The Secret In The Hall Of Records:

The Last Timekeepers and the Dark Secret Sharon Ledwith, 2025-05-01 Only a true hero can shine the light in humanity's darkest time. When fourteen-year-old Jordan joins his second mission with the Last Timekeepers, he and his companions are thrust into Nazi-occupied Amsterdam during World War 2. Tasked with locating a powerful ancient book before it falls into enemy hands, Jordan and his fellow Timekeepers are plunged into a fight far more dangerous than anything they've faced before. With help from the Dutch Resistance and a mysterious baron, they must stay one step ahead of a regime determined to silence the truth. As danger closes in, Jordan discovers that true courage is forged through trust, sacrifice, and the strength of those beside you. But will that be enough to change the past and protect the future? A fast-paced adventure rich with historical detail. **THE LAST TIMEKEEPERS AND THE DARK SECRET** is the second book in Sharon Ledwith's series of novels for middle grade and adult readers alike.

The Ancient Alien Theory: Part Seven C.R. Hale, 2018-07-20 The Ancient Alien Theory Part Seven and ancientalienpedia.com are both a written and online resource. The written guide serves as an opportunity to log out, shut down, and unplug from the online world. The online guide serves as a gateway to the Ancient Alien Theory with links to online sources, books, and authors. Just as Bill Birnes created The UFO Magazine Encyclopedia to provide a comprehensive guide to UFOs and extraterrestrial contact, AncientAlienPedia is providing a database to the Ancient Alien Theory. This all-inclusive guidebook saves readers countless hours of searching for this information, which is scattered across hundreds of websites and books. The AncientAlienPedia will prove to be an essential reference for the highly controversial Ancient Alien Theory.

The Secret in the Hall of Records Rick Diamond, 2014-12-18 For centuries, rumors have persisted of a lost Hall of Records under the Sphinx in Egypt, containing artifacts left by the advanced race of Atlantis before the Flood. No one has found the Hall of Records so far. An elderly inventor in Mystic, Connecticut, learns of the Hall of Records and has reason to believe it holds the ability to see the past and future. Unable to go himself, he asks Jeff Silver, editor of the town's newspaper, to travel to Egypt in search of this mystical power. Grieving at the loss of a dear friend, Silver declines. But it seems fate has decided he has a role to play, and subsequent events bring him into conflict with forces far greater than he had anticipated.

The Secret Public Jon Savage, 2025-02-04 Rolling Stone UK Best Music Books of the Year. A monumental history of the gay influence on popular culture from the rise of Little Richard to the collapse of disco in 1979, award-winning author Jon Savage takes us on a fast and captivating journey through the history of pop music as seen through the eyes of queer artists. Jon Savage, the author of the canonical *England's Dreaming*, explodes new ground in this electrifying history of pop music from 1955 through 1979. In demonstrating that gay and lesbian artists were responsible for many of the greatest cultural breakthroughs in the last half of the twentieth century, he shows that it was their secretly encoded music, appealing to a closeted but greatly oppressed public, which led to the historic dismantling of discriminatory gay laws and the fusion of queer and straight culture. Fittingly, Savage's kaleidoscopic work begins with the pomp and pompadour appearance

of Little Richard whose relentlessly driving sound replete with gospel shrieks and sexual contortions enthralled a generation of 1950s stultified white teenagers Things soon went mainstream as Elvis enthralled a nation with his seductive low moans and bump and grind twists heavily derivative of Black music while James Dean and Rock Hudson became the face of 1950s Hollywood yet this explosion of queer expression remained covert and could not be accepted for what it was While music with supporting roles from cinema and fashion became the key medium through which homosexuality could be clandestinely enacted overt expressions of gay behavior were met with arrests and crackdowns While hippies reveled in 1967 s Summer of Love gays remained harassed by police demonized by the media and politicians imprisoned simply for being who they were J Edgar Hoover himself a closeted homosexual continued to spy on homosexual deviants CBS s Mike Wallace aired an invidious show about homosexuality and the New York police continued to raid gay bars Yet the music itself produced a cultural eruption that simply could not be stanchd While Bette Midler sang Boogie Woogie Bugle Boys to a Continental Baths audience of 600 gay men all naked except for towels David Bowie blew the whole topic wide open and became the most totemic pop star of his generation Even though roadblocks remained the gear grinding crunch of the music signaled that the gay civil rights movement could no longer be suppressed Ending the narrative with the sudden collapse of disco The Secret Public asserts then that the genie was out of the bottle that queer culture had finally entered the mainstream producing a transcendent vision of pop culture that could never be marginalized again The Legends of the Pyramids Jason Colavito,2021-08-03 In the vein of the Prothero titles which have sold well Well researched book which traces the origins of popular myths surrounding the pyramids It examines Egypt from the point of view of pop culture and myth rather than academic history It is one of the first books to fully explore the influence of medieval Islam on modern myths of Egypt It connects stories from Classical Antiquity down to modern movies to show they are part of a continuous whole It includes discussion and translation of rare ancient and medieval texts almost never discussed in the West **The Secret Chamber of Osiris** Scott Creighton,2014-12-15 Reveals the true purpose behind the pyramids of Giza and the location of the secret vault of Egyptian treasures hidden on the Giza plateau Details how the first 16 pyramids represent the allegorical dismembered body of Osiris and the legendary missing part is a secret underground chamber Explains how the pyramids were built as recovery vaults and with the secret chamber contained everything needed to rebuild civilization after the Deluge Examines the technology used to build the pyramids and fly the stones into place After nearly 200 years of the pyramid as tomb theory a growing body of evidence suggests the first 16 pyramids of ancient Egypt were not royal tombs but nearly indestructible recovery vaults designed to revive civilization after an anticipated major catastrophe the Deluge of Thoth Scott Creighton examines the prophecy of catastrophe and the ancient Egyptians massive undertaking to ensure the survival of their civilization He explains how the pyramids acted as easily located storehouses for seeds tools and civilizing knowledge yet they would have been too visible to house the precious treasures necessary to restore the rich culture of

