2nd Edition

Edited by Walter S. DeKeseredy and Molly Dragiewicz

Routledge Handbook Of Critical Criminology Hardcover

Simon Lindgren

Routledge Handbook Of Critical Criminology Hardcover:

Routledge Handbook of Critical Criminology Walter S. DeKeseredy, Molly Dragiewicz, 2018-04-09 The main objective of the second edition of the Routledge Handbook of Critical Criminology is twofold 1 to provide original chapters that cover contemporary critical criminological theoretical offerings generated over the past five years and 2 to provide chapters on important new substantive topics that are currently being studied and theorized by progressive criminologists Special attention is devoted to new theoretical directions in the field such as southern criminology queer criminology and green criminology The diverse chapters cover not only cutting edge theories but also the variety of research methods used by leading scholars in the field and the rich data generated by their rigorous empirical work In addition some of the chapters suggest innovative and realistic short and long term policy proposals that are typically ignored by mainstream criminology These progressive strategies address some of the most pressing social problems facing contemporary society today which generate much pain and suffering for socially and economically disenfranchised people The new edition of the Handbook is a major work in redefining areas within the context of international multidisciplinary critical research and in highlighting emerging areas such as human trafficking Internet pornography and image based sexual abuse It is specifically designed to be a comprehensive resource for undergraduate and postgraduate students researchers and policymakers **The**

Routledge Handbook of International Crime and Justice Studies Bruce Arrigo, Heather Bersot, 2013-08-15 This book presents the enduring debates and emerging challenges in crime and justice studies from an international and multi disciplinary perspective [Routledge International Handbook of Crime and Gender Studies](#) Claire Renzetti, Susan

Miller, Angela Gover, 2013-05-02 Criminological research has historically been based on the study of men boys and crime As a result the criminal justice system s development of policies programs and treatment regimes was based on the male offender It was not until the 1970s that some criminologists began to draw attention to the neglect of gender in the study of crime but today the study of gender and crime is burgeoning within criminology and includes a vast literature The Routledge International Handbook of Crime and Gender Studies is a collection of original cutting edge multidisciplinary essays which provide a thorough overview of the history and development of research on gender and crime covering topics based around theoretical and methodological approaches gender and victimization gender and offending gendered work in the criminal justice system future directions in gender and crime research Alongside these essays are boxes which highlight particularly innovative ideas or controversial topics such as cybercrime restorative justice campus crime and media depictions A second set of boxes features leading gender and crime researchers who reflect on what sparked their interest in the subject This engaging and thoughtful collection will be invaluable for students and scholars of criminology sociology psychology public health social work cultural studies media studies economics and political science **Handbook of Critical Criminology**

Walter S. DeKeseredy, Molly Dragiewicz, 2011-10-27 This collection of essays offers students faculty policy makers and others

an in depth overview of the most up to date empirical theoretical and political contributions made by critical criminologists

Routledge Handbook of Public Criminologies Kathryn Henne, Rita Shah, 2020-01-16 Featuring contributions from scholars from across the globe *Routledge Handbook of Public Criminologies* is a comprehensive resource that addresses the challenges related to public conversations around crime and policy In an era of fake news misguided rhetoric about immigrants and refugees and efforts to toughen criminal laws criminologists seeking to engage publicly around crime and policy arguably face an uphill battle This handbook outlines the foundations of and developments in public criminology underscoring the need to not only understand earlier ideas and debates but also how scholars pursue public facing work through various approaches The first of its kind this collection captures diverse and critical perspectives on the practices and challenges of actually doing public criminology The book presents real world examples that help readers better understand the nature of public criminological work as well as the structural and institutional barriers and enablers of engaging wider audiences Contributors address policies around crime and crime control media landscapes and changing political dynamics In examining attempts to bridge the gaps between scholarship activism and outreach the essays featured here capture important tensions related to inequality and social difference including the ways in which criminology can be complicit in perpetuating inequitable practices and structures and how public criminology aims but sometimes fails to address them The depth and breadth of material in the book will appeal to a wide range of academics students and practitioners It is an important resource for early career researchers more established scholars and professionals with accessible content that can also be used in upper level undergraduate classes Chapter 5 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Handbook of Critical Studies of Artificial Intelligence Simon Lindgren, 2023-11-03 As artificial intelligence AI continues to seep into more areas of society and culture critical social perspectives on its technologies are more urgent than ever before Bringing together state of the art research from experienced scholars across disciplines this Handbook provides a comprehensive overview of the current state of critical AI studies

