaeological artifacts to ethnographic texts and comparative word lists In this innovative book Kirch and Green explicitly develop the theoretical underpinnings as well as the particular methods for such a historical anthropology Drawing upon and integrating the approaches of archaeology comparative ethnography and historical linguistics they advance a phylogenetic model for cultural diversification and apply a triangulation method for historical reconstruction They illustrate their approach through meticulous application to the history of the Polynesian cultures and for the first time reconstruct in extensive detail the Ancestral Polynesian culture that flourished in the Polynesian homeland Hawaiki some 2 500 years ago Of great significance for Oceanic studies Kirch and Green s book will be essential reading for any anthropologist prehistorian linguist or cultural historian concerned with the theory and method of long term history **Myth and Philosophy** Frank E. Reynolds, David Tracy, 1990-10-30 The book as a whole seeks to reinvigorate an academic discipline philosophy of religion which has fallen on hard times and to do so by building a bridge between philosophy and empirical historical studies of religion The topic is both significant and timely Too long the empiricists have been inadequately sophisticated philosophically and too long the

philosophers have ignored historical data both in its breadth and depth In not only calling for bridges between these disciplines but actually building some the work makes a significant contribution to both Alan Miller This book is useful because it provides some insights both into the ways scholars think about various aspects of religious behavior and also information about important features of such behavior Both myth and philosophy are topics of great significance and have been discussed by many philosophers and historians of religions and some anthropologists An interesting set of questions about the nature of religion and nature of philosophy and their relationships and also about the nature of myth and its relationship to philosophy is emerging at the forefront of academic discussions in departments of religion departments of philosophy and departments of anthropology It contains some well written and conceptually interesting essays E Thomas Lawson **Religious and Cosmic Beliefs of Central Polynesia** Robert W. Williamson,2013-11-14 Originally published in 1933 this book forms one of two volumes on the religious mythical and cosmic structures of Central Polynesia

Progressive Traditions Helen Parker,2021-10-01 This monograph with an accompanying CD ROM explores through plot repetition the relationships between three genres of traditional Japanese theatre n kabuki and ningy j ruri with a focus on plays depicting the final fugitive years of Minamoto no Yoshitsune First the theoretical background to the concept of plot repetition is discussed and the theme of Yoshitsune s downfall is introduced The next and main section analyses the treatment of the Funa Benkei and Ataka Kanjinch plots in the three genres with reference to their historical development and contemporary performance The CD ROM contains video clips photographs and nishiki e prints from productions in each genre to illustrate how the plots are presented on stage **Humboldt: 'On Language'** Wilhelm von Humboldt,1999-12-09

Wilhelm von Humboldt s classic study of human language was first published in 1836 as a general introduction to his three volume treatise on the Kawi language of Java It is the final statement of his lifelong study of the nature of language exploring its universal structures and its relation to mind and culture Empirically wide ranging Humboldt goes far beyond the Indo European family of languages it remains one of the most interesting and important attempts to draw philosophical conclusions from comparative linguistics This 1999 volume presents a translation by Peter Heath together with an introduction by Michael Losonsky that places Humboldt s work in its historical context and discusses its relevance to contemporary work in philosophy linguistics cognitive science and psychology

Field & Stream ,1974-06 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations **Redemption Songs**

Judith Binney,1997-06-01 **In Search of the Way** Richard Bowring,2017 A history of intellectual and religious developments in Japan during the Tokugawa period 1582 1860 this volume deals with social cultural and religious interplay primarily focusing on the Neo Confucian search for the Way a pattern of existence that could provide order for society at large as well as self fulfilment for the individual **Encyclopedia of Islands** Rosemary Gillespie,David Clague,2009-08-19

