Skiing ,1977-10 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 ,2003 Literary Digest ,1914 **Space Science and the Arab World** Jörg Matthias Determann,2018-01-29 When Sultan bin Salman left Earth on the shuttle Discovery in 1985 he became the first Arab first Muslim and first member of a royal family in space Twenty five years later the discovery of a planet 500 light years away by the Qatar Exoplanet Survey subsequently named Qatar 1b was evidence of the cutting edge space science projects taking place across the Middle East This book identifies the individuals institutions and national ideologies that enabled Arab astronomers and researchers to gain support for space exploration when Middle East governments lacked interest Jorg Matthias Determann shows that the conquest of space became associated with national prestige security economic growth and the idea of an Arab renaissance more generally Equally important to this success were international collaborations to benefit from American and Soviet expertise and technology Arab scientists and officials had to commit to global governance of space and the common interests

of humanity Challenging the view that the golden age of Arabic science and cosmopolitanism was situated in the medieval period Determann tells the story of the new discoveries and scientific collaborations taking place from the 19th century to the present day An innovative contribution to Middle East studies and history of science the book also appeals to increased business media and political interest in the Arab space industry The academy ,1876 Dancing Tango Kathy Davis,2015-01-02 Argentinean tango is a global phenomenon Since its origin among immigrants from the slums of Buenos Aires and Montevideo it has crossed and re crossed many borders Yet never before has tango been danced by so many people and in so many different places as today Argentinean tango is more than a specific music and style of dancing It is also a cultural imaginary which embodies intense passion hyper heterosexuality and dangerous exoticism In the wake of its latest revival tango has become both a cultural symbol of Argentinean national identity and a transnational cultural space in which a modest yet growing number of dancers from different parts of the globe meet on the dance floor Through interviews and ethnographical research in Amsterdam and Buenos Aires Kathy Davis shows why a dance from another era and another place appeals to men and women from different parts of the world and what happens to them as they become caught up in the tango salon culture She shows how they negotiate the ambivalences contradictions and hierarchies of gender sexuality and global relations of power between North and South in which Argentinean tango is and has always been embroiled Davis also explores her uneasiness about her own passion for a dance which when seen through the lens of contemporary critical feminist and postcolonial theories seems at best odd and at worst disreputable and even a bit shameful She uses the disjuncture between the incorrect pleasures and complicated politics of dancing tango as a resource for exploring the workings of passion as experience as performance and as cultural discourse She concludes that dancing tango should be viewed less as a love hate embrace with colonial overtones than a passionate encounter across many different borders between dancers who share a desire for difference and a taste of the elsewhere Dancing Tango is a vivid intriguing account of an important global cultural phenomenon **Billboard** ,1997-11-01 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **The American Stationer** ,1892 **My City Links: January 2024 Issue** My City Links,2024-01-01 Another year has come to an end leaving behind a kaleidoscope of memories For Odisha 2023 was an eventful year when it came to governance development sports and business Our Cover Story for this edition brings you snapshots of the year s significant policy decisions major achievements in sports landmarks from the corporate business world and important happenings in the Odia entertainment industry Located in close proximity to buildings that seat the who s who of Odisha s power establishment the Bhubaneswar Club has over the years evolved as an enduring symbol of socializing and celebration With a history of 74 years the club not only boasts of a rich legacy but also stands tall as a symbol

of contemporary urban life In City Tales we walk you through all that the club stands for Bhubaneswar was recently witness to a memorable congregation of vintage motor vehicles that reflected the glory beauty and craftsmanship of an era gone by The inaugural Odisha Concours D Elegance saw the participation of 50 eye catching vintage cars from all over the country Read all about this one of a kind event in City Lights A New Year brings with it new beginnings as well as new resolutions that are meant to set the tone for the next 12 months City Lights brings to you a special feature tracing the origins of New Year resolutions and speaking to people from different walks of life to figure out the practice means to them December 1 2023 will be remembered for a film that not only created a storm at the box office but also sparked off an intense debate that shows no signs of dying down soon Animal the multi lingual blockbuster has received flak for normalizing misogyny and its controversial portrayal of gender dynamics In Screen Shots we talk to some prominent names from the Odia entertainment industry on the ongoing debate that has brought with it its own share of polarization and toxicity Another issue that has become a matter of debate in recent days is that of paid menstrual leave for women The issue has taken centre stage once again after Union Minister for Women and Child Development Smriti Irani expressed her opposition to the concept on the grounds that it could lead to discrimination against women in the workforce In City Beat we reach out to people for their views on the subject