Critical Criminology Today Vincenzo Ruggiero, 2021-08-09 What survives of the notions principles and values of critical criminology Faced with contexts that could not be more dramatically different to those fostering critical approaches to crime and its control what is left of the radical theories and practical initiatives that characterized it in the 1970s This book argues that critical criminology today can be reimagined if new concepts are elaborated which bring academic efforts close to the practices of social movements Building on an original collection of anti hegemonic essays focused on specific criminological areas including femicide organized crime drug use punishment state corporate terrorism and financial crime this book identifies the radical potential inherent in the choice of areas topics and variables that critical criminologists can address today In discussing concepts of distance power mercy and troublemaking this book considers the relationship between critical criminology social justice and activism

An accessible and compelling read this book will appeal to all those engaged with critical criminology sociology and cultural studies The Handbook of Criminological Theory Alex R. Piquero,2015-11-02 An indispensable resource for all levels this handbook provides up to date in depth summaries of the most important theories in criminology Provides original cutting edge and in depth summaries of the most important theories in criminology Covers the origins and assumptions behind each theory explores current debates and research points out knowledge gaps and offers directions for future research Encompasses theory research policy and practice with recommendations for further reading at the end of each essay Features discussions of broad issues and topics related to the field such as the correlates of crime testing theory policy and prediction Clearly and accessibly written by leading scholars in the field as well as up and coming scholars

Contemporary Critical Criminology Walter S. DeKeseredy,2021-09-22 The concept of critical criminology that crime and the present day processes of criminalization are rooted in the core structures of society is of more relevance today than it has been at any other time Written by an internationally renowned scholar Contemporary Critical Criminology introduces the most up to date empirical theoretical and political contributions made by critical criminologists around the world In its exploration of this material the book also challenges the erroneous but widely held notion that the critical criminological project is restricted to mechanically applying theories to substantive topics or to simply calling for radical political economic cultural and social transformations Now fully updated and expanded in a new edition this book offers further coverage of new directions in critical criminology covering topics such as Green criminology Indigenous criminology Intersectionality Narrative criminology Rural critical criminology Queer criminology Zemiology Critical research methods Contemporary critical criminological policies Written in a clear and direct style this book is an essential source of reference for both undergraduate and postgraduate students of criminology deviance and social control criminological theory social policy research methodology and criminal justice Abolish Criminology Viviane Saleh-Hanna,Jason M. Williams,Michael J Coyle,2023-08-25 Abolish Criminology presents critical scholarship on criminology and criminal justice ideologies and practices alongside emerging freedom driven visions and practices for new world formations The book introduces readers to a detailed history and analysis of crime as a concept and its colonizing trajectories into existence and enforcement These significant contexts buried within peculiar academic histories and classroom practices are often overlooked or unknown outside academic spaces This causes the impact of criminology s racializing gendering sexualizing histories to extend and grow through criminology s creation of crime as a very limiting way of thinking about violence and what can be done about it These limitations allow the concept of crime to be weaponized and enforced through the criminal legal system Abolish Criminology offers an accessible critical study of criminology in written visual and poetic forms and through the perspectives of university students professors imprisoned and formerly imprisoned scholars poets and visual artists This allows readers to engage in multi sensory inter disciplinary and multi perspective teachings on criminology s often discussed but seldom

