Stretton Elaine Lomax, 2016-12-05 Highly respected as a writer by critics and commentators Hesba Stretton 1832 1911 was a vigorous campaigner for the rights of oppressed minorities and a founding member of the London Society for the Prevention of Cruelty to Children Though she is known today primarily as a writer of evangelical fiction for young people including Jessica's First Prayer this characterization fails to acknowledge the extensive range of her writings and social activism Elaine Lomax re-examines Stretton's writing for children and adults situating her body of work within the broad social and cultural context of its production to expose the depth and complexity of Stretton's engagement with contemporary ideas debates and discourses Mining nineteenth century periodicals archival materials and the minutes of the Religious Tract Society as well as Stretton's own revealing log books Lomax demonstrates Stretton's preoccupation with those at the bottom or on the margins of society At the same time she advances our understanding of the intersection of cultural and literary representations of the child and childhood with wider images of the colonized or excluded and our knowledge of the history and development of juvenile literature and women's writing **The International Review**, 1877

Butts, 2016-12-05 The astonishing success of J K Rowling and other contemporary children's authors has demonstrated how passionately children can commit to the books they love But this kind of devotion is not new This timely volume takes up the challenge of assessing the complex interplay of forces that have created the popularity of children's books both today and in the past The essays collected here ask about the meanings and values that have been ascribed to the term popular They consider whether popularity can be imposed or if it must always emerge from children's preferences And they investigate how the Harry Potter phenomenon fits into a repeated cycle of success and decline within the publishing industry Whether examining eighteenth century chapbooks fairy tales science schoolbooks Victorian adventures waif novels or school stories these essays show how historical and publishing contexts are vital in determining which books will succeed and which will fail which bestsellers will endure and which will fade quickly into obscurity As they consider the fiction of Angela Brazil Enid Blyton Roald Dahl and J K Rowling the contributors carefully analyse how authorial talent and cultural contexts combine in often unpredictable ways to generate and sometimes even sustain literary success *A Critical Dictionary of English Literature, and British and American Authors, Living and Deceased, from the Earliest Accounts to the Middle of the*