ancient Egypt For this the ancients created a secret chamber whose existence was hidden in myth and whose location was encoded in the Giza pyramids Creighton shows how collectively the first 16 pyramids represent the allegorical dismembered body of Osiris the Egyptian god of agriculture and rebirth and as in the myth of Osiris one part is missing or hidden a secret chamber under the sands of the Giza plateau Creighton reveals how the 3 great pyramids of Giza point to the secret location and how they were built with technology akin to modern hot air balloons used to fly the stones into place as cited in Egyptian legends and shown in ancient art Offering a new understanding of this remarkable civilization the author concludes with a startling revelation shortly after he revealed the location of the secret chamber of Osiris a location never before explored it became the site of a major excavation by the Egyptian authorities the results of which have yet to be made public The Ancient Alien Theory: Part Three C.R. Hale,2018-06-23 The Ancient Alien Theory Part Three and ancientalienpedia.com are both a written and online resource The written guide serves as an opportunity to log out shut down and unplug from the online world The online guide serves as a gateway to the Ancient Alien Theory with links to online sources books and authors Just as Bill Birnes created The UFO Magazine Encyclopedia to provide a comprehensive guide to UFOs and extraterrestrial contact AncientAlienPedia is providing a database to the Ancient Alien Theory This all inclusive guidebook saves readers countless of hours of searching for this information which is scattered across hundreds of websites and books The AncientAlienPedia will prove to be an essential reference for the highly controversial Ancient Alien Theory *The 1st-Annual Report of the Deputy Keeper of the Public Records ...* Great Britain. on the cusp of an era of incredible creative growth The recent discovery of the remains of ancient villages buried beneath the Black Sea is the latest instance of mounting evidence that many of the mythic catastrophes of history the fall of Atlantis the Biblical Flood were actual events In Catastrophobia Barbara Hand Clow shows that a series of cataclysmic disasters caused by a massive disturbance in the Earth s crust 11 500 years ago rocked the world and left humanity s collective psyche permanently scarred We are a wounded species and this unprocessed fear passed from generation to generation is responsible for our constant expectations of apocalypse from Y2K to the famed end of the Mayan calendar in 2012 Catastrophobia reveals the insidious global forces that have used these collective fears to control humanity for thousands of years But we are in the midst of a tremendous shift in the Earth s 26 000 year precessional cycle and there is every indication that the changes in consciousness over the last 30 years are the beginnings of a collective healing from these deep fears heralding a new age where we will see that the era of cataclysms is ending and a time of extraordinary creative activity is at hand

The Orion Prophecy Patrick Geryl, Gino Ratinckx, 2001 In the year 2012 the Earth awaits a super catastrophe its magnetic field will turn over in one go Phenomenal earthquakes and tidal waves will completely destroy our civilisation Europe and North America will shift thousands of kilometres northwards into polar climate Nearly the whole earth s population will perish in the apocalyptic happenings These dire predictions stem from Mayans and Egyptians descendants of the legendary Atlantis The Atlanteans had highly evolved astronomical knowledge and were able to exactly calculate the previous world wide flood in 9792 BC They built tens of thousands of mandjits and escaped to South America and Egypt In the year 2012 Venus Orion and several other stars will take the same code positions as in 9792 BC the year of the previous cataclysm For thousands of years historical sources have told of a forgotten time capsule of ancient wisdom located in a mythical labyrinth of secret chambers filled with artefacts and documents from the previous flood this book gives one possible location