interrogated mythologies on violence and danger while bringing to light the wide reaching enforcements of violence through criminology's research theories agencies and dominant cultures Abolish Criminology serves the needs of undergraduate and graduate students and educators in the social sciences arts and humanities It will also appeal to scholars researchers policy makers activists community organizers social movement builders and various reading groups in the general public who are grappling with increased critical public discourse on policing and criminal legal reform or abolition Against Cybercrime Kevin F. Steinmetz, 2023-09-01 This book advances a theoretically informed realist criminology of computer crime Looking beyond current strategies of online crime control this book argues for a new sort of policy that addresses the root causes of computer crime and criminality reduces the harms experienced by the victims of such crimes and does not unduly contribute to state and corporate power and surveillance Drawing both on the proponents of realist criminology and on those who have leveled critiques of the approach Steinmetz illustrates the contours of a realist criminology of computer crime by considering definitions of harm with online crime the idiosyncrasies of online locality and community the social relations of computer crime the tension between piecemeal reform and structural changes and other matters Furthermore Steinmetz surveys the methodological dimensions of computer crime research offers a critique of positivist computational criminology and posits an agenda for computer crime policy Against Cybercrime is an essential reading for all those engaged with cybercrime realist criminology criminological theory and social harm online Youth Street Gangs David C. Brotherton, 2025-05-16 Gangs have been heavily pathologized in the last several decades In comparison to the pioneering Chicago School's work on gangs in the 1920s we have moved away from a humanistic appraisal of and sensitivity toward the phenomenon and have allowed the gang to become a highly plastic folk devil outside of history This pathologization of the gang has particularly negative consequences for democracy in an age of punishment cruelty and coercive social control This is the central thesis of David Brotherton's celebrated book on street gangs Drawing on a wealth of highly acclaimed original research Brotherton explores the socially layered practices of street gangs including community movements cultural projects and sites of social resistance The book also critically reviews gang theory and the geographical trajectories of streets gangs from New York and Puerto Rico to Europe the Caribbean and South America as well as state sponsored reactions and the enabling role of orthodox criminology In opposition to the dominant gang discourses Brotherton proposes the development of a critical studies approach to gangs and concludes by making a plea for researchers to engage the gang reflexively paying attention to the contradictory agency of the gang and what gang members actually tell us This new edition has been revised and fully updated containing three new chapters offering alternative approaches to interventions in gang violence and to gang desistance drawing on detailed interviews with Antonio Fernandez King Tone former head of the Latin Kings The book is essential reading for academics and students involved in the study of juvenile delinquency youth studies deviance gang studies and cultural criminology **The Oxford Textbook on Criminology** Stephen Case, Steve Case, David Manlow, Philip

Johnson, Kate Williams, Roger Smith, 2021 The Oxford Textbook on Criminology has been developed by a team of experts to equip you with the knowledge confidence skills and enthusiasm you need to achieve your full potential as a criminologist

Back cover **Critical Criminology (Routledge Revivals)** Ian Taylor, Paul Walton, Jock Young, 2013-01-11 First published in 1975 this collection of essays expands upon the themes and ideas developed in the editors previous work the visionary and groundbreaking text The New Criminology Directed at orthodox criminology this is a partisan work written by a group of criminologists committed to a social transformation a transformation to a society that does not criminalize deviance Included are American contributions particularly from the School of Criminology at Berkeley represented by Hermann and Julia Schwendinger and Tony Platt together with essays by Richard Quinney and William Chambliss From Britain Geoff Pearson considers deviancy theory as misfit sociology and Paul Hirst attacks deviancy theory from an Althusserian Marxist position The editors contribute a detailed introductory essay extending the position developed in The New Criminology and two other pieces which attempt to continue the task of translating criminology from its traditional correctionalist stance to a commitment to socialist diversity and a crime free set of social arrangements **Critical Criminology** Ian R. Taylor, 1975

