Padovano, 2014 Padovano tells the story of Merton's life through his books journals and poetry He explains the thinking behind Merton's writing and how both express the spirituality of our age helping you understand more about Merton about God and about the effect both can have in your life Cover **Merton** Michael W. Higgins, 2014 People of God is a brand new series of inspiring biographies for the general reader Each volume offers a compelling and honest narrative of the life of an important twentieth or twenty first century Catholic Some living and some now deceased each of these women and men have known challenges and weaknesses familiar to most of us but responded to them in ways that call us to our own forms of heroism Each of them offers a credible and concrete witness of faith hope and love to people of our own day Thomas Merton was the consummate post modern holy one flawed anti institutional a voice for the voiceless But he was also a classical traditionalist centered obedient in search of stability He was a religious thinker of remarkable insight a social commentator of courage and conviction and a writer of startling virtuosity Michael W Higgins recounts the life of this insatiable wanderer He explores the various layers of influence and evolution in Merton's thought and spirituality This book tells the remarkable story of a life that remains to be understood from its beginnings and long after its premature ending Authenticity, Passion, and Advocacy Thomas E. Malewitz, 2020-07-08 Adolescence can be best summarized as a time of authenticity passion and advocacy As adolescents start maturing on a life journey that leads them away from dependence on their parents to becoming an independent adult they often seek out honest and transparent mentors to learn from and trust for wisdom and guidance Although Thomas Merton the celebrated spiritual author and Cistercian monk is better remembered for his writings on ecumenism nonviolence and advocacy he also had several documented correspondences with adolescents throughout his life By examining these artifacts it is clear that Thomas Merton had great insight into the spiritual needs and challenges of adolescents Throughout his life Merton s authentic struggles often parallel the searching nature that defines adolescent spirituality Through scholarship and practice this book will explore how the life and writings of Thomas Merton may serve as a guide and bridge for ministers of adolescents and will offer some practical suggestions for minsters educators and parents on topics affecting contemporary adolescents through the lens of Thomas Merton's life and writings An Asian Woman's Religious Journey with **Thomas Merton** Jung Eun Sophia Park, 2021-11-30 Join Jung Eun Sophia Park on her personal guest for God and her true self through the writings of Thomas Merton Approaching Merton as an Asian immigrant feminist in the postcolonial era Park s perspective is a unique one and in this dance sometimes it is her and sometimes Merton who leads Throughout Eastern and Western spirituality are organically woven together in reflection on Merton's narratives and in the examination of late capitalism poverty beauty and violence These reflections are insightful provocative and illuminating particularly with regard to his androcentric spirituality especially as it relates to his relationships with women The Social Thought of Thomas

Merton David W. Givey, 2009 This new edition traces the evolution of Thomas Merton's social thought particularly as it evolved toward a way of nonviolence and peacemaking grounded in contemplation and Christian love It identifies the social context that shaped Merton including civil rights and racism the Vietnam War and a growing nuclear threat And it explores the religious influences and experiences that shaped Merton including Catholic social teaching particularly Pope John XXIII s encyclical letter Pacem in Terris Peace on Earth the words and actions of Mahatma Gandhi and Martin Luther King Jr the practice of contemplation and Zen and Merton's own life as a Trappist monk Engaging Thomas Merton Horan, OFM, Daniel P., 2023-11-10 Essays on the Trappist monk his enduring significance and his contributions to spirituality and social **Thomas Merton** Patrick F. O'Connell, 2013 This volume provides a broad cross section of Merton s work as an essayist collecting pieces that are characteristic examples of his astonishing output and the fantastic breadth of his interests The essays range from the wisdom of the desert fathers to the novels of Faulkner and Camus from interreligious dialogue to racial justice The Literary Essays of Thomas Merton Thomas Merton, 1981 The Franciscan Heart of Thomas Merton Daniel P. Horan, 2014-09-22 Daniel Horan O F M popular author of Dating God and other books on Franciscan themes and expert on the spirituality of Thomas Merton masterfully presents the untold story of how the most popular saint in Christian history inspired the most popular spiritual writer of the twentieth century and how together they can inspire a new generation of Christians Millions of Christians and non Christians look to Thomas Merton for spiritual wisdom and guidance but to whom did Merton look In The Franciscan Heart of Thomas Merton Franciscan friar and author Daniel Horan shows how both before and after he became a Trappist monk Merton's life was shaped by his love for St Francis and for the Franciscan spiritual and intellectual tradition Given recent renewed interest in St Francis this timely resource is both informative and practical revealing a previously hidden side of Merton that will inspire a new generation of Christians to live richer deeper and more justice minded lives of faith **Heretic Blood** Michael W. Higgins, 2016-10-31 Thirty years after his death we are finally catching up to Thomas Merton as one of the greatest spiritual figures of the twentieth century The genius and spirituality of this unusual man could not be contained in his life as a monk but spilled over richly into his life and work as a poet critic rebel sage and even artist and photographer Merton was aware that he had heretic blood within him and it soon became apparent to the world The balding French English intellectual living as a Trappist monk at Our Lady of Gethsemani Abbey in Kentucky took a vow of silence yet corresponded with and befriended such luminaries as Joan Baez Jacques Maritain John Howard Griffin Martin Luther King Jr Erich Fromm and Boris Pasternak His famous autobiography The Seven Storey Mountain captured the imagination of a generation selling more than six hundred thousand copies in its first year Merton also took a vow of obedience yet feuded constantly with his second abbot As a monk he promised to remain celibate yet he found himself passionately in love with a nurse he met while in hospital in Louisville Kentucky And at the end of his life Merton a monk within the western Roman Catholic tradition was moving closer and closer to Eastern spirituality