Islands have captured the imagination of scientists and the public for centuries unique and rare environments their isolation makes them natural laboratories for ecology and evolution This authoritative alphabetically arranged reference featuring more than 200 succinct articles by leading scientists from around the world provides broad coverage of all the island sciences But what exactly is an island The volume editors define it here as any discrete habitat isolated from other habitats by inhospitable surroundings The Encyclopedia of Islands examines many such insular settings oceanic and continental islands as well as places such as caves mountaintops and whale falls at the bottom of the ocean This essential one stop resource extensively illustrated with color photographs clear maps and graphics will introduce island science to a wide audience and spur further research on some of the planet s most fascinating habitats

Poetry and Prophecy N. Kershaw Chadwick,2011-06-30 This 1952 book is an inquiry into the relations in origin between literature and inspiration based on a study of the practices of seers in modern communities where oral literature still survives and of the records of primitive poetry in the West and North Mrs Chadwick discusses the universal reverence accorded to poets musicians seers or prophets the training they underwent the methods of ecstasy and the remarkable similarities of their messages in remote and different parts of the world

Science John Michels (Journalist),1888 Since Jan 1901 the official proceedings and most of the papers of the American Association for the Advancement of Science have been included in Science

Natural Experiments of History Jared Diamond,James A. Robinson,2012-11 In eight case studies by leading scholars in history archaeology business economics geography and political science the authors showcase the natural experiment or comparative method well known in any science concerned with the past on the discipline of human history That means according to the editors comparing preferably quantitatively and aided by statistical analyses different systems that are similar in many respects but that differ with respect to the factors whose influence one wishes to study The case studies in the book support two overall conclusions about the study of human history First historical comparisons have the potential for yielding insights that cannot be extracted from a single case study alone Second insofar as is possible when one proposes a conclusion one may be able to strengthen one s conclusion by gathering quantitative evidence or at least ranking one s outcomes from big to small and then by testing the conclusion s validity statistically

Maori Music Mervyn McLean,1996 Maori music records and analyses ancient Maori musical tradition and knowledge and explores the impact of European music on this tradition Mervyn McLean draws on diverse written and oral sources gathered over more than 30 years of scholarship and field work that yielded some 1300 recorded songs hundreds of pages of interviews with singers and numerous eye witness accounts The work is illustrated throughout with photos and music examples

To Speak in Pairs James J. Fox,2006-11-02 This collection of essays is a major contribution to the study of oral composition and ritual communication and in particular to the use of parallelism the poetic ordering of words and phrases in alternative duplicate form The introduction by James J Fox sets the topic in historical perspective beginning with Robert Lowth s introduction of the term parallelism in 1753 in his study of biblical language

demonstrating that what was once viewed as a form of composition unique to Ancient Hebrew is a feature common to many literatures around the world The volume thus presents a remarkable picture of life in eastern Indonesia which is both valuable in itself and useful for comparative analysis All of the essays contain original texts with translations together with detailed commentaries on their content and the context of their performance The study of parallelism and its use in situations of formal communication has been receiving increasing attention from anthropologists linguists and all those interested in oral literature as a topic of real theoretical and ethnographic interest To Speak in Pairs represents an important advance in the study of oral literature in context

Realisms in East Asian Performance Jessica Nakamura, Katherine Saltzman-Li, 2023-10-04 Existing scholarly discussions of theatrical realism have been predominantly limited to 19th century European and Russian theater with little attention paid to wider explorations and alternative definitions of the practice Examining theater forms and artists from China Japan and Korea Realisms in East Asian Performance brings together a group of theater historians to reconsider realism through the performing arts of East Asia The book's contributors emphasize trans regional conversations and activate inter Asian dialogues on theatrical production Tracing historical trajectories starting from premodern periods through today the book seeks to understand realisms multiple origins forms and cultural significances and examines their continuities disruptions and divergences In its diversity of topics geographic locations and time periods Realisms in East Asian Performance aims to globalize and de center the dominant narratives surrounding realism in theater and revise assumptions about the spectacular and theatrical forms of Asian performance Understanding realism as a powerful representational style chapters collectively reevaluate acts of representation on stage not just for East Asia but for theater and performance studies more broadly