Crime, Justice and Social Media Michael Salter, 2016-10-04 How is social media changing contemporary understandings of crime and injustice and what contribution can it make to justice seeking Abuse on social media often involves betrayals of trust and invasions of privacy that range from the public circulation of intimate photographs to mass campaigns of public abuse and harassment using platforms such as Facebook Twitter 8chan and Reddit forms of abuse that disproportionately target women and children Crime Justice and Social Media argues that online abuse is not discontinuous with established patterns of inequality but rather intersects with and amplifies them Embedded within social media platforms are inducements to abuse and harass other users who are rarely provided with the tools to protect themselves or interrupt the abuse of others There is a relationship between the values that shape the technological design and administration of social media and those that inform the use of abuse and harassment to exclude and marginalise diverse participants in public life Drawing on original qualitative research this book is essential reading for students and scholars in the fields of cyber crime media and crime cultural criminology and gender and crime *Power and Crime* Vincenzo Ruggiero, 2017-11-27 This book provides an analysis of the two concepts of power and crime and posits that criminologists can learn more about these concepts by incorporating ideas from disciplines outside of criminology Although arguably a rendezvous discipline Vincenzo Ruggiero argues that criminology can gain much insight from other fields such as the political sciences ethics social theory critical legal studies economic theory and classical literature In this book Ruggiero offers an authoritative synthesis of a range of intellectual conceptions of crime and power drawing on the works and theories of classical as well as contemporary thinkers in the above fields of knowledge arguing that criminology can humbly renounce claims to intellectual independence and adopt notions and perspectives from other disciplines The theories presented locate the crimes of the powerful in

different disciplinary contexts and make the book essential reading for academics and students involved in the study of criminology sociology law politics and philosophy

Social Harm at the Border Francesca Soliman, 2023-11-17 This book offers a zemiological approach for understanding border control practices state power and their social impact Drawing on an ethnographic study on the borderisation of the Mediterranean island of Lampedusa it explores border harms from the perspective of the non migrant community Social Harm at the Border examines a range of social harms associated with border control and draws on themes of security racialised humanitarianism economic harms environment and culture It explores the ways in which borderisation exercises control over both migrants and non migrants ensuring that border communities remain subordinated to the power of institutional actors and it offers a novel framework with which to illuminate and explain border harms and their generative mechanisms An accessible and compelling read this book will appeal to students and scholars of criminology zemiology sociology criminal justice politics geography and those interested in the harms caused by border control practices

Restorative Justice at a Crossroads Giuseppe Maglione, Ian D. Marder, Brunilda Pali, 2024-02-13 This book reflects on the institutionalisation of restorative justice over the last 20 years and offers a critical analysis of the qualitative consequences generated by such a process on the normative structure of restorative justice and on its understanding and uses in practice Bringing together an international collection of leading scholars this book provides a range of context sensitive case studies that enhance our understanding of the development of international national and institutional policy frameworks for restorative justice the mainstreaming of practices within the criminal justice system the proliferation of cultural social and political co optations of restorative justice and the ways in which the formalisation of the restorative justice movement have affected its values aims and goals

In Praise of Sociology Professor Gordon Marshall, 2002-09-11 In this lively and entertaining book Gordon Marshall explores ten classic studies of British society to demonstrate the valuable qualities of British sociology and its importance for understanding contemporary society In each case he provides a precis of the research undertaken assuming no prior knowledge on the part of the reader a series of points that can be made in praise or criticism of the research and an assessment of the sociological contribution made by the researchers The ten studies chosen are Goldthorpe on social mobility Townsend on poverty Rex and Moore on race and the inner city the Affluent Worker project Wallis on sectarianism Jackson and Marsden on education and the working class Brown and Harris on clinical depression among women Cohen on deviance Bott on families and social networks and Burns and Stalker on management and new technology An excellent introduction for the student to the concerns and values of sociology this book gives a powerful statement of the achievements of post war British sociologists and a manifesto for good sociology in the 1990s

The Enigmatic Realm of **Routledge Handbook Of Critical Criminology Hardcover**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