This brilliant new book is the first to use recently released diary entries and correspondence by Merton and includes new insights about the recently published diary of his episode of the heart Higgins compares Merton with William Blake the monk s intellectual and spiritual hero and comes to startling conclusions about the emotional and intellectual passions that drove Thomas Merton a man and thinker for all seasons Thomas Merton Robert Waldron, 2008 First published London Darton Longman and Todd 2007 Spiritual Companions Padraic O'Hare, 2006 This book is written on the premise that knowledge of and appreciation for the religious beliefs and practices of other faiths can enrich our own lives The author is a professor of religion and theology at Merrimack College MA and the director of the Center for the Study of Jewish Christian Relations at The Spiritual Legacy of Henri Nouwen Deirdre LaNoue, 2000-10-01 In 1969 the year following the death of the college Thomas Merton Henri Nouwen published his first book Who reading Intimacy Essays in Pastoral Psychology at the time could have guessed that its 37 year old Dutch priest author would become one of the most popular spiritual writers of the 20th century Unlike Merton whose strictly spiritual writings appealed almost exclusively to Roman Catholics Nouwen had an enormous following among Protestants as well as Catholics What was it about this man and his work that so resonated with the American psyche over the past thirty years In The Spiritual Legacy of Henri Nouwen Deidre LaNoue analyzes Nouwen s voluminous writings in the context of his life and times providing a key to his more than forty individual books as well as a cogent summary of his contribution to the spiritual lives of millions of people The book includes a complete bibliography of Nouwen's writings as well as a Scripture index of his books **Thinking through Thomas Merton** Robert Inchausti, 2014-01-10 With the publication of The Seven Storey Mountain in 1948 Thomas Merton became a bestselling author writing about spiritual contemplation in a modern context Although Merton 1915 1968 lived as a Trappist monk he advocated a spiritual life that was not a retreat from the world but an alternative to it particularly to the deadening materialism and spiritual vacuity of the postwar West Over the next twenty years Merton wrote for a wide audience bringing the wisdom of Christianity Buddhism and Sufism into dialogue with the period's contemporary thought In Thinking through Thomas Merton Robert Inchausti introduces readers to Merton and evaluates his continuing relevance for our time Inchausti shows how Merton broke the high modernist trance so that we might become the change we wish to see in the world by refiguring the lost virtues of silence contemplation and community in a world enamored by the will to power virtuoso performance radical skepticism and materialist metaphysics Merton's defense of contemplative culture is considered in light of the postmodern thought of recent years and emerges as a compelling alternative Thomas Merton Peacemaker Dear, John ,2015-04-30 Thomas Merton's Art of Denial David D. Cooper, 2008-12-01 Trappist monk and best selling author Thomas Merton battled constantly within himself as he attempted to reconcile two seemingly incompatible roles in life As a devout Catholic he took vows of silence and stability longing for the security and closure of the monastic life But as a writer he felt compelled to seek friendships in literary circles and success in the secular world In Thomas Merton's Art of Denial

David D Cooper traces Merton's attempts to reach an accommodation with himself to find a way in which the silence of the monk could live compatibly with the racket of the writer From the roots of this painful division in the unsettled early years of Merton's life to the turmoil of his directionless early adult years in which he first attempted to write he was besieged with self doubts Turning to life in a monastery in Kentucky in 1941 Merton believed he would find the solitude and peace lacking in the quotidian world But as Merton once wrote An author in a Trappist monastery is like a duck in a chicken coop And he would give anything in the world to be a chicken instead of a duck Merton felt compelled to choose between life as either a less than perfect priest or a less prolific writer Discovering in his middle years that the ideal monastic life he had envisioned was an impossibility Merton turned his energies to abolishing war It was in this pursuit that he finally succeeded in fusing the two sides of his life converting his frustrated idealism into a radical humanism placed in the service of world peace Here is a portrait of a man torn between the influence of the twentieth century and the serenity of the religious ideal a man who used his own personal crises to quide his youthful ideals to a higher purpose The Modern Schoolman .2004 Letters of Thomas Merton and Victor and Carolyn Hammer F. Douglas Scutchfield, Paul Evans Holbrook Jr., 2014-11-12 This study affords an entirely new view of the nature of modern popular entertainment American vaudeville is here regarded as the carefully elaborated ritual serving the different and paradoxical myth of the new urban folk It demonstrates that the compulsive myth making faculty in man is not limited to primitive ethnic groups or to serious art that vaudeville cannot be dismissed as meaningless and irrelevant simply because it fits neither the criteria of formal criticsm or the familiar patterns of anthropological study Using the methods for criticism developed by Susanne K Langer and others the author evaluates American vaudeville as a symbolic manifestation of basic values shared by the American people during the period 1885 1930 By examining vaudeville as folk ritual the book reveals the unconscious symbolism basic to vaudeville in its humor magic animal acts music and playlets and also in the performers and the managers which gave form to the dominant American myth of success This striking view of the new mass man as a folk and of his mythology rooted in the very empirical science devoted to dispelling myth has implications for the serious study of all forms of mass entertainment in America The book is illustrated with a number of striking photographs Cistercian Fathers and Forefathers Thomas Merton, 2018-09-15 This volume of previously uncollected studies makes a notable contribution to Merton's extensive and influential legacy This volume includes pieces on eleventh and twelfth century mo nastics by Thomas Merton perhaps the most significant American Catholic spiritual writer of the twentieth century The essays are difficult to locate elsewhere the conference transcriptions are available only here Healing the Wounds of Change Anne M.
