The Scarlet Gospels English Edition:

The Scarlet Gospels Clive Barker, 2015-05-21 The Scarlet Gospels takes readers back to the early days of two of Clive Barker's most iconic characters in a battle of good and evil as old as time. The gates to Hell are open and something beckons. The last of Earth's magicians are living in fear. A Cenobite Hell Priest known as Pinhead is killing them off, gorging on their knowledge to enhance his own magical powers as part of a quest to take over Hell. Meanwhile, Private Investigator Harry D. Amour is fulfilling the final wishes of the dead who communicate with his business associate, the blind medium Norma Paine. But while investigating one such case, Harry inadvertently opens up a portal between Hell and Earth. When Harry's nemesis Pinhead emerges through the portal, a vicious battle ensues. After failing to enlist Harry to pen his Scarlet Gospels, the epistles chronicling the Hell Priest's grand coup, Pinhead instead captures Norma. Harry realizes he must go through Hell literally to save her.

The Scarlet Gospels Clive Barker, 2016-07-26 Long beleaguered supernatural private investigator Harry D. Amour and his entourage of mortal sidekicks are lured to the infernal realm to serve as witness to what the demon Pinhead calls my gospels, a succession of gruesome atrocities.

The Fearing: The Definitive Edition John F.D. Taff, 2021-05-25 What if all humanity's fears were unleashed on the world all at once? A series of cataclysmic events are felt around the globe and throughout the United States; the last vestiges of society band together in ragtag groups to face off against the ghastly horrors of their shattered world. Opposing them is the enigmatic Adam Sigil, a man seemingly able to inflict others with his own darkest fears, and his equally mysterious companion Jel'nik. As the world slips into darkness, the survivors of the onslaught struggle with the new normal of their now dystopian lives amidst ongoing skirmishes with mankind's nightmares. With devastation and atrocities continuing to escalate and hysteria threatening to rip their tenuous society apart, they find themselves on a collision course with this malevolent duo headed toward a terrifying showdown that could ultimately signal the end of humanity. Multiple Bram Stoker Award-nominated author John F.D. Taff's sprawling apocalyptic epic *The Fearing* was called the event of the year when it was originally released as four standalone novellas: *Fire*, *Rain*, *Water*, *Wind*, *Air*, *Dust*, and *Earth*. *Ember*. Now here for the first time, all four parts have finally come together with an altered timeline in this collected edition of *The Fearing*. Includes a special introduction from a Grand Master of Horror, the esteemed Ray Garton, author of *Ravenous*, *Live Girls*, and many more novels. Praise for John F.D. Taff and *The Fearing*: *The Fearing* isn't only John F.D. Taff's best book to date; it's the kind you put on the shelf reserved for the ones that really did something to you emotionally, intellectually, physically. A modern master at play. Josh Malerman, Bram Stoker Award-nominated author of the New York Times bestselling *Bird Box*. *The Fearing* is a powerful and epic trip into the land of fear. Robert R. McCammon, New York Times bestselling author of *Swan Song*, *Boy's Life*, and *The Wolf's Hour*. Of the current breed of authors riding the wave of digital liberation, John Taff is a standout talent. Literary, affecting, chilling, and indicative of that old-school mentality meets new-school daring. Kealan Patrick Burke, Bram Stoker Award-winning author of *The Turtle Boy*, *Kin*, and *Jack Jill*. John F.

Cowan,2022-05-17 Throughout history the religious imagination has attempted to control nothing so much as our bodies what they are and what they mean what we do with them with whom and under what circumstances how they may be displayed or more commonly how they must be hidden Religious belief and mandate affect how our bodies are used in ritual practice as well as how we use them to identify and marginalize threatening religious Others This book examines how horror culture treats religious bodies that have stepped or been pushed out of their proper place Unlike most books on religion and horror This book explores the dark spaces where sex sexual representation and the sexual body come together with religious belief and scary stories Because these intersections of sex horror and the religious imagination force us to question the nature of consensus reality supernatural horror especially as it concerns the body often shows us the religious imagination at work in real time It is important to note that the discussion in this book is not limited either to horror cinema or to popular fiction but considers a wide range of material including literary horror weird fiction graphic storytelling visual arts participative culture and aspects of real world religious fear It is less concerned with horror as a genre which is mainly a function of marketing and more with the horror mode a way of storytelling that finds expression across a number of genres a variety of media and even blurs the boundary between fiction and non fiction This expanded focus not only deepens the pool of potential examples but invites a much broader readership in for a swim *Dead Earth: Sanctuary* Mark Justice,David T.
