The Silk Road A New History:

The Silk Road Valerie Hansen, 2015 The Silk Road conjures up an image of a traveller carrying silk as he sits atop a camel and moves along a desert highway This book offers concrete evidence for what he was really carrying and where he was heading looking at the key sites along the multiple silk roads The Silk Roads Peter Frankopan, 2015 The No 1 Sunday Times and international bestseller a major reassessment of world history in light of the economic and political renaissance in the re emerging east For centuries fame and fortune was to be found in the west in the New World of the Americas Today it is the east which calls out to those in search of adventure and riches The region stretching from eastern Europe and sweeping right across Central Asia deep into China and India is taking centre stage in international politics commerce and culture and is shaping the modern world This region the true centre of the earth is obscure to many in the English speaking world Yet this is where civilization itself began where the world's great religions were born and took root The Silk Roads were no exotic series of connections but networks that linked continents and oceans together Along them flowed ideas goods disease and death This was where empires were won and where they were lost As a new era emerges the patterns of exchange are mirroring those that have criss crossed Asia for millennia The Silk Roads are rising again A major reassessment of world history The Silk Roads is an important account of the forces that have shaped the global economy and the political renaissance in the re emerging east *The New Silk Roads* Peter Frankopan, 2019-03-26 From the bestselling author of *The Silk Roads* comes an updated timely and visionary book about the dramatic and profound changes our world is undergoing right now as seen from the perspective of the rising powers of the East All roads used to lead to Rome Today they lead to Beijing So argues Peter Frankopan in this revelatory new book In the age of Brexit and Trump the West is buffeted by the tides of isolationism and fragmentation Yet to the East this is a moment of optimism as a new network of relationships takes shape along the ancient trade routes In *The New Silk Roads* Peter Frankopan takes us on an eye opening journey through the region from China's breathtaking infrastructure investments to the flood of trade deals among Central Asian republics to the growing rapprochement between Turkey and Russia This important book asks us to put aside our preconceptions and see the world from a new and ultimately hopeful perspective **The New Silk Roads** Peter Frankopan, 2018 From the internationally bestselling author of *The Silk Roads* everything you need to know about the present and future of the world Masterly mapping out of a new world order Evening Standard Frankopan is a brilliant guide to terra incognita The Times Peter Frankopan's highly anticipated follow up to the *Book of the Decade* *The New Silk Roads* takes a fresh look at the network of relationships being formed along the length and breadth of the Silk Roads today The world is changing dramatically and in an age of Brexit and Trump the themes of isolation and fragmentation permeating the western world stand in sharp contrast to events along the Silk Roads where ties have been strengthened and mutual cooperation established Following the Silk Roads eastwards from Europe through to China by way of Russia and the Middle East *The New*

Silk Roads provides a timely reminder that we live in a world that is profoundly interconnected. In this prescient contemporary history, Peter Frankopan assesses the global reverberations of these continual shifts in the centre of power, all too often absent from headlines in the west. This important and ultimately hopeful book asks us to reread who we are and where we are in the world, illuminating the themes on which all our lives and livelihoods depend. **The Silk Roads** Peter Frankopan, 2021-07-08. Spellbinding a pitch perfect treasure. LoveReading4Kids. Set your sails east with this stunningly original new history of the world. Peter Frankopan, number one bestselling author and historian, explores the connections made by people, trade, disease, war, religion, adventure, science, and technology in this extraordinary book about how the east married the west with a remarkable voyage at its heart: the journey along the Silk Roads. From ancient world laws laid down by King Hammurabi and the mighty Persian empire to terrifying hunns, the rise of Europe, two world wars, and politics today, *The Silk Roads* illustrated edition moves through time and history, sewing together the threads from different peoples, empires, and continents into a phenomenal history of the globe. With stories from each and every corner of society, Frankopan's magnificent brand new text, based on his literary triumph *The Silk Roads* sumptuously illustrated by Neil Packer, is a must-have world history. An extraordinarily vivid book on an often neglected corner of history. Inis Reading Guide. Not just children, but people of any age will find this book an absorbing read. New York Journal of Books. Peter Frankopan's text is pitched at exactly the right level for children to read and for adults to share with them. The illustrations of Neil Packer are completely captivating; this is a perfect marriage and a book to treasure. Armadillo magazine. Studded with stylish evocative illustrations from Neil Packer, this is an ambitious account that nevertheless tackles big themes in a friendly accessible way. History Revealed magazine. *The Silk Road* Tim Winter, 2022. From the Great Game to the present, an international cultural and political biography of one of our most evocative, compelling, and poorly understood narratives of history. The Silk Road is rapidly becoming one of the key geocultural and geostrategic concepts of the twenty-first century. Yet for much of the twentieth century, the Silk Road received little attention, overshadowed by nationalism and its invented pasts and a world dominated by conflict and Cold War standoffs. In *The Silk Road*, Tim Winter reveals the different paths this history of connected cultures took towards global fame a century after the first evidence of contact between China and Europe was unearthed. He also reveals how this remarkably popular depiction of the past took hold as a platform for geopolitical ambition, a celebration of peace and cosmopolitan harmony, and created dreams of exploration and grand adventure. Winter further explores themes that reappear today as China seeks to revive the Silk Roads for the twenty-first century. Known across the globe, the Silk Road is a concept fit for the modern world, and yet its significance and origins remain poorly understood and are the subject of much confusion. Pathbreaking in its analysis, this book presents an entirely new reading of this increasingly important concept, one that is likely to remain at the center of world affairs for decades to come. **The Silk Roads** Rowan Everhart, 2024-11-25. Embark on an enlightening journey through the ancient trade networks that shaped the world with *The*

Silk Roads A New History of the World's Ancient Trade Networks Authored by Rowan Everhart this compelling narrative delves into the vibrant and intricate web of connections that spanned from East Asia to the Mediterranean and beyond Through a detailed exploration of the historical cultural and economic impact of the Silk Roads Everhart offers a fresh perspective on how these ancient routes influenced the development of civilizations and their lasting legacy in the modern era From the origins of the Silk Roads and the bustling trade of goods such as Roman glass Greek wines and Indian spices to the profound cultural exchanges and the transmission of knowledge across continents this book provides a comprehensive overview of the pivotal role these trade networks played in human history Readers will discover how the Silk Roads facilitated the rise of empires the spread of religions and the growth of cities all while overcoming the harsh realities of desert travel and the complexities of global trade With meticulous research and engaging storytelling Rowan Everhart brings to life the rich tapestry of interactions that defined the Silk Roads offering valuable insights into the interconnectedness of our past and its relevance to contemporary issues of globalization The Silk Roads A New History of the World's Ancient Trade Networks is an essential read for anyone interested in history culture and the enduring power of trade to shape human civilization
