The Swallows In The Boathouse A Political Satire English Edition:

The Swallows in the Boathouse Stephen L. W. Greene, 2015-07-16 Sometimes a historical event is so riddled with false assumptions so replete with bad decisions so preposterous that the only way to deal with it is metaphorically Nowadays that would have to include the two term Bush years The Boathouse is a fable in the spirit of Orwell s Animal Farm which of course took on communism The main characters here are not Iraqis but besieged swallows under attack and then imprisoned by the new owner of their boathouse He is a bumbling commander in chief just like you know who Captain Don comes to the bird s rescue and the plot takes wings from there The Boathouse is a simple story about lost innocence in a full blown parody of war It traces the border where fiction and nonfiction meet which is where the Bush presidency itself dwelt The book takes readers on a rollicking ride from an idyllic lake in Northeast US up into Canada to meet the Lord of the Black Flies in his underground lair Along the way the readers meet JP Winslow the PR Pro who brags about his efforts in starting the first Iraq War Lisa Norstrom the young TV journalist who is searching for some gravitas in her life Cleodis T Cunningham who preaches his bio bias theory and the three swallows who many times seem like the most sensible beings in the book **The School Librarian** School Library Association, 1994 **Put Out More Flags** Evelyn Waugh, 1954
