Fairytales We all love fairytales because there is a piece of us a sliver of innocence left from our youth that suddenly surfaces when revealed by the printed page or silver screen It s there in our inner self the part that still believes in magical tales Looking at fairy tales through the lens of science reveals that some stories aren t as far fetched as they appear to be This is where the wonders of pure imagination kick in Many stories focus on animals that are always the eternal underdogs Who didn t love the stories of Bambi Lassie and Black Beauty They are essentially fairy tales but hauntingly told with a modicum of truth and reality The ingenious Walt Disney did it best as his characters came to life via animation bringing fantasy and imagination to reality and utilizing the tried and tested feel good philosophy that Dreams Can Come True That is after some trials and tribulations of course Although the story of Gunner is factual there are parts that have been enhanced and exaggerated in adherence to pure storytelling In true Walt Disney like inspiration Gunner is the basic rags to riches saga of an ordinary racehorse that overcomes incredible adversity to emerge as the extraordinary equine legend he is today After reading the story formulate your own conclusion Can horses really communicate with one another Do they connect with and even reflect human emotions Is there really that elusive Rainbow Bridge between Heaven and Earth where departed pets idyllically await their owners crossing It s your call but I know one thing Dreams Do Come True just ask Gunner **Junior**
